The Body in Pieces JHU Press

Based on a true story, this haunting tale centers on two brutal murders--the first of a local forester and the second of a Jewish moneylender near a beech tree--and the impact these events have on the life of Friedrich Mergel, a herdsman with a turbulent family history. A prototype of the murder mystery and a thoughtful

examination of village society, this intriguing novella contains hints of the Gothic and the uncanny, including ominous thunderstorms, mysterious disappearances, eerie doppelgangers and grizzly discoveries, as well as a famously ambiguous climax.

Winifred Blackman's *The Fellahin of Upper Egypt*, brought back into print in this paperback edition, is a classic in the field of anthropology and a pioneering work by one of the earliest trained ethnographers

to work in Egypt.

*Erotic Massage* Australian Academic Press  
Constituting more than 70 percent of Earth's surface, the world's oceans are so vast as to remain something of an enigma to this day. Navigating these imposing seas and unlocking their secrets is the calling of oceanographers. Their research helps determine what climatic, geologic, and chemical impact oceans have on a variety of organisms. In spite of their magnitude and might, the world's oceans are not immune to the effects of adverse human activity, such as pollution. This

volume surveys this huge, but fragile, ecosystem and the individuals who help fight for the preservation of this vital resource that has critical significance to all earthly life.

A tantric massage practice for awakening and honoring male creative energy and allowing a man conscious, loving contact with his own masculinity • Empowers men to expand and deepen their experience of arousal and sensuality • Demonstrates how deep relaxation is important to a strong and lasting erection • Shows how the lingam connects a man to his dynamic strength while the prostate is linked to his more receptive side Lingam is the Sanskrit word for the male generative organ, the penis. In India, the lingam is revered as an expression of Shiva's clarity, symbolizing the fine sword that differentiates between truth and falsehood. The goal of a lingam massage is to provide a man conscious, loving contact with his own masculinity. Western cultural expectations around sexual "performance" have created sexual difficulties for many men, including erectile dysfunction and premature

ejaculation. Through loving touch, lingam massage provides the deep relaxation that supports sustained erection, putting a man in touch with less familiar aspects of his sexuality, including the energetic responses of his perineum, prostate gland, and anus. Lingam massage is not simply a hands-on technique but involves the conscious direction of energy throughout the body. It allows men to savor longer, deeper orgasms and teaches taoist and tantric practices for conserving sexual energy. Over time, as his consciousness deepens, these practices give a man complete control over his ejaculation. *Reading Song Lyrics* Reaktion Books Dynamic Learning is about a revolutionary new approach to learning and teaching. The authors present leading edge methods and techniques that improve the ability to learn in a variety of areas, offering stimulating exercises and step-by-step procedures that help you to make better use of the most valuable resource you have-your brain.

*Mimesis* Univ of California Press Can contemporary art say anything about spirituality? John Updike calls modern art "a religion assembled from the fragments

of our daily life," but does that mean that contemporary art is spiritual? What might it mean to say that the art you make expresses your spiritual belief? On the Strange Place of Religion in Contemporary Art explores the curious disconnection between spirituality and current art. This book will enable you to walk into a museum and talk about the spirituality that is or is not visible in the art you see.

**Jew's Beech** The Wessex Astrologer  
The author shows how stupidity manifests itself in all areas, in everyone, at all times: stupidity is the foundation of our civilization. He posits that stupidity is a condition for intelligence, that blunders stimulate progress and that failure is the basis for success.

Medical astrology is a fascinating subject, yet undoubtedly a rather challenging one. In this work however, the author attempts to ease the path towards greater

understanding of traditional astrological principles regarding health, as well as introducing some new experiential ideas. These have been developed through her long practice in this field. What can sometimes be helpful in studying a chart is to understand the psychological underlay to medical conditions inherent in the cosmic pattern. The many charts included in this work from the author's own casebook as well as the charts of some public figures both current and historical, suggest guidelines for interpretation. This book is recommended for anyone who is interested in exploring medical astrology in greater depth, and perhaps including some aspects of it in their own astrological work.

Reading Song Lyrics offers the first systematic introduction to lyrics as a vibrant genre of (performed) literature. It takes lyrics seriously as a complex form of verbal art that has been unjustly neglected in literary, music, and, to a lesser degree, cultural studies, partly as it cuts squarely across institutional boundaries. The first part of this book accordingly introduces a thoroughly transdisciplinary interpretive framework. It

outlines theoretical approaches to issues such as performance and performativity, generic convention and cultural capital, sound and songfulness, mediality and musical multimedia, and step by step applies them to the example of a single song. The second part then offers three extended case studies which showcase the larger cultural and historical viability of this model. Probing into the relationship between lyrics and the ambivalent performance of national culture in Britain, it offers exemplary readings of a highly subversive 1597 ayre by John Dowland, of an 1811 broadside ballad about Sara Baartman, 'The Hottentot Venus', and of a 2000 song by 'jungle punk' collective Asian Dub Foundation. Reading Song Lyrics demonstrates how and why song lyrics matter as a paradigmatic art form in the culture of modernity.

A phenomenon in contemporary art, Flemish artist Berlinde De Bruyckere creates dynamic, often unsettling works that straddle the line between real and metaphorical bodies. In dialogue here with earlier works by Cranach the Elder and controversial poet and filmmaker Pier Paolo Pasolini, De Bruyckere's sculptures in wool, wood, wax, and hair reveal a sense of loneliness and physical

vulnerability and explore issues surrounding the corporeality of man-- issues more relevant than ever in an age when science is increasingly capable of mimicking nature. Created in partnership with the Stiftung Moritzburg in Halle--and accompanying exhibitions at the Bern Kunstmuseum and Vienna Kunsthalle--this catalogue includes illustrations of artworks by De Bruyckere, Cranach and Pasolini, as well as an essay by the philosopher Gernot Böhme setting the works of art in the context of German philosophy and current ethical issues.
