America Rowman & Littlefield

An exploration of the concept of utopia in Latin America from the earliest accounts of the New World to current cultural production, the carefully selected essays in this volume represent the latest research on the topic by some of the most important Latin Americanists working in North American academia today.

The Oxford Book of American Poetry Read Books Ltd

The fifth volume of *A History of the Book in America* addresses the economic, social, and cultural shifts affecting print culture from World War II to the present. During this period factors such as the expansion of government, the growth of higher education, the climate of the Cold War, globalization, and the development of multimedia and digital technologies influenced the patterns of consolidation and diversification established earlier. The thirty-three contributors to the volume explore the evolution of the publishing industry and the business of bookselling. The histories of government publishing, law and policy, the periodical press, literary criticism, and reading--in settings such as schools, libraries, book clubs, self-help programs, and collectors' societies--receive imaginative scrutiny as well. The *Enduring Book* demonstrates that the corporate consolidations of the last half-century have left space for the independent publisher, that multiplicity continues to define American print culture, and that even in the digital age, the book endures. Contributors: David Abrahamson, Northwestern University James L. Baughman, University of Wisconsin-Madison Kenneth Cmiel (d. 2006) James Danky, University of Wisconsin-Madison Robert DeMaria Jr., Vassar College Donald A. Christian Hymnody in Twentieth-Century Britain and America
Rowman & Littlefield

This collection explores how anthologizers and editors of Edgar Allan Poe play an integral role in shaping our conceptions of Poe as the author we have come to recognize, revere, and critique today. In the spheres of literature and popular culture, Poe wields more global influence than any other U.S. author. This influence, however, cannot be attributed solely to the quality of Poe's texts or to his compellingly tragic biography. Rather, his continued prominence as a writer owes much to the ways that Poe has been interpreted, portrayed, and packaged by an extensive group of mediators ranging from anthologizers, editors, translators, and fellow writers to literary critics, filmmakers, musicians, and illustrators. In this volume, the work of presenting Poe's texts for public consumption becomes a fascinating object of study in its own right, one that highlights the powerful and often overlooked influence of those who have edited, anthologized, translated, and adapted the author's writing over the past 170 years.

The Oxford Book of American Poetry Springer

"An example of how two men could—precariously and passionately—live together and love each other in the America of the 1930s and 1940s." —Colm Tóibín, New York Times bestselling author of *The Magician* After a chance meeting aboard the ocean liner Paris in 1924, Harvard University scholar and activist F. O. Matthiessen and artist Russell Cheney fell in love, and remained inseparable until Cheney's death in 1945. During the intervening years, the men traveled throughout Europe and the United States,

achieving great professional success while contending with serious personal challenges, including addiction, chronic disease, and severe depression. Situating the couple's private correspondence alongside other sources, Scott Bane tells the remarkable story of their relationship in the context of shifting social dynamics in the United States. From the vantage point of the present day, with marriage equality enacted into law, Bane provides a window into the realities faced by same-sex couples in the early twentieth century, as they maintained relationships in the face of overt discrimination and the absence of legal protections. "A nuanced exploration of a marriage, one characterized by great joy but also buffeted by tremendous conflict (societal, financial, and health-related)." —R. Tripp Evans, author of *Grant Wood: A Life* "A smart, sensitive study of a gay couple...extremely readable." —Gay & Lesbian Review "An arresting account of how a same-sex relationship endured." —Library Journal

The Cambridge Companion to Latin American Poetry Oxford University Press, USA

Picnics are happy occasions and have always been a diversion from every day cares. We think of the picnic as an outdoor meal, set on a blanket, usually in the middle of the day, featuring a hamper filled with tasty morsels and perhaps a bottle of wine, but historically picnics came in many forms, served any time of the day. This first culinary history reveals rustic outdoor dining in its more familiar and unusual forms, the history of the word itself, the cultural context of picnics and who arranged them, and, most important, the gastronomic appeal. Drawing on various media and literature, painting, music, and even sculpture, Walter Levy provides an engaging and enlightening history of the picnic.

The Oxford Book of the American South Scarecrow Press

This Companion provides a chronological survey of Latin American poetry, analysis of modern trends and six succinct essays on the major figures.

The Oxford Book of Latin American Poetry Routledge

Joyce Carol Oates has performed a full review of her acclaimed 1992 anthology, *The Oxford Book of American Short Stories*, and in this second edition embraces those authors who have come to

define turn-of-the-century American literature. Jhumpa Lahiri, Junot Diaz, Richard Ford, and David Foster Wallace are just a few of the authors whose stories are now represented. Each story is accompanied by a brief introduction, and there is also a fascinating introductory essay by Joyce Carol Oates that explains why these stories form the foundation of the American literary canon, and the trends and innovations that have taken place in the last twenty years.

The Anatomy of Poetry (Routledge Revivals) Read Books Ltd
The Oxford Book of the American South resonates with the words of black people and white, women and men, the powerless as well as the powerful. The collection presents the most telling fiction and nonfiction produced in the South from the late eighteenth century to the present. Renowned authors such as James Agee, Richard Wright, Maya Angelou, Lee Smith, Eudora Welty, William Faulkner, and Flannery O'Connor appear in these pages, but so do people whose writing did not immediately reach a large audience. For example, Harriet A. Jacobs' book *Incidents in the Life of a Slave Girl*, which is now recognized as one of the most illuminating narratives of a former slave, was neglected for generations. And Sarah Morgan's powerful *Civil War Diary* has only recently come to widespread attention. The Oxford Book of the American South presents compelling autobiographies, diaries, memoirs, and journalism as well as stories and selections from novels, and runs the spectrum from the conservative to the radical, the traditional to the innovative. Editors Edward L. Ayers and Bradley C. Mittendorf have arranged these diverse readings so that they fit together into a rich mosaic of Southern life and history. The sections of the book *The Old South*, *The Civil War and Its Consequences*, *Hard Times*, and *The Turning* unfold a vivid record of life below the Mason Dixon line. We see the antebellum period both from the perspective of those who experienced it first-hand, such as Thomas Jefferson and former slaves Olaudah Equiano and Frederick Douglass, and then from the perspective of authors looking back on that era, including William Styron and Sherley Anne Williams. Likewise, we see the Civil War through the eyes of witnesses such as Sam Watkins, through the eyes of later writers trying to make sense of the conflict, such as Robert Penn Warren, and through the eyes of those using the war's intense passions to fuel their fiction, such as Margaret Mitchell and Barry Hannah. The classic authors of the Southern Renaissance in the 1920s and 1930s appear here in the context of the hard times in which they wrote. The years since World War II are chronicled in the powerful words of Martin Luther King, Jr.'s "Letter from Birmingham Jail," George Garrett's "Good bye, Good bye, Be Always Kind and True," and Peter Taylor's "The Decline and Fall of the Episcopal Church, in the Year of Our Lord 1952." The editors

have selected these readings, their Preface tells us, to convey "the passions that have surfaced time and again in more than two hundred years of Southern writing." Indeed, the struggles, defeats, and triumphs chronicled in *The Oxford Book of the American South* speak not just to the South, but to all of the American experience. They document and evoke some of the most dramatic episodes in the nation's life
The Oxford Book of American Essays Simon and Schuster
The 20th century, especially the latter decades, was a time of explosive growth and importance in hymnody, and yet published material about the hymnody of this period has been scattered and difficult to come by. The present volume catalogues and categorizes the available writings to guide students and scholars in their research. Furthermore, this reference does not depend primarily on the view of the author/compiler, but guides users toward a broad spectrum of viewpoints about 20th-century hymnody. Listing the principal writings on the repertory, language, practice, and people of hymnody during the last century, this annotated bibliography offers students and researchers alike a handy reference for a vast and varied field. Beginning with a unique introduction to and summary of hymnody in the 20th century, Music arranges the entries by topic, dividing each chapter by helpful subject headings. The repertory of the twentieth century, and language issues are discussed. Practical elements of hymnody are covered, while the final chapter lists writings about individual hymn writers and other influential persons in the field. Music provides a brief annotation for each entry and uses numerous cross-references, guiding the reader to relevant material in other sections of the book. A comprehensive index concludes this essential reference.
The Oxford Book of American Short Stories Simon and Schuster
This essay appeared originally in the *Atlantic Monthly* for May, 1883. During the thirty years which have elapsed since it was written the manifestations of the colonial spirit then apparent in the United States have not only altered in character but, I am glad to say, have weakened, diminished, and become less noticeable. Since 1883, also, there has been much achieved by Americans in Art and Literature, in painting, in sculpture, in music, and particularly in architecture. Success in all these fields has, with few exceptions, been won by men working in the spirit which is not colonial, but which it was the purpose of this essay to

inculcate as the true one to which alone we could look for fine and enduring achievement. I have called attention to the date at which the essay was written in order that those who read it may remember that it applies in certain points to the conditions of thirty years ago and not to those of the present day.

Redefines the great canon of American poetry from its origins in the 17th century right up to the present.

Catalog of Copyright Entries. Third Series Pembroke Publishers Limited

The twentieth edition of the Best American Poetry series celebrates the rich and fertile landscape of American poetry. Renowned poet Heather McHugh loves words and the unexpected places they take you; her own poetry elevates wordplay to a species of metaphysical wit. For this year's anthology McHugh has culled a spectacular group of poems reflecting her passion for language, her acumen, and her vivacious humor. Graced with McHugh's fascinating introduction, the book includes the poets' valuable comments on their work, as well as series editor David Lehman's engaging foreword that limns the necessity of poetry. The Best American Poetry 2007 is an exciting addition to a series committed to covering the American poetry scene and delivering great poems to a broad audience.

The Oxford Book of Latin American Short Stories McFarland

This impressive volume provides over 1,700 biographical entries on poets writing in English from 1910 to the present day,

including T. S. Eliot, Dylan Thomas, and Carol Ann Duffy.

Authoritative and accessible, it is a must-have for students of English and creative writing, as well as for anyone with an interest in poetry.

The Oxford Book of Children's Verse in America Oxford University Press

Prophecy and millennial speculation are often seen as having played a key role in early European engagements with the new world, from Columbus's use of the predictions of Joachim of Fiore, to the puritan 'Errand into the Wilderness'. Yet examinations of such ideas have sometimes presumed an overly simplistic application of these beliefs in the lives of those who held to them. This book explores the way in which prophecy and eschatological ideas influenced poets, politicians, theologians, and ordinary people in the Atlantic world from the sixteenth to the late eighteenth century. Chapters cover topics ranging from messianic claimants to the Portuguese crown to popular prophetic almanacs in eighteenth-century New England; from eschatological ideas in the poetry of George Herbert and Anne Bradstreet, to the prophetic speculation surrounding the Evangelical revivals. It highlights the ways in which prophecy and eschatology played a key role in the early modern Atlantic world.

Words that Taste Good University of Virginia Press

In this survey of Central and South American literature, Earl E. Fitz provides the first book in English to analyze the Portuguese- and Spanish-language American canons in conjunction, uncovering valuable insights about both. Fitz works by comparisons and contrasts: the political and cultural situation at the end of the fifteenth century in Spain and Portugal; the indigenous American cultures encountered by the Spanish and Portuguese and their legacy of influence; the documented discoveries of Colón and

Caminha; the colonial poetry of Mexico's Sor Juana Inés de la Cruz and Brazil's Gregório de Matos; culminating in a meticulous evaluation of the poetry of Nicaragua's Rubén Darío and the prose fiction of Brazil's Machado de Assis. Fitz, an award-winning scholar of comparative literature, contends that at the end of the nineteenth century, Latin America produced two great literary revolutions, both unique in the western hemisphere, and best understood together.

The Oxford Book of American Essays Cambridge Companions to Litera

This collection explores the history and development of the anglophone short story since the beginning of the nineteenth century.

The Columbia Granger's Guide to Poetry Anthologies

Columbia University Press

African-American writer Richard Wright (1908-1960) was celebrated during the early 1940s for his searing autobiography (*Black Boy*) and fiction (*Native Son*). By 1947 he felt so unwelcome in his homeland that he exiled himself and his family in Paris. But his writings changed American culture forever, and today they are mainstays of literature and composition classes. He and his works are also the subjects of numerous critical essays and commentaries by contemporary writers. This volume presents a comprehensive annotated bibliography of those essays, books, and articles from 1983 through 2003. Arranged alphabetically by author within years are some 8,320 entries ranging from unpublished dissertations to book-length studies of African American literature and literary criticism. Also included as an appendix are addenda to the author's earlier bibliography covering the years from 1934 through 1982. This is the exhaustive reference for serious students of Richard Wright and his critics.
