Obscure Press are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork. Keywords: English Keywords 1900s Language English Artwork

Billionaire Unveiled Cambridge University Press

This book represents a fresh approach to EC competition law - one that is of singular value in grappling with the huge economic challenges we face today. As a critical analysis of the law and options available to European competition authorities and legal practitioners in the field, it stands without peer. It will be greatly welcomed by lawyers, policymakers and other interested professionals in Europe and throughout the world.

Online Political Communication Contra Mundum Press

This book explores the development of abstraction from the moment of its declaration around 1912 to its establishment as the foundation of avant-garde practice in the mid-1920s. The book brings together many of the most influential works in abstractions early history to draw a cross-media portrait of this watershed moment in which traditional art was reinvented in a wholesale way. Works are presented in groups that serve as case studies, each engaging a key topic in abstractions first years: an artist, a movement, an exhibition or thematic concern. Key focal points

include Vasily Kandinskys ambitious Compositions V, VI and VII; a selection of Piet Mondrians work that offers a distilled narrative of his trajectory to Neo-plasticism; and all the extant Suprematist pictures that Kazimir Malevich showed in the landmark 0.10 exhibition in 1915.0Exhibition: MoMA, New York, USA (23.12.2012-15.4.2013).

Democracy in Europe Watson-Guptill Publications

This anthology brings together key articles translated into English for the first time from Italian debates concerning Antonio Gramsci's writings on language and translation as central to his entire social and political thought. It includes recent scholarship by Italian, German and English-speaking scholars providing important contributions to debates concerning culture, language, Marxism, post-Marxism, and identity as well as the many fields in which Gramsci's notion of hegemony has been influential. Given the growing literature on the role of language and so-called 'global English' within process of globalisation or cultural and economic imperialism, this is a timely collection. Franco Lo Piparo is often cited as the key source for how Gramsci's university studies in linguistics is at the core of his entire political theory, and yet none of this work has been translated into English nor have the debates that it spawned. Lo Piparo's specific thesis concerning the 'non-Marxist roots' of Gramsci's originality and the critical responses to it have been almost unknown to non-Italian readers. These debates paved the way for important recent Italian work on the role of the concept of 'translation' in Gramsci's thought. While translation has become a staple metaphor in discussions of multiculturalism, globalization, and the politics of recognition, until now, Gramsci's focus on it has been undeveloped. What is at stake in this literature is more than Gramsci's understanding of language as one of the many themes in his writings, but the core of his central ideas including hegemony, culture, the philosophy of praxis, and Marxism in general. This volume

presents the most important arguments of these debates in English in conjunction with the latest research on these central aspects of Gramsci's thought. The essays this volume rectify lacunae concerning language and translation in Gramsci's writings. They open dialogue and connections between Gramscian approaches to the relationships among language, culture, political economy, and historical materialism with other Marxist and non-Marxist thinkers such as Walter Benjamin, Valentin Volosinov, Mikhail Bakhtin, Ludwig Wittgenstein, Jurgen Habermas, Pierre Bourdieu, Michel Foucault, and Jacques Derrida. It provides novel arguments concerning Gramsci's theories and the relationships among power, politics, language, consciousness, and capitalism.

Julius Caesar ABRAMS

"This is a delightful book, full of interesting aspects of animal welfare. An excellent guide to the academic study of animal welfare science." —Marian Stamp Dawkins, Department of Zoology, University of Oxford Understanding Animal Welfare: The Science in its Cultural Context takes a completely fresh and thought-provoking approach. It is essential reading for anyone interested, studying or currently working in the fascinating field of animal welfare science. David Fraser places modern-day welfare issues within their historical framework by tracing the evolving ideas that led to current thinking. He also highlights some intriguing issues relating to the contradiction inherent in the term 'animal welfare science' and the practical problem of how to assess emotional states in animals. Special features: Encompasses ideas from a variety of disciplines to give a broad perspective of the topic. Discusses methods of measuring animal welfare and their strengths and limitations. Examines contemporary debates and applications of the science to policy issues. "... an impressive historical narrative of the genesis and growth of animal welfare as a scientific discipline.... The book will be invaluable for anyone involved with animal welfare issues on an

academic level or those involved with the integration of these principles into current care and handling issues facing agriculture, companion, laboratory, wild, or zoo animals." —Carolyn L. Stull, PhD, Veterinary Medicine Extension, School of Veterinary Medicine, University of California, Davis "Fraser offers insights only possible from someone with his considerable experience and understanding." —Dr. Chris Sherwin, Department of Clinical Veterinary Science, University of Bristol This book is part of the UFAW/Wiley-Blackwell Animal Welfare Book Series. This major series of books produced in collaboration between UFAW (The Universities Federation for Animal Welfare), and Wiley-Blackwell provides an authoritative source of information on worldwide developments, current thinking and best practice in the field of animal welfare science and technology. For details of all of the titles in the series see www.wiley.com/go/ufaw.

Winnie-The-Pooh's ABC Book Archipelago

'I can enthusiastically recommend and endorse this book. It serves the very important purpose of collecting key documents together in an elegant and accessible text. There currently exists a huge proliferation of material on the EU Constitution this volume makes a very wise selection of this profusion, compiling it into a manageable and informative whole. Nine chapters deal with the most significant matters concerning the Constitution. A short but well written introduction at the start of each chapter precedes following extracts. Part of the value of this book lies in the fact that it includes translations of some important documents which are difficult, or impossible, to access in English for example, recent decisions of national courts concerning the European Arrest Warrant. All in all, this work is a comprehensive, but not overwhelmingly large, collection of materials on the EU Constitution, and it will prove extremely valuable to all those working within this area of law. By presenting the Constitution, the background to the Constitution, and the issues it deals with, in this clear and informative way, it will shed new light upon, and help all of us to form our own judgements on, the EU Constitution, and its importance to our lives.' Sionaidh Douglas-Scott, King's College London, UK 'Whatever the ultimate fate of the EU's Constitutional Treaty, both the events which led to its conclusion and those which occurred afterwards during its ill-fated ratification process have profoundly shaped the future of the European Union as a constitutional project. This collection of materials offers an invaluable set of resources for understanding these events, in their widest legal and political context. The text will be useful to all those who seek to understand both why the EU has reached such a turning point, and where it might go in the future.' Jo Shaw, Edinburgh Law School, UK This book offers a selection of materials that enable a better understanding of some of the most important changes that would be introduced by the Treaty establishing a Constitution for Europe in the EU legal and political system. It also helps to assess the need for the reforms embedded in the Constitutional Treaty as well as the quality of the formulations agreed upon by the signatory Member States. The book includes excerpts of the European Convention's work, selected statutory and constitutional provisions of the Member States, and also related passages from pertinent court decisions from both European courts as well as Member States' constitutional courts. Institutional and doctrinal analyses and relevant excerpts from the Constitutional Treaty itself are also included. Many of these documents directly relate to the provisions of the Constitutional Treaty, while the others, although not directly related, are nevertheless relevant to the debate surrounding it. The European Constitution, by two of the best experts on the Constitution for Europe, will be of great interest to researchers and teachers in the fields of European Law and European politics, and also to policy makers in European affairs.

Flying Creatures of Fra Angelico The Museum of Modern Art

This history traces the development of democracy in Europe from its origins in ancient Greece up to the present day. Considers all the major watersheds in the development of democracy in modern Europe. Describes the rediscovery of Ancient Greek political ideals by intellectuals at the end of the eighteenth century. Examines the twenty-year crisis from 1789 to 1815, when the repercussions of revolution in France were felt across the European continent. Explains how events in France led to the explosion of democratic movements between 1830 and 1848. Compares the different manifestations of democracy within Eastern and Western Europe during the latter half of the nineteenth century. Considers fascism and its consequences for democracy in Europe during the twentieth century. Demonstrates how in the recent past democracy itself has become the object of ideological battles.

The Weight of Honor (Kings and Sorcerers--Book 3) Dutton Books for Young Readers

"An action packed fantasy sure to please fans of Morgan Rice's previous novels, along with fans of works such as *The Inheritance Cycle* by Christopher Paolini.... Fans of Young Adult Fiction will devour this latest work by Rice and beg for more." --The Wanderer, A Literary Journal (regarding

Rise of the Dragons) The #1 Bestselling series! THE WEIGHT OF HONOR is book #3 in Morgan Rice's bestselling epic fantasy series KINGS AND SORCERERS (which begins with RISE OF THE DRAGONS, a free download)! In THE WEIGHT OF HONOR, Kyra finally meets her cryptic uncle, and is shocked to discover he is not the man she expected. She embarks on a period of training which will test her stamina and her frustration, as she soon encounters the limits of her power. Unable to summon her dragon, unable to search deep within, and feeling an urgency to help in her father's wars, Kyra doubts if she will ever become the warrior she thought she was. And when she meets a mysterious boy, more powerful than her, deep in the forest, she wonders what her future really has in store for her. Duncan must descend the peaks of Kos with his new army and, vastly outnumbered, launch a risky invasion on the capital. If he wins, waiting behind its ancient walls, he knows, will be the old king and his nest of nobles and aristocrats, all with their own agendas, all of them as quick to betray as they are to embrace. Unifying Escalon may, indeed, be harder than freeing it. Alec, in Ur, must tap his unique skills in the forge to aid the resistance if they have any chance of defending against the looming Pandesian invasion. He is awestruck when he encounters Dierdre, the strongest girl he has ever meet. The time she has a chance to make a stand against Pandesia, and as she bravely faces off, she who wonders if her father and his men will have her back this time. Alec, in Ur, must tap his unique skills in the forge to aid the resistance if they have any chance of defending against the looming Pandesian invasion. He is awestruck when he encounters Dierdre, the strongest girl he has ever met. This time she has a chance to make a stand against Pandesia, and as she bravely faces off, she wonders if her father and his men will have her back this time. Vesuvius leads his Troll nation across a vulnerable Escalon, devastating the land, while Theos, enraged at what becomes of his son, is on a rampage himself, and will not stop until all of Escalon is aflame. With its strong atmosphere and complex characters, THE WEIGHT OF HONOR is a sweeping saga of knights and warriors, of kings and lords, of honor and valor, of magic, destiny, monsters and dragons. It is a story of love and broken hearts, of deception, ambition and betrayal. It is fantasy at its finest, inviting us into a world that will live with us forever, one that will appeal to all ages and genders. Book #4 in KINGS AND SORCERERS will be published soon. "If you thought that there was no reason left for living after the end of the Sorcerer's Ring series, you were wrong. Morgan Rice has come up with what promises to be another brilliant series, immersing us in a fantasy of trolls and dragons, of valor, honor, courage, magic and faith in your destiny. Morgan has managed again to produce a strong set of characters that make us cheer for them on every page....Recommended for the permanent library of all readers that love a well-written fantasy." --Books and Movie Reviews, Roberto Mattos (regarding Rise of the Dragons) "[The novel] succeeds—right from the start.... A superior fantasy...It begins, as it should, with one protagonist's struggles and moves neatly into a wider circle of knights, dragons, magic and monsters, and destiny....All the trappings of high fantasy are here, from soldiers and battles to confrontations with self....A recommended winner for any who enjoy epic fantasy writing fueled by powerful, believable young adult protagonists." --Midwest Book Review, D. Donovan, eBook Reviewer (regarding Rise of the Dragons) "A plot-driven novel that's easy to read in a weekend...A good start to a promising series." --San Francisco Book Review (regarding Rise of the Dragons)

*Billionaire Unveiled*The Billionaire's Obsession ~ Marcus

Understanding Animal Welfare Kluwer Law International

Examines dilemmas surrounding antitrust law and public and private power and the ways in which these problems have been addressed by legislatures and courts in the US and in Europe. Offers sometimes controversial observations on the history and doctrines of antitrust law, and conclusions as to how successfully the dilemma is being managed by the economies of the US and Europe. Amato is head of the Italian Antitrust Authority, a professor of law at the European University Institute in Florence, Italy, and a former Prime Minister of Italy. Distributed by ISBS. Annotation copyrighted by Book News, Inc., Portland, OR

Antitrust and the Bounds of Power Morgan Rice

Dino Campana wrote the unique, visionary masterwork of Italian literature Orphic Songs when he was in his twenties. The originality, rapturous language, and strange beauty of his poetry make him as important to twentieth-century poetry as Garc a-a Lorca or Mayakovsky. Campana was the wild man of Italian poetry in 1914, on the eve of World War I. The war saved some young Italians from rebellion and from Fascism, but not Campana. Always an outsider, he was a vagabond who worked now and then as a gaucho, miner, fireman, organ-grinder, janitor, circus tumbler, horse

groomer, and a wandering musician with a Gypsy band. He died in Castel Pulci, a psychiatric hospital, in 1932.

Our Lady of the Turks Hart Publishing

Hypochondria, insomnia, restlessness, and yearning are the lame muses of these brief pages. I would have liked to call them Extravaganzas . . . because many of them wander about in a strange outside that has no inside, like drifting splinters. . . . Alien to any orbit, I have the impression they navigate in familiar spaces whose geometry nevertheless remains a mystery; let's say domestic thickets: the interstitial zones of our daily having to be, or bumps on the surface of existence . . . In them, in the form of quasi-stories, are the murmurings and mutterings that have accompanied and still accompany me: outbursts, moods, little ecstasies, real or presumed emotions, grudges, and regrets. —Antonio Tabucchi on *The Flying Creatures of Fra Angelico*

The Reform of EC Competition Law Cambridge University Press

Examines the most important democratic challenges of today, using the Covid-19 pandemic as a case study.

Competition and Patent Law in the Pharmaceutical Sector John Wiley & Sons

Architecture and the Novel under the Italian Fascist Regime discusses the relationship between the novel and architecture during the Fascist period in Italy (1922-1943). By looking at two profoundly diverse aesthetic phenomena within the context of the creation of a Fascist State art, Billiani and Pennacchietti argue that an effort of construction, or reconstruction, was the main driving force behind both projects: the advocated "revolution" of the novel form (realism) and that of architecture (rationalism). The book is divided into seven chapters, which in turn analyze the interconnections between the novel and architecture in theory and in practice. The first six chapters cover debates on State art, on the novel and on architecture, as well as their historical development and their unfolding in key journals of the period. The last chapter offers a detailed analysis of some important novels and buildings, which have in practice realized some of the key principles articulated in the theoretical disputes.

Orphic Songs Allison & Busby

Complete and unabridged edition.

Hebrew Manuscripts Orion

Learning the alphabet is more fun when the setting is the Hundred Acre Wood. Familiar scenes from the Milne and Shepard classics introduce not only the concepts of letters and words, but also Pooh and his friends. This sturdy board book with an elegant, timeless look has been designed to attract the most discerning Pooh fans and to delight their favorite toddlers.

Good Wives University of Toronto Press

Editors --Contributors --Foreword --Preface --Pharmaceutical Patents and Competition Issues --What Is Going on in National Systems?

Gramsci, Language, and Translation Kluwer Law International B.V.

Benito Mussolini has persistently been described as an 'actor' – and also as a master of illusions. In her vividly narrated account of the Italian dictator's relationship with the theatre, Patricia Gaborik discards any metaphorical notions of Il Duce as a performer and instead tells the story of his life as literal spectator, critic, impresario, dramatist and censor of the stage. Discussing the ways in which the autarch's personal tastes and convictions shaped, in fascist Italy, theatrical programming, she explores Mussolini's most significant dramatic influences, his association with important figures such as Luigi Pirandello, Gabriele D'Annunzio and George Bernard Shaw, his oversight of stage censorship, and his forays into playwriting. By focusing on its subject's manoeuvres in the theatre, and manipulation of theatrical ideas, this consistently illuminating book transforms our understandings of fascism as a whole. It will have strong appeal to readers in both theatre studies and modern Italian history.

Education in Fascist Italy Springer Nature

Spanning ten periods, this remarkable history features the work of nearly eighty legendary American artists. Annotation. Editor Marchetti is joined by two other art historians, Roberta Bernabei and Stefano Ruzzi, in presenting 400 landmark American paintings. Seventy-seven painters are represented, each with several thoroughly captioned paintings (full- or half-page) and biographical and interpretive text. Arrangement is chronological, beginning with the Anglo-Saxon tradition and continuing with the discovery of the West, the taste for reality, and American impressionists, through abstract expressionism and pop art and graffiti. Each era is briefly overviewed. The book was originally published in Italian.

The Italian Metamorphosis, 1943-1968 Lexington Books

A man is shot dead as he runs to catch the bus in the piazza of a small Sicilian town. Captain Bellodi, the detective on the case, is new to his job and determined to prove himself. Bellodi

suspects the Mafia, and his suspicions grow when he finds himself up against an apparently unbreachable wall of silence. A surprise turn puts him on the track of a series of nasty crimes. But all the while Bellodi's investigation is being carefully monitored by a host of observers, near and

far. They share a single concern: to keep the truth from coming out. This short, beautifully paced novel is a mesmerizing description of the Mafia at work.
