This volume,
first published
in 1973,
brings
together a

wide range of
Professor
Landau's work
on recent
Middle Eastern
history and
politics,
reflecting the
breadth of the
author's
concern and
research. The
first section
deals with
aspects of
political
organisation
in the Middle
East, largely
Egypt,
towards the
end of the
nineteenth
century. A
little-known
plan of the
Islamic
reformer al-
Afghani is
discussed,
showing him
in a rather
more political
light than the
religious haze
which

normally surrounds this pan-Islamic campaigner. The role of the influential secret societies in modern Egypt is outlined, and the politics behind the fluctuations in the degree of responsibility allowed to Egyptian ministers is examined. This section is concluded by a chapter on two proposals for the establishment of a Jewish homeland in the Sudan in the early days of Zionism, throwing

interesting light on the differing aims of early Zionists and alternative historical paths that might have been taken. The second section of the book contains studies on the Jewish situation in nineteenth-century Egypt, focusing on their position within the larger Muslim society and on socio-economic factors, as well as on the career of James Sanua ('Abu Naddara'), an Egyptian Jew

who played a prominent part in nationalist agitation. The two final parts of the book turn to recent and contemporary electoral politics in the Middle East, with special attention being paid to the political leadership and voting behaviour of the Arabs in Israel. Other studies deal with elections in Lebanon and Turkey, and the final chapter analyses the militant right-wing elements in the Turkish

political spectrum. *Grand Dictionnaire Universel [du XIXe Siecle] Francais: A-Z 1805-76* Walter de Gruyter GmbH & Co KG The fathers of modern freemasonry sought a classical pedigree for their rituals and forms of association. This volume offers the first academic study of how freemasons writing in the first half of the 18th century deployed their knowledge of antiquity to bolster this claim and how the creative literature of the period reflected their ideas. The scholarly investigation of freemasonry is a relatively new phenomenon. The writings of active freemasons tend either to generate new masonic myths or to focus on the minutiae of insignia, rank, and ritual. Only in the last 50 years have non-masons given serious thought to freemasonry as a social practice and to its place within the intellectual and political life of Enlightenment Europe and beyond. Study of masonic elements in literary texts lags much further behind. This volume offers the first English translations of three mid-18th century comedies on female curiosity about this exclusively male order and shows how they reflect contemporary

attempts to forge a link with ancient mystery cult. The theatrical aspect of masonic ritual and the ancient mysteries is examined in depth. This volume opens up important new ground in classical reception and 18th century theatre history. Politics, Culture, and Class in the French Revolution Lulu.com Reprint of the original, first published in 1874.

The Masons and the

Mysteries in 18th Century Drama

Cornell University Press
La Franc-Maconnerie est ludique, il n'y a aucune poussiere mais des symboles si bien polis que si nous regardons les jeux de roles et les histoires pour les enfants nous les y retrouvons tres souvent, nous en prendrons un exemple avec le jeu de Shifumi encore appele PFC (Pierre Feuille Ciseaux) a la

fin de ce livre. Mais nous pourrions aussi bien parler de Lewis Carol, (de l'autre cote du miroir ou Alice au pays des Merveilles), Rudyard Kipling et le Livre de la Jungle, ou plus proche de nous les aventures de Harry Potter ou Hugo Pratt avec les Aventures de Corto Maltese. La Franc-Maconnerie ce sont beaucoup d'autres choses aussi que nous decouvrirons a travers ce livre."

emotion. Drawing on scores of archives, including private letters, rituals, the minutes of lodge meetings, and the speeches of many Freemasons, Loiselle reveals the thought processes of the visionaries who founded this movement, the ways in which its members maintained friendships both within and beyond the lodge, and the seemingly paradoxical place women occupied

within this friendship community. Masonic friendship endured into the tumultuous revolutionary era, although the revolutionary leadership suppressed most of the lodges by 1794. Loiselle not only examines the place of friendship in eighteenth-century society and culture but also contributes to the history of emotions and masculinity, and the essential

debate over the relationship between the Enlightenment and the French Revolution. *An Encyclopaedia of Freemasonry and Its Kindred Sciences: Comprising the Whole Range of Arts, Sciences and Literature as Connected with the Institution* Рипол Классик "In this interpretation of the French Revolution, Professor Hunt argues that it gave birth to

many essential characteristics of modern politics -- in particular, it marks the discovery of the potential of political action to consciously transform society by molding character, culture, and social relations. The author emphasizes the dynamic interaction between the socio-cultural and political, between the unconscious structures of symbolic forms and the collective

actions of committed politicians."--
