"The Jungle Book" is a collection of stories and fables, using animals in an anthropomorphic manner to give moral lessons. The verses of The Law of the Jungle, for example, lay down rules for

the safety of individuals, families and communities. The best-known of them are the three stories revolving around the adventures of an abandoned "man cub" Mowgli who is raised by wolves in the Indian jungle. The most famous of the other four stories are probably Rikki-Tikki-Tavi and Toomai of the Elephants. "The Second Jungle Book" is a sequel which features five stories about Mowgli and three unrelated stories, all but one set in India, most of which Kipling wrote while living in Vermont. "The Man Who Would Be King" is a novella about two British adventurers in British India who become kings of Kafiristan, a remote part of Afghanistan. The story was inspired by the exploits of James Brooke, an Englishman who became the first White Rajah of Sarawak in Borneo. "Kim" is and adventure novel about the orphaned son of an Irish soldier and a poor Irish mother who have both died in poverty. Living a vagabond existence in India under British rule in the late 19th century, Kim earns his living by begging and running small errands on the streets of Lahore. "The Just So Stories" are a highly fantasized origin stories, especially for differences among animals, they are among Kipling's best known works. "The Light That Failed" "Captain Courageous" "Plain Tales from the Hills" Rudyard Kipling (1865–1936) was an English short-story writer, poet,

and novelist. He wrote tales and poems of British soldiers in India and stories for children. He is regarded as a major innovator in the art of the short story; his children's books are classics of children's literature.

"The Wrong Box" is a comic novel co-written by the Scottish author Robert Louis Stevenson, known for classics such as "Treasure Island" and "Strange Case of Dr Jekyll and Mr Hyde", and his stepson Lloyd Osbourne. This uproarious tale of a misguided inheritance offers a refreshing contrast to Stevenson's more famous adventure and horror tales. Set in Victorian England, the story unfolds around a long-standing investment scheme known as a 'tontine', where the last surviving member of a group is entitled to the entire fund. Two estranged brothers find themselves as the last remaining survivors, leading to a flurry of deception, mistaken identity, and a farcical pursuit of a misplaced fortune. Stevenson and Osbourne ingeniously weave a web of eccentric characters and unlikely circumstances, resulting in numerous comic misadventures. The novel offers wry observations of human nature and social conventions, all presented through the authors' characteristic wit and narrative flair. "The Wrong Box" is an entertaining romp of confusion and comedy, showcasing a lesser-known side of Stevenson's literary talent. It promises laughter and amusement at every turn, making it a must-read for fans of classic literature with a humorous twist. Yaron Harel has constructed a dramatic story of how eleven chief rabbis all became the subject of controversy and were subsequently dismissed. This took place against a background of crime and licentiousness rarely documented in the context of Jewish society. Set firmly in the social and political developments of the time, this colourful picture is very different from the commonly accepted image of Jewish communities in the Ottoman Empire.

This book, first published in 1937, is being re-issued now in response to recent events in the Middle East - events which have left many specialists trying to discern the region's future by looking to its past. The book explores the process by which Iraq was transformed from a 'remote' and neglected portion of the Ottoman Empire in 1914 to a political unit possessing all the machinery of a modern state. The growth of Arab nationalism in the region, the establishment of a provisional government and the search for a ruler all had to be attended to by the British in the mandated territory. Unmistakable modern-day parallels make this a fascinating book for Middle East scholars and followers of current events.
