The largest portion of this book is dedicated to the examination of sixteen albums that BTS has released. It was an unquestionable, obvious organization for me, albeit it may be demanding for the readers. To write this book, I replayed BTS' entire discography ad nauseam, though I am already familiar with the

songs from previous repeated listens. I re-analyzed all the tracks in all of their singles, albums, solo albums, and activities in their entirety from scratch. I replayed same songs too many times to the point of blanking out occasionally. To elaborate the meaning and the appeal of their songs in musical terms, and to formulate a guide for those who listen to their music for the first time, I kept repeating the songs to develop a new framework. As a result, this book became

compilation of critiques, reviews, and liner notes. It is my answer to how BTS came to be the sensation they are to-day. You will not find it in a few sentences or an article, but throughout the analyses of all the songs, lyrics, and the steps of the journey that BTS has taken. As you read this book, I wish you will put on your favorite speakers or headsets and enjoy BTS' music again as you recap their career from the beginning. You may as well compare and contrast your impression

with a music critic's perspective. When you turn the final page, I hope you are satisfied with my answer on the essence and the secret of BTS' success.

Korean language and KPOP language are two very different things. Korean pop culture has an exceptionally unique language and it still evolves further as the K-POP, K-Drama, and K-Movies have been expanding to other countries and beloved by other language speakers. Some KPOP words wouldn't be easy for even a native Korean speaker to even guess what they mean. That's because it

requires a deep understanding of the cultural background first before anything else. How to Speak KPOP is the most straightforward guide book to learn Korean words from Korean dramas, movies, and pop culture. It uniquely combines the most popular Korean slang words and trendy phrases that cannot be found in the ordinary Korean language textbook. And it will give you a full explanation of the cultural background of the word and help you to

undersand why it is being used like that. This book will give you a fun and easy way to learn the most popular Korean words one by one. It will also help you to know how the word is pronounced with the Romanized alphabets. Please don't forget to read and say a word from the examples. The examples are thoughtfully picked to sound just like a native and a true KPOP fan who knows what KPOP language is all about. Try out words you learned to your Korean friend or

write a fan letter with them to your favorite idol star. They will be pleasantly surprised. Learning a foreign language is very rewarding, and learning a cultural background even opens your eyes and heart to a whole new experience. You will get both from this book!

A James Patterson Presents Novel From the #1 New York Times and USA Today bestselling

author of the Stalking Jack the Ripper series comes a new blockbuster series... Two sisters. One brutal murder. A quest for vengeance that will unleash Hell itself... And an intoxicating romance. Emilia and her twin sister Vittoria are streghe -- witches who live secretly among humans, avoiding notice and persecution. One night, Vittoria misses dinner service at the family's renowned Sicilian restaurant. Emilia soon finds the body of her beloved twin...desecrated beyond belief.

Devastated, Emilia sets out to find her sister's killer and to seek vengeance at any cost-- even if it means using dark magic that's been long forbidden. Then Emilia meets Wrath, one of the Wicked-princes of Hell she has been warned against in tales since she was a child. Wrath claims to be on Emilia's side, tasked by his master with solving the series of women's murders on the island. But when it comes to the Wicked, nothing is as it seems...
