COHEN GLORIA

Music WCB/McGraw-Hill
"One of the best books of its kind in decades." —The Wall Street Journal An epic achievement and a huge delight, the entire history of popular music over the past fifty years refracted through the big genres that have defined and dominated it: rock, R&B, country, punk, hip-hop, dance music, and pop Kelefa Sanneh, one of the essential voices of our time on music and culture, has made a deep study of how popular music unites and divides us, charting the way genres become communities. In *Major Labels*, Sanneh distills a career's worth of knowledge about music and musicians into a brilliant and omnivorous reckoning with popular music—as an art form (actually, a bunch of art forms), as a cultural and economic force, and as a tool that we use to build our identities. He explains the history of slow jams, the genius of Shania Twain, and why rappers are always getting in trouble. Sanneh shows how these genres have been defined by the

tension between mainstream and outsider, between authenticity and phoniness, between good and bad, right and wrong. Throughout, race is a powerful touchstone: just as there have always been Black audiences and white audiences, with more or less overlap depending on the moment, there has been Black music and white music, constantly mixing and separating. Sanneh debunks cherished myths, reappraises beloved heroes, and upends familiar ideas of musical greatness, arguing that sometimes, the best popular music isn't transcendent. Songs express our grudges as well as our hopes, and they are motivated by greed as well as idealism; music is a powerful tool for human connection, but also for human antagonism. This is a book about the music everyone loves, the music everyone hates, and the decades-long argument over which is which. The opposite of a modest proposal, *Major Labels* pays in full.

A History Rock Music StylesA HistoryRock Music StylesA History
In its seventh edition, *Rock Music Styles: A History* offers an updated

perspective on the development of rock music from its origins to its most contemporary styles. Charlton takes students through genres by focusing on featured performers, exploring important songs in Listening Guides, and drawing connections between musical developments throughout the decades. Additionally, decade overviews and chronology charts detailing historical and rock-related events side by side provide a historical and social framework through which to understand rock music styles in the 20th century and beyond. McGraw-Hill Connect® is a subscription-based learning service accessible online through your personal computer or tablet. Choose this option if your instructor will require Connect to be used in the course. Your subscription to Connect includes the following: • SmartBook® - an adaptive digital version of the course textbook that personalizes your reading experience based on how well you are learning the content. • Access to your instructor's homework assignments, quizzes, syllabus, notes, reminders, and other

important files for the course. • Progress dashboards that quickly show how you are performing on your assignments and tips for improvement. • The option to purchase (for a small fee) a print version of the book. This binder-ready, loose-leaf version includes free shipping. Complete system requirements to use Connect can be found here:

Down Beat, Rolling Stone, and the Struggle between Jazz and Rock OUP USA The legendary critic and author of *Mystery Train* “ingeniously retells the tale of rock and roll” (Publishers Weekly, starred review). Unlike previous versions of rock ‘n’ roll history, this book omits almost every iconic performer and ignores the storied events and turning points everyone knows. Instead, in a daring stroke, Greil Marcus selects ten songs and dramatizes how each embodies rock ‘n’ roll as a thing in itself, in the story it tells, inhabits, and acts out—a new language, something new under the sun. “Transmission” by Joy Division. “All I Could

Do Was Cry” by Etta James and then Beyoncé. “To Know Him Is to Love Him,” first by the Teddy Bears and almost half a century later by Amy Winehouse. In Marcus’s hands these and other songs tell the story of the music, which is, at bottom, the story of the desire for freedom in all its unruly and liberating glory. Slipping the constraints of chronology, Marcus braids together past and present, holding up to the light the ways that these striking songs fall through time and circumstance, gaining momentum and meaning, astonishing us by upending our presumptions and prejudices. This book, by a founder of contemporary rock criticism—and its most gifted and incisive practitioner—is destined to become an enduring classic. “One of the epic figures in rock writing.”—The New York Times Book Review “Marcus is our greatest cultural critic, not only because of what he says but also, as with rock-and-roll itself, how he says it.”—The Washington Post Winner of the Deems Taylor Virgil Thomson Award in Music Criticism, given by the American

Society of Composers, Authors & Publishers
Just Around Midnight
 Yale University Press
 This text situates the glam rock phenomenon historically and examines it as a set of performance strategies. It explores the ways in which glam rock, while celebrating the showmanship of 1950s rock and roll, began to undermine rock's adherence to the ideology of authenticity in the late 1960s.

Music Is History Pearson
 Music Is History combines Questlove’s deep musical expertise with his curiosity about history, examining America over the past fifty years. Focusing on the years 1971 to the present, Questlove finds the hidden connections in the American tapes- try, whether investigating how the blaxploitation era reshaped Black identity or considering the way disco took an assembly-line approach to Black genius. And these critical inquiries are complemented by his own memories as a music fan, and the way his appetite for pop culture taught him about America. A history of the last half-century and an intimate conversation with one of music’s most influential and original

voices, *Music Is History* is a singular look at contemporary America. *A History* Yale University Press

Rev. ed. of: *The experience economy: work is theatre & every business a stage.* 1999. *When Genres Collide*

University of Michigan Press

How the Beatles

Destroyed Rock 'n' Roll is an alternative history of American music that, instead of recycling the familiar clichés of jazz and rock, looks at what people were playing, hearing and dancing to over the course of the 20th century, using a wealth of original research, curious quotations, and an irreverent fascination with the oft-despised commercial mainstream.

[The Cambridge Companion to Pop and Rock](#) McGraw-Hill

Humanities/Social Sciences/Languages

This collection brings new voices and new perspectives to the study of popular—and particularly rock—music. Focusing on a variety of artists and music forms, *Rock Over the Edge* asks what happens to rock criticism when rock is no longer a coherent concept. To work toward an answer, contributors

investigate previously neglected genres and styles, such as “lo fi,” alternative country, and “rock en español,” while offering a fresh look at such familiar figures as Elvis Presley, the Beatles, and Kurt Cobain. Bridging the disciplines of musicology and cultural studies, the collection has two primary goals: to seek out a language for talking about music culture and to look at the relationship of music to culture in general. The editors’ introduction provides a backward glance at recent rock criticism and also looks to the future of the rapidly expanding discipline of popular music studies. Taking seriously the implications of critical theory for the study of non-literary aesthetic endeavors, the volume also addresses such issues as the affective power of popular music and the psychic construction of fandom. *Rock Over the Edge* will appeal to scholars and students in popular music studies and *American Studies* as well as general readers interested in popular music.

Gender and Theatricality in Popular Music Harvard University Press

Humans have always made music and this authoritative and lavishly illustrated guide is your companion to its fascinating history across the globe. Music - that mysterious alchemy of harmonies, lyrics, and rhythm - is a constant in our lives. Discover how music has evolved with human society, accompanying our leisure, religious rituals, and popular festivities. Watch its development during prehistory and before musical notation, when melodies were memorized or improvised. Enjoy galleries of historical instruments such as dulcimers, shawms, psalteries, and tabor pipes. The universal language of music is expressed in an astonishing number of styles today, and *Music* presents its evolution around the globe, including the classical European tradition of JS Bach, the passionate sounds of Spain's flamenco, and the sonic

power of electronica and heavy rock. With spectacular timelines of key events and profiles of musicians from Amadeus Mozart to David Bowie, Music is an unrivaled and comprehensive reference. Whether you are into the Blues, Brahms, or Bhangra, it is essential reading and guaranteed to hit the right note.

How Christians Inspired, Condemned, and Embraced Rock 'n' Roll Oxford University Press, USA

(Book). The compelling saga of how one backwater music scene could produce such disparate mega-talents as the Ventures, Jimi Hendrix, Heart, Robert Cray, Queensryche, Sir Mix-a-Lot, Nirvana, and the legendary garage stompers, the Sonics. Includes 500-plus exclusive interviews with trailblazing DJs, sound engineers, label founders, and the luminaries of Northwest rock.

This book is a love letter to the artists, scenes, and sounds defining North Carolina's extraordinary contributions to American popular music. David Menconi spent three decades immersed in the

state's music, where traditions run deep but the energy expands in countless directions. Menconi shows how working-class roots and rebellion tie North Carolina's Piedmont blues, jazz, and bluegrass to beach music, rock, hip-hop, and more. From mill towns and mountain coves to college-town clubs and the stage of American Idol, Blind Boy Fuller and Doc Watson to Nina Simone and Superchunk, Step It Up and Go celebrates homegrown music just as essential to the state as barbecue and basketball. Spanning a century of history from the dawn of recorded music to the present, and with sidebars and photos that help reveal the many-splendored glory of North Carolina's sonic landscape, this is a must-read for every music lover.

The Story of North Carolina Popular Music, from Blind Boy Fuller and Doc Watson to Nina Simone and Superchunk Smithsonian Institution

When Jimi Hendrix died, the idea of a black man playing lead guitar in a rock band seemed exotic. Yet ten years earlier, Chuck Berry had stood

among the most influential rock and roll performers. Why did rock and roll become white? Jack Hamilton challenges the racial categories that distort standard histories of rock music and the 60s revolution.

History of Rock 'n' Roll in Ten Songs Routledge

An electrifying novel about the meteoric rise of an iconic interracial rock duo in the 1970s, their sensational breakup, and the dark secrets unearthed when they try to reunite decades later for one last tour. A GOOD MORNING AMERICA BUZZ PICK NAMED A BEST BOOK OF 2021 BY BARACK OBAMA * THE WASHINGTON POST * NPR * ESQUIRE * ENTERTAINMENT WEEKLY * GOODREADS * THE MILLIONS * READER'S DIGEST * PHILADELPHIA INQUIRER * EERIE READER * PUBLIC RADIO TULSA * CHICAGO PUBLIC LIBRARY * KIRKUS REVIEWS "Feels truer and more mesmerizing than some true stories. It's a packed time capsule that doubles as a stick of dynamite." —THE NEW YORK TIMES BOOK REVIEW Opal is a fiercely independent young woman pushing against the grain in her style and attitude, Afro-punk before that term

existed. Coming of age in Detroit, she can't imagine settling for a 9-to-5 job—despite her unusual looks, Opal believes she can be a star. So when the aspiring British singer/songwriter Neville Charles discovers her at a bar's amateur night, she takes him up on his offer to make rock music together for the fledgling Rivington Records. In early seventies New York City, just as she's finding her niche as part of a flamboyant and funky creative scene, a rival band signed to her label brandishes a Confederate flag at a promotional concert. Opal's bold protest and the violence that ensues set off a chain of events that will not only change the lives of those she loves, but also be a deadly reminder that repercussions are always harsher for women, especially black women, who dare to speak their truth. Decades later, as Opal considers a 2016 reunion with Nev, music journalist S. Sunny Shelton seizes the chance to curate an oral history about her idols. Sunny thought she knew most of the stories leading up to the cult duo's most politicized chapter. But as her interviews dig deeper, a nasty new allegation

from an unexpected source threatens to blow up everything. Provocative and chilling, *The Final Revival of Opal & Nev* features a backup chorus of unforgettable voices, a heroine the likes of which we've not seen in storytelling, and a daring structure, and introduces a bold new voice in contemporary fiction. *Step It Up and Go* McFarland In this concise and engaging analysis of rock music, music theorist Ken Stephenson explores the features that make this internationally popular music distinct from earlier music styles. The author offers a guided tour of rock music from the 1950s to the present, emphasizing the theoretical underpinnings of the style and, for the first time, systematically focusing not on rock music's history or sociology, but on the structural aspects of the music itself. What structures normally happen in rock music? What theoretical systems or models might best explain them? The book addresses these questions and more in chapters devoted to phrase rhythm, scales, key determination, cadences, harmonic palette and

succession, and form. Each chapter provides richly detailed analyses of individual rock pieces from groups including Chicago; the Beatles; Emerson, Lake, and Palmer; Kansas; and others. Stephenson shows how rock music is stylistically unique, and he demonstrates how the features that make it distinct have tended to remain constant throughout the past half-century and within most substyles. For music students at the college level and for practicing rock musicians who desire a deeper understanding of their music, this book is an essential resource. **Rock Music Styles** McGraw-Hill Education Now updated with two new chapters and an extraordinary collection of photographs, this second edition of Paul Friedlander's *Rock and Roll: A Social History* is a smash hit. The social force of rock and roll music leaps off the page as Paul Friedlander provides impressive insights based on hits from Johnny B. Goode to Smells Like Teen Spirit and beyond. In this musical journey, Friedlander offers the melodious strains and hard-edged riffs of Elvis,

the Beatles, The Who, Dylan, Clapton, Hendrix, Motown, the San Francisco Beat, Punk, New Wave, rap, metal, 90's grunge, plus file sharing, and much more. The book is written in a refreshing, captivating style that pulls the reader in, offering no less than a complete social and cultural history of rock and roll for students and general audiences alike.

Friedlander writes, 'This book chronicles the first forty years of rock/pop music history. Picture the various musical styles as locations on a giant unfolding road map. As you open the map, you travel from place to place, stopping at each chapter to sample the artistry. Don't forget to dress your imagination appropriately for this trip, because each genre is affected by the societal topography and climate that surround it. Enjoy your trip. We promise it will be a good one!'

Form As Harmony in Rock Music Penguin
Rock Music Styles: A History blends musical commentary into an historical and social framework as it traces the development of rock music from its roots in the blues, country, gospel, and other pre-rock music

through the decades to the most contemporary styles of rock music. The book features a series of detailed listening guides that explore examples of the genre in significant musical detail, enabling students to connect the popular music of yesterday with that of today.

From the 1960s On Cleis Press

Covering rock and roll, alternative rock, rockabilly, Motown, and garage rock, entries feature such artists as Janis Joplin, Ritchie Valens, and Frank Zappa.
