Little could stand in Debra Gauthier's way. A marathon runner, Debra excelled in the Police Academy, garnering respect as one of the few female police officers in Las Vegas. However, through her twenty-one years on the police force, Debra faced discrimination in the male-dominated profession, suffering demotions and unsafe working conditions when other officers would not provide backup. In addition to the disappointment of injustice, she struggled with her sexuality, becoming entrenched in a homosexual lifestyle. After establishing an identity as a respected police officer, Debra was devastated when her career crumbled. *Bright Lights, Dark Places* thoughtfully expresses the painful reality of combating biased attitudes and the joy that comes from surpassing limitations. Packed with fascinating stories of a vibrant career, from teaching at the academy to pioneering a bicycle patrol, *Bright Lights, Dark Places* gives you an inside look at the career of one of the first female officers in Las Vegas. You will be encouraged by this powerful story of one woman finding grace to overcome trials.

This book was actually a project for my first college english class. I have always loved writing but I never found the time to sit down and force myself to put all my thoughts together. This touches on all the dark times in my life that I never thought I would say out loud. This book is just a very small introduction to who I am and where I plan to go from here.

The Sonic Boom Alfred Music

I Will Survive is the story of Gloria Gaynor, America's "Queen of Disco." It is the story of riches and fame, despair, and finally salvation. Her meteoric rise to stardom in the mid-1970s was nothing short of phenomenal, and hits poured forth that pushed her to the top of the charts, including "Honey Bee," "I Got You Under My Skin," "Never Can Say Goodbye," and the song that has immortalized her, "I Will Survive," which became a #1 international gold seller. With that song, Gloria heralded the international rise of disco that became synonymous with a way of life in the fast lane - the sweaty bodies at Studio 54, the lines of cocaine, the indescribable feeling that you could always be at the

top of your game and never come down. But down she came after her early stardom, and problems followed in the wake, including the death of her mother, whose love had anchored the young singer, as well as constant battles with weight, drugs, and alcohol. While her fans always imagined her to be rich, her personal finances collapsed due to poor management; and while many envied her, she felt completely empty inside. In the early 1980s, sustained by her marriage to music publisher Linwood Simon, Gloria took three years off and reflected upon her life. She visited churches and revisited her mother's old Bible. Discovering the world of gospel, she made a commitment to Christ that sustains her to this day.

"You want the dreams they dreamed of to come true-Then They Do." That line from one of country music's best songs in recent memory pretty much sums up the way millions of parents feel about their children. Many times as they are growing up and driving you crazy, you dream of when they will be out of the house-and you will have your life back again-and then they do. *Then They Do* is filled with heartwarming, and sometimes tear-inducing, stories from parents about cherishing the moments with your children and celebrating the fine young men and women they have become. This book will serve as a reminder to parents to seize those moments when their tiny ones are still underfoot, and will be a nostalgia-inducing keepsake for those whose children have moved upwards and onwards. A fine gift for parents young and old or for grown children in the midst of raising their own families.

DC Horror Presents: The Conjuring: The Lover (2021-) #5 Thomas Nelson

(Piano Solo Songbook). "I think there is a similarity between the infinite big and the infinite smallness of everything," says Yann Tiersen. "It's the same experiment looking through a microscope as it is a telescope." Named after a chapel in a small village on the island of Ushant, Kerber marks a new chapter in critically-acclaimed composer Yann Tiersen's career. A chapter still true to Tiersen's nuanced and subtle approach but one that sets out with his most overtly electronic material to date. Beautifully textured, highly immersive and thoughtfully constructed, Tiersen creates an electronic world, providing an environment in which the piano source exists. A sense of place has often been a central theme in Tiersen's work and here that is no different. Each track is tied to a place mapping out the immediate landscape that surrounds Tiersen's home, linking back to his thoughts on the possibilities of the infinite smallness. This official, exclusive folio is beautifully printed on high-quality, uncoated paper with striking graphic artwork. All seven pieces are presented for solo piano and follow an exclusive introduction to the project.

Howard Sounes, the bestselling author of *Down the Highway: The Life of Bob Dylan* and *Charles Bukowski: Locked in the Arms of a Crazy Life*, turns his considerable reporting and storytelling skills to one of the most famous, talented—and wealthiest—men alive: Paul McCartney. *Fab* is the first exhaustive biography of the legendary musician; it tells Sir Paul's whole life story, from childhood to present day, from working-class Liverpool

beginnings to the cultural phenomenon that was The Beatles to his many solo incarnations. Fab is the definitive portrait of McCartney, a man of contradictions and a consummate musician far more ruthless, ambitious, and moody than his relaxed public image implies. Based on original research and more than two hundred new interviews, Fab also reveals for the first time the full story of his two marriages, romances, family feuds, phenomenal wealth, and complex relationships with his fellow ex-Beatles.

Each of the 50 record-shaped cards in this conversation deck is printed with a music-themed question on each side (100 questions total). The questions range in format: some invoke songs that are tied to memories (name a song from your school dance); others prompt you to choose an ideal soundtrack for a hypothetical situation (if you were a major league baseball player, what song would blast when you're up to bat?); some cards aim to get people comparing their favorite (and not-so-favorite) music moments. Created expressly to start a conversation about the music people love and the personal insights that their favorite songs evoke, Songversations is the perfect gift for serious audiophiles, casual listeners, and everyone in between.
