A young boy emerges from life-saving surgery with remarkable stories of his visit to heaven. Heaven Is for Real is the true story of the four-year old son of a small town Nebraska pastor who during emergency surgery slips from consciousness and enters heaven. He survives and begins talking about being able to look down and see the doctor operating and his dad praying in the waiting room. The family didn't know what to believe but soon the evidence was clear. Colton said he met his miscarried sister, whom no one had told him about, and his great grandfather who died 30 years before Colton was born, then shared impossible-to-know details about each. He describes the horse that only Jesus could ride, about how "reaally big" God and his chair are, and how the Holy Spirit "shoots down power" from heaven to help us. Told by the father, but often in Colton's own words, the disarmingly simple message is heaven is a real place, Jesus really loves children, and be ready, there is a coming last battle.

The Spiritual Exposition of the Apocalypse Harper Collins
Get ready for life after death. Combining three books that together have sold nearly 1 million copies, Heaven and the Afterlife gives you Erwin Lutzer's best reflections on eternity and what it means for you today. The trilogy includes: One Minute After You Die. A simple and moving explanation of what the Bible teaches about death, this book makes you consider a sobering truth: one minute after you die, your life will not be over. Rather, it will be just beginning—in a place of unimaginable bliss or

indescribable gloom. Are you ready for that moment? How You Can Be Sure You Will Spend Eternity with God summarizes the Bible's teaching on salvation, answering questions like, "What role do I play in my own salvation? Can I lose my salvation if I commit a serious sin? What if I doubt that I'm saved?" Your Eternal Reward. This book explores the often-overlooked Scriptures about reward and judgment for Christians, answering questions like, "How will believers be judged? Do rewards for faithfulness vary? If heaven is perfect, why do rewards even matter?" Together these books will help you live faithfully today, readying you for that final hour when you meet your Maker.

"Besides Jesus, no one has kept me from despair, or taken me deeper into the mysteries of the gospel, than the apostle Paul." —John Piper No one has had a greater impact on the world for eternal good than the apostle Paul—except Jesus himself. For John Piper, this impact is very personal. He does not just admire and trust Paul. He loves him. Piper gives us thirty glimpses into why his heart and mind respond this way. Can a Christian-killer really endure 195 lashes from a heart of love? Can a mystic who thinks he was caught up into heaven be a model of lucid rationality? Can an ethnocentric Jew write the most beautiful call to reconciliation? Can a person who lives with the unceasing anguish of empathy be always rejoicing? Can a man's description of the horrors of human sin be exceeded by his delight in human splendor? Can a man with a backbone of steel be as tender as a nursing mother? If we know this man—if we see what Piper sees—we too will love him. Paul's testimony is a matter of life and

death. Piper invites you into his relationship with Paul in the hope that you will know life, forever.

The Latest Scientific Discoveries Point to an Intentional Creator Most of us remember the basics from science classes about how Earth came to be the only known planet that sustains complex life. But what most people don't know is that the more thoroughly researchers investigate the history of our planet, the more astonishing the story of our existence becomes. The number and complexity of the astronomical, geological, chemical, and biological features recognized as essential to human existence have expanded explosively within the past decade. An understanding of what is required to make possible a large human population and advanced civilizations has raised profound questions about life, our purpose, and our destiny. Are we really just the result of innumerable coincidences? Or is there a more reasonable explanation? This fascinating book helps nonscientists understand the countless miracles that undergird the exquisitely fine-tuned planet we call home--as if Someone had us in mind all along.

Where Will You Spend Eternity? The drama of salvation involves every man, woman, and child on earth. In this life, all of us are suspended between heaven and hell. Few people understand what Jesus did or how it affects us. Worse yet, there are endless squabbles between Christians of different persuasions, leading to confusion on a massive scale. In this book, Jimmy Akin uses his expertise in Scripture and Church teaching to cut through the confusion and provide clear answers on important issues like:

What we need to do to be saved Whether salvation is a one-time event or a process Whether penance is part of God's plan What indulgences are How faith and works relate What the Church teaches about justification How far apart Protestants and Catholics are on this question Whether you have to be a Catholic (or a Christian) to be saved No other book takes on these questions with the clarity and precision that Akin brings to them and the answer will affect you and those you love . . . forever. *Heaven on Earth* Christian Faith Publishing, Inc.

The Sermon on the Mount, one of the most influential portions of the Bible, is the most studied and commented upon portion of the Christian Scriptures. Every Christian generation turns to it for insight and guidance. In this volume, a recognized expert on the Gospels shows that the Sermon on the Mount offers a clear window into understanding God's work in Christ. Jonathan Pennington provides a historical, theological, and literary commentary on the Sermon and explains how this text offers insight into God's plan for human flourishing. As Pennington explores the literary dimensions and theological themes of this famous passage, he situates the Sermon in dialogue with the Jewish and Greek virtue traditions and the philosophical-theological question of human flourishing. He also relates the Sermon's theological themes to contemporary issues such as ethics, philosophy, and economics.

Practicing the Power The Church of Jesus Christ of Latter-day Saints

New York Times bestseller What is Jesus worth to you? It's easy for American Christians to forget how Jesus said his followers would actually live, what their new lifestyle would actually look like. They would, he said, leave behind security, money, convenience, even family for him. They would abandon everything for the gospel. They would take up their crosses daily... But who do you know who lives like that? Do you? In *Radical*, David Platt challenges you to consider with an open heart how we have manipulated the gospel to fit our cultural preferences. He shows what Jesus actually said about being his disciple--then invites you to believe and obey what you have heard. And he tells the dramatic story of what is happening as a "successful" suburban church decides to get serious about the gospel according to Jesus. Finally, he urges you to join in *The Radical Experiment* -- a one-year journey in authentic discipleship that will transform how you live in a world that desperately needs the Good News Jesus came to bring.

Improbable Planet Penguin

The universe completely collapse's in 70 billion Ad.The Bible says the universe is going to collapse in more than seven quotes. That the universe is closed and will implode on itself. It is amazing that an ancient document like the Bible would talk about what scientist are just grappling with today. David was the first to say it in psalm 102:25-26, then Isaiah then Jesus then Paul and Peter and finally John all said the universe was going to collapse. This was said thousands of years ago. The Church and Einstein both say the universe is going to collapse. The Church of Jesus Christ and Einstein the scientist agree. Scientific reasoning.(1)There are some things in the Bible that we can deduce about the universe. First the Bible confirms the theory that the universe was a singularity before it exploded. The Bible says it was sitting down, then it was made to stand up or as science has it- a singularity then Big Bang.-explosion dynamics.Isaiah 48:13 13. Mine hand also hath laid the foundation of the earth, and my right hand hath spanned the heavens: when I call unto them, they stand up together.GOD WANTS YOU TO BELIEVE IN THE BIG BANG. Most Christians don't believe in the Big Bang. They believe in Genesis 1:1Genesis 1:1 ." In the beginning God created the heaven and

the earth."- and there are no leads that indicate a Big Bang. But there is a sentence in the Bible that says there was a a Big Bang. Isaiah 48:13 ." Mine hand also hath laid the foundation of the earth, and my right hand hath spanned the heavens: when I call unto them, they stand up together." The verse says God created the universe and His Right Hand which is His Holy Spirit has spanned the Universe. So the Holy Spirit is everywhere. But what interests us here is the part where God makes the universe " stand up" ..". when I call unto them, they stand up together."The part of making the universe " stand up" is important. So the universe must have been sitting down - in a different state- in order to "stand up." That my fellow Christians is "the big Bang." The universe was Sitting down or laying down position at first then it was made to "stand up."The universe was a singularity scientists say. Then there was a big bang. God's version- the universe was a singularity- sitting down or laying down- then God told it to stand up- thus the big bang-expansion by explosion dynamics. Isaiah 48:13. Mine hand also hath laid the foundation of the earth, and my right hand hath spanned the heavens: when I call unto them, they stand up together.(2) We can also deduce from the Bible that the universe is going to collapse. That there is enough dark matter- just enough to collapse the universe but not enough for a " bounce." It will permanently lay in a state of collapse forever as the lake of fire just as Einstien predicted. Isaiah 51:6 6. Lift up your eyes to the heavens, and look upon the earth beneath: for the heavens shall vanish away like smoke, and the earth shall wax old like a garment, and they that dwell therein shall die in like manner: but my salvation shall be for ever, and my righteousness shall not be

abolished. Psalm 102:25-27. "Of old hast thou laid the foundation of the earth: and the heavens are the work of thy hands. 26 They shall perish, but thou shalt endure: yea, all of them shall wax old like a garment; as a vesture shalt thou change them, and they shall be changed. 27: But thou art the same, and thy years shall have no end. Mathew 24:35. Heaven and earth shall pass away, but my words shall not pass away." That is a quote from Jesus Christ. Concerning the U.S.A. and Britain being the chosen Israel or lost ten tribes of Israel, they are wrong- Samaria is the lost ten tribes of Israel and the history of Samaria is well documented in the Bible. That is where the ten tribes of Israel went. Read the first page of this book for the rest of the story of Einstein and the implosion of the universe in 2Peter 3:7, 10,12. Use logic. Heaven is Beyond Your Wildest Expectations Simon and Schuster Feeling overwhelmed and unproductive? The answer isn't to do more. What image forms in your mind when you think of productivity? An assembly line? Spreadsheets? Business suits or workplace uniforms? In the ancient world, productivity didn't conjure images like these. Instead, it referred to crop yield and fruit bearing. This agrarian imagery helps us understand productivity through a biblical lens. Jesus taught, By this my Father is glorified, that you bear much fruit (John 15:8). Who doesn't want to have a truly productive life—to bear much fruit? But how does this happen in the places we hold dear—the home, workplace, and in our communities? We often feel overworked and overrun, defeated and discouraged. The world says be productive so that you can get all you can out of this life. The Bible says be productive so you can gain more of the next life. In Redeeming Productivity, author Reagan Rose explores how God's

glory is the purpose for which He planted us. And he shows how productivity must be firmly rooted in the gospel. Only through our connection to Christ—the True Vine—are we empowered to produce good fruit. This book shows how we can maintain the vitality of that connection through simple, life-giving disciplines. Readers will discover manageable applications like giving God the first fruits of our days. Additionally, Reagan discusses how our perspective on suffering is transformed as we see trials as God's pruning for greater productivity.

Eternidad HarperCollins

Over half of Americans believe in a literal heaven, in a literal hell. Most people who hold these beliefs are Christian and assume they are the age-old teachings of the Bible. Ehrman shows that eternal rewards and punishments are found nowhere in the Old Testament, and are not what Jesus or his disciples taught. He recounts the long history of the afterlife, ranging from The Epic of Gilgamesh up to the writings of Augustine, focusing especially on the teachings of Jesus and his early followers. Ehrman shows that competing views were intimately connected with the social, cultural, and historical worlds out of which they emerged. -- adapted from jacket
