Every year in downtown
Las Vegas, often called
"Old Vegas," The
Burlesque Hall of Fame
reunion brings together
members of the League of
Exotic Dancers, one of the
earliest unions for women

in exotic entertainment,
to perform their half-
century-old routines. In
this annual tradition,
performers from the
golden age of Vegas
burlesque rally counter-
culture neo-burlesque
fans who both keep the
tradition alive and add
new meaning to it. Over
the past four years,
documentarian Kaitlyn
Regehr and photographer

Matilda Temperley have
embedded themselves
within this community-a
group, which like Old
Vegas itself, continues to
survive and thrive sixty
years past its supposed
prime. Here, in a smoky,
off-strip casino, they
found women, at times
well into their 80s,
subversively bumping and
grinding away
preconceptions about

appropriate behavior for a pensioner. This collection of interviews and photographs is drawn from the backstage dressing rooms, homes, and lives of this aging burlesque community, as well as the young neo-burlesque community who adore them. The authors present an inter-generational sisterhood that is both unique and socially significant. Through a range of experiences—from discussing struggles for wage equality, to helping stabilize an 85 year old as

she steps into a sequined g-string—the authors describe the complexity of the lives of these performers and the burlesque history from which they come. Regehr and Temperley present multidimensional portraits of this community and conclude that they are at their most vital when read with all the nuances, troubles, trials, and triumphs that they formerly and currently experience.

Questions surrounding the

concept of legitimacy—the force that keeps a polity together, and whose absence causes it to shatter—are possibly the most important concern of a study of politics. M. F. N. Giglioli examines the shift to a distinctly modern understanding of the concept in Continental Europe, following the crisis of liberal rationalism in the late nineteenth century, and the search for new ways of envisaging the determinants of collective action into the twentieth

century. The author examines certain aspects of the intellectual and political background of early twentieth-century theories of legitimacy elaborated by Max Weber and Antonio Gramsci. These theories are interpreted as the outcome of a contested process of redefinition of the concept, itself prompted by the social and political circumstances of the late nineteenth century, such as economic modernization and the attempt to incorporate

the working class into the political system. This is the first book in a generation to offer a general reassessment of issues of legitimacy in political thought at the turn of the twentieth century. It examines the development of the concept in France, Italy, and Germany during the half-century or so following the Paris Commune. It discusses six key critics of classical Victorian liberalism on the revolutionary Left and the conservative Right. The political position and

biography of each is a central focus of the study, as the culture of the age was decisively shaped by reflection on the social role of intellectuals. [A Swift Pure Cry](#) Paul Mellon Centre
A new exploration of the complexities and resolutions at play in the writings of Marguerite de Navarre, offering insights into how her work reflected the turbulence, uncertainties, and assurances of her historical period. Marguerite de Navarre was a Renaissance

princess, diplomat, and mystical poet. She is arguably best known for *The Heptameron*, an answer to Boccaccio's *Decameron*, a brilliant and open-ended collection of short stories told by a group of men and women stranded in a monastery. The stories explore love, desire, male and female honour, individual salvation, and the iniquity of Franciscan monks, while the discussions between the storytellers enact and embody the tensions, ideologies, and prejudices underlying the

stories. Marguerite herself was deeply involved in the debates and conflicts of her time. Her work reflects the turbulence, uncertainties, and assurances of her historical period, as the Renaissance re-imagined the past and the Reformation re-made the church, and represents her original and sometimes provocative position on these questions. This book presents *The Heptameron* and its investigations into gender relations, the nature of love, and the

nature of religious faith in the context of the intellectual, religious, and political questions of the sixteenth century, setting it alongside Marguerite's other writings: her poetry, plays, and diplomatic letters. In chapters on communities, religion, politics, gender relationships, desire, and literary technique, it explores the complexities and resolutions of Marguerite's writing and her world. It aims to offer a guide to the critical tradition on Marguerite's work along with new

readings of her texts, revealing both the historical specificity of her writing and its continuing relevance.

Renaissance And Renascences In Western Art Dumbarton Oaks Argues that the 13th-century French poem can best be understood not by trying to resolve or choosing among the diverse meanings within it or among the myriad of interpretations by scholars and medieval and modern readers, but to accept those differences and reflect on

our own willingness to accept to reject those meanings as a guide for a love or morality. Paper edition (unseen), \$17.95. Annotation copyright by Book News, Inc., Portland, OR

I mini eBook di cinema presentano di volta in volta un film o una serie di film. Tutti i testi sono nel pubblico dominio e,

nella maggior parte dei casi, provengono da Wikipedia. Sorge allora spontanea la domanda: perché scaricarsi l'eBook? Perché oltre al testo di Wikipedia vi sono delle aggiunte, come un'ampia libreria di immagini, collegamento ai filmati di youtube, a volte testi inediti ed infine una più ampia selezione di links esterni. Inoltre il tutto è presentato sotto forma di eBook che verrà ad arricchire la vostra biblioteca digitale. La pelle di Satana è un film del 1970, diretto dal

regista Piers Haggard. Negli Stati Uniti il film uscì con il titolo *Satan's skin*. Il film è ambientato in Inghilterra nel XII secolo. Un agricoltore, Ralph Gower (Barry Andrews), mentre sta arando un campo scopre un cranio deformato con uno strano sguardo e coperto da pellicce. Così avverte il giudice locale (Patrick Wymark), ma quando poi tornano nel posto in cui il contadino aveva trovato il cranio questo non c'è più. Il giudice allora non tiene minimamente conto delle strane paure di Ralph. In

seguito, varie persone si interessano alle voci di questo potere soprannaturale. Una donna e dei bambini che hanno trovato il cranio iniziano a comportarsi in maniera strana. Il contadino che per primo ha trovato il cranio va nella città vicina e chiama il giudice locale, il quale viene solo dopo essersi informato sulla stregoneria. Art spans the period from the 10th to the 15th century, including discussion of the Carolingian renaissance and the 12th century proto-renaissance. Erwin Panofsky posits that there were "reascences" prior to the widely known Renaissance that began in Italy in the 14th century. Whereas earlier reascences can be classified as revivals, the Renaissance was a unique instance that led to a wider cultural transformation. **Legitimacy and**

After Shell's mother dies, her obsessively religious father descends into alcoholic mourning and Shell is left to care for her younger brother and sister. Her only release from the harshness of everyday life comes from her budding spiritual friendship with a naive young priest, and most importantly, her

developing relationship with childhood friend, Declan, charming, eloquent and persuasive. But when Declan suddenly leaves Ireland to seek his fortune in America, Shell finds herself pregnant and the centre of a scandal that rocks the small community in which she lives, with repercussions across the whole country. The lives of those immediately around her will never be the same again.

From ancient Sumerian pottery to Tiffany stained glass, decorative art has been a fundamental part of the human experience for generations. While fine art is confined to galleries and museums, decorative art is the art of the every day, combining beauty with functionality in objects ranging from the prosaic to the fantastical. In this work, Albert Jacquemart celebrates the beauty and artistic potential behind even the most quotidian object. Readers will walk away

from this text with a newfound appreciation for the subtle artistry of the manufactured world.

Is birdsong music? The most frequent answer to this question in the Middle Ages was resoundingly "no." In *Sung Birds*, Elizabeth Eva Leach traces postmedieval uses of birdsong within Western musical culture. She first explains why such melodious sound was not music for medieval thinkers and then goes on to consider the ontology of music, the

significance of comparisons between singers and birds, and the relationship between art and nature as enacted by the musical performance of late-medieval poetry. If birdsong was not music, how should we interpret the musical depiction of birdsong in human music-making? What does it tell us about the singers, their listeners, and the moral status of secular polyphony? Why was it the fourteenth century that saw the beginnings of this practice, continued to this day in the music of

Messiaen and others? Leach explores medieval arguments about song, language, and rationality whose basic terms survive undiminished into the present. She considers not only lyrics that have their singers voice the songs or speech of birds but also those that represent other natural, nonmusical, sounds such as human cries or the barks of dogs. The dangerous sweetness of birdsong was invoked in discussions of musical ethics, which, because of

the potential slippage between irrational beast and less rational woman in comparisons with rational human masculinity, depict women's singing as less than fully human. Leach's argument comes full circle with the advent of sound recording. This technological revolution-like its medieval equivalent, the invention of the music book-once again made the relationship between music and nature an acute preoccupation of Western culture.

 La Galleria Borghese è quel tipo di luogo che “quando ci stai dentro pensi che nulla di male possa accaderti, che il tempo si sia fermato, che la bellezza regnerà sovrana e il mondo sarà ancora un posto dove si può vivere in pace”.
 Parola di Stella, quattordicenne: ha accettato con entusiasmo la proposta della prof di Arte di fare uno stage alla biglietteria del museo; con lei c'è soltanto l'amico Riky che la

conosce da quando erano piccoli e con la quale condivide la passione per l'arte. Manca una settimana a Natale e la Galleria è gremita di visitatori quando i due ragazzi ricevono uno strano biglietto. È solo il primo di una serie: ogni biglietto contiene un enigma che, se risolto, li porterà al successivo. Stella e Riky verranno trascinati in una corsa contro il tempo per sventare un possibile attacco alle meravigliose opere contenute nelle sale. Come se non

bastasse, Stella ogni tanto ha dei black-out: resta immobile davanti alle sculture, da cui sente provenire una voce che rallenta la corsa verso la soluzione. Racconta di un ragazzo della loro stessa età, Dawit, che insieme alla sua famiglia fugge dall'altopiano eritreo fino alla più vicina sponda del Mediterraneo, nella speranza di approdare a

una nuova possibilità di esistenza. Stella sente che quella storia la riguarda, è il filo che la lega alla Galleria che sta così ardentemente cercando di salvare. Le ricorda che l'arte è una tra le più importanti e primitive forme di salvezza e che i corpi che soffrono troveranno sempre un loro spazio tra le mura di Villa Borghese. L'abbraccio dell'arte

accoglie tutto, tranne la disumanità.
