---

*Compendium of the Social Doctrine of the Church* Cambridge University Press  
This book provides an exhaustive account of America's public diplomacy during the Cold War.

### **Jeune Afrique** RMN

Donjon est un Jeu de Clinton R. Nixon en forme d'hommage au fondateur de tous les jeux de rôle, qui propose quelque

chose d'unique : retrouver l'émerveillement de vos premières parties. Dans Donjon, quand on "essaie d'écouter un bruit", et que l'on réussit son jet, il y a un bruit. A VOUS de définir ce qu'il y a au bout du couloir, selon votre marge de réussite. Il en va de même pour la magie ou vous créez vos sorts grâce à des mots magiques, dont la force dépendra de votre marge de réussite. VOUS n'êtes limité que par votre imagination et vos jets de dés. *Donjon* Veritas Co. Ltd.  
Each of the books that Hannah Arendt published in her lifetime was unique, and

to this day each continues to provoke fresh thought and interpretations. This was never more true than for Eichmann in Jerusalem, her account of the trial of Adolf Eichmann, where she first used the phrase "the banality of evil." Her consternation over how a man who was neither a monster nor a demon could nevertheless be an agent of the most extreme evil evoked derision, outrage, and misunderstanding. The firestorm of controversy prompted Arendt to readdress fundamental questions and concerns about the nature of evil and the making of

moral choices. *Responsibility and Judgment* gathers together unpublished writings from the last decade of Arendt's life, as she struggled to explicate the meaning of Eichmann in Jerusalem. At the heart of this book is a profound ethical investigation, "Some Questions of Moral Philosophy"; in it Arendt confronts the inadequacy of traditional moral "truths" as standards to judge what we are capable of doing, and she examines anew our ability to distinguish good from evil and right from wrong. We see how Arendt comes to understand that alongside the radical evil she had addressed in earlier analyses of totalitarianism, there exists a more pernicious evil, independent of political ideology, whose execution is limitless when the perpetrator feels no remorse and can forget his acts as soon as they are committed. *Responsibility and Judgment* is an essential work for understanding Arendt's conception of morality; it is also an indispensable investigation into some of the most troubling and important issues of our time.

[The Reluctant Satellites; an Eyewitness Report on East Europe and the Hungarian Revolution](#) Fordham Univ Press

Perhaps the best-known American diplomatist of the twentieth century, Henry Kissinger is a major figure in world history, winner of the Nobel Peace Prize, and arguably one of the most brilliant minds ever placed at the service of American foreign policy, as well as one of the shrewdest, best-informed, and most articulate men ever to occupy a position of power in Washington. The eagerly awaited third and final volume of his memoirs completes a major work of contemporary history. It is at once an important historical document and a brilliantly told narrative of almost Shakespearean intensity, full of startling insights, unusual (and often unsparing) candor, and a sweeping sense of history. *Years of Renewal* is the triumphant conclusion of a major achievement and a book that will stand the test of time as a historical document of the first rank.

**Francie** Éditions Hurtubise

"Yes, Kant did indeed speak of extraterrestrials." This phrase could provide the opening for this brief treatise of philosophiction (as one speaks of science fiction). What is revealed in the aliens of which Kant speaks—and he no doubt took

them more seriously than anyone else in the history of philosophy—are the limits of globalization, or what Kant called cosmopolitanism. Before engaging Kantian considerations of the inhabitants of other worlds, before comprehending his reasoned alienology, this book works its way through an analysis of the star wars raging above our heads in the guise of international treaties regulating the law of space, including the cosmopirates that Carl Schmitt sometimes mentions in his late writings. Turning to track the comings and goings of extraterrestrials in Kant's work, Szendy reveals that they are the necessary condition for an unattainable definition of humanity. Impossible to represent, escaping any possible experience, they are nonetheless inscribed both at the heart of the sensible and as an Archimedean point from whose perspective the interweavings of the sensible can be viewed. Reading Kant in dialogue with science fiction films (films he seems already to have seen) involves making him speak of questions now pressing in upon us: our endangered planet, ecology, a war of the worlds. But it also means attempting to think, with or

beyond Kant, what a point of view might be.

**Facing Reality** New York, Macmillan

Cet ouvrage étudie six crises économiques depuis le XIXe siècle, différentes par leur nature (monétaire, financière, agro-industrielle, etc.), par leur contexte (1848, 1923, 1929, 1973 et 2007), et par leur échelle (nationale, occidentale, mondiale). En scrutant leurs causes, leurs modalités et les solutions imaginées pour en sortir, il s'agissait de mieux comprendre comment elles transforment en profondeur l'esprit du capitalisme et ruinent la fiction selon laquelle le marché s'équilibrerait, comme par magie, grâce à une main invisible. Chaque crise révèle des déséquilibres que s'emploient à corriger des instances de régulation sans cesse renouvelées : institutions internationales, autorités de la concurrence, cellules de veille et gouvernements tentent de conjurer l'apparition d'entreprises rentières, de malversations financières et de bulles spéculatives. Le marché apparaît donc bien comme une construction historique, une institution où sans cesse les règles de l'échange sont renégociées pour améliorer l'allocation des ressources entre ses

acteurs. Cet ouvrage est d'abord destiné aux étudiants de classes préparatoires commerciales, des Instituts d'études politiques, et de premier cycle universitaire en économie et en histoire. Il peut également éclairer les programmes interrogés dans la préparation des concours de la fonction publique de catégories A et B. Ce livre reprend et approfondit un cycle de conférences donné au Collège supérieur entre janvier et mai 2017. Une erreur s'est glissée en 4ème de couverture du livre. Madame Couppey-Soubeyran n'est plus conseillère auprès du CAE depuis 2015, date à laquelle elle a rejoint le CEPII en tant que Conseillère éditoriale.

*Years of Renewal* University Press of America

In this stimulating and highly original study of the writing of American history, twenty-four scholars from eleven European countries explore the impact of writing history from abroad. Six distinguished scholars from around the world add their commentaries. Arguing that historical writing is conditioned, crucially, by the place from which it is written, this volume identifies the

formative impact of a wide variety of institutional and cultural factors that are commonly overlooked. Examining how American history is written from Europe, the contributors shed light on how history is written in the United States and, indeed, on the way history is written anywhere. The innovative perspectives included in *Historians across Borders* are designed to reinvigorate American historiography as the rise of global and transnational history is creating a critical need to understand the impact of place on the writing and teaching of history. This book is designed for students in historiography, global and transnational history, and related courses in the United States and abroad, for US historians, and for anyone interested in how historians work.

[Kant in the Land of Extraterrestrials](#)

Hachette UK

To mark John F. Kennedy's centennial, celebrate the life and legacy of the 35th President of the United States. In 1964, Jacqueline Kennedy recorded seven historic interviews about her life with John F. Kennedy. Now, for the first time, they can be read in this deluxe, illustrated eBook. Shortly after President John F.

Kennedy's assassination, with a nation deep in mourning and the world looking on in stunned disbelief, Jacqueline Kennedy found the strength to set aside her own personal grief for the sake of posterity and begin the task of documenting and preserving her husband's legacy. In January of 1964, she and Robert F. Kennedy approved a planned oral-history project that would capture their first-hand accounts of the late President as well as the recollections of those closest to him throughout his extraordinary political career. For the rest of her life, the famously private Jacqueline Kennedy steadfastly refused to discuss her memories of those years, but beginning that March, she fulfilled her obligation to future generations of Americans by sitting down with historian Arthur Schlesinger, Jr., and recording an astonishingly detailed and unvarnished account of her experiences and impressions as the wife and confidante of John F. Kennedy. The tapes of those sessions were then sealed and later deposited in the John F. Kennedy Presidential Library and Museum upon its completion, in accordance with Mrs. Kennedy's wishes. The resulting eight and

a half hours of material comprises a unique and compelling record of a tumultuous era, providing fresh insights on the many significant people and events that shaped JFK's presidency but also shedding new light on the man behind the momentous decisions. Here are JFK's unscripted opinions on a host of revealing subjects, including his thoughts and feelings about his brothers Robert and Ted, and his take on world leaders past and present, giving us perhaps the most informed, genuine, and immediate portrait of John Fitzgerald Kennedy we shall ever have. Mrs. Kennedy's urbane perspective, her candor, and her flashes of wit also give us our clearest glimpse into the active mind of a remarkable First Lady. In conjunction with the fiftieth anniversary of President Kennedy's Inauguration, Caroline Kennedy and the Kennedy family are now releasing these beautifully restored recordings on CDs with accompanying transcripts. Introduced and annotated by renowned presidential historian Michael Beschloss, these interviews will add an exciting new dimension to our understanding and appreciation of President Kennedy and his time and make

the past come alive through the words and voice of an eloquent eyewitness to history. Occasions de bonheur Simon and Schuster These collected biographies on the wacky secrets and scandals of the first ladies of the United States casts American history in a whole new light Whether she's a leading lady, loyal spouse, or lightning rod for scandal, the First Lady of the United States has always been in the spotlight—and in 2017 that was truer than ever. This revised and expanded edition from Quirk's best-selling Secret Lives series features outrageous and uncensored profiles of the women of the White House, from Martha Washington to Melania Trump, it comes complete with hundreds of little-known, politically incorrect, and downright wacko facts. Did you know that: • Dolley Madison loved to chew tobacco • Mary Todd Lincoln conducted séances on a regular basis • Eleanor Roosevelt and Ellen Wilson both carried guns • Jacqueline Kennedy spent \$121,000 on her wardrobe in a single year • Betty Ford liked to chat on CB radios—her handle was “First Mama” With chapters on every woman who's ever made it to the White House, Secret Lives

of the First Ladies tackles all the tough questions that other history books are afraid to ask: How many of these women owned slaves? Which ones were cheating on their husbands? And why was Eleanor Roosevelt serving hot dogs to the King and Queen of England? American history was never this much fun in school!

The Good Life Columbia University Press  
Have you ever thought about what really goes on behind the walls of the White House or the Pentagon? Particularly in times of political upheaval, it often seems that the government and the media work together to keep the voting public confused and distracted. In *Warriors of Disinformation*, Alvin A. Snyder, a former director of USIA's Television and Film Service, reveals the various propaganda campaigns sent out by the United States during the Cold War, one of the most strained, uncertain times in American political history. Snyder examines the "shady" billion-dollar dealings dedicated to "an exaggerated version of the truth," and how President Reagan deceived the Soviets with well-plotted plans of fabrication. Readers will be shocked by the lengths that our government went to in

order to hide the truth, and to consistently lie to not only the Soviets, but also to the American people about what was going on in the "land of the free." *Warriors of Disinformation* is an incredible look inside the government from someone who was on the front line. Hear stories that were never supposed to leave confidential meeting rooms and find out firsthand what went on behind closed doors. Snyder has a story to tell you, and you'd be crazy not to listen.

**Atomic Power for Peace** Bloomsbury Publishing

*Early Christian World* presents an exhaustive, erudite and lavishly illustrated treatment of how the small movement which formed around Jesus in Galilee became the pre-eminent religion of the ancient world. The work begins by firmly situating early Christianity within its Mediterranean social, political and religious contexts, before charting the history of the first Christian centuries. The creation and perpetuation of Christian communities through various means, including mission and monasticism, is explored, as is the everyday experience of early Christians, through discussion of

gender and sexuality, religious practice, communication and social structures. The intellectual (particularly theological) and artistic heritage of the period is fully considered, and a vivid picture painted of the internal and external challenges faced by early Christianity. The book concludes with profiles of the most notable figures of the age. Comprehensive and accessible, *Early Christian World* provides up-to-date coverage of the most important topics in the study of early Christianity, together with an invaluable collection of visual material. It will be an indispensable resource for anyone studying this period

*Presidential Temples* Berghahn Books  
Occasions de bonheur est la réédition d'une exceptionnelle galerie de portraits de personnages célèbres rencontrés par Alain Stanké au cours de sa carrière. Qu'il s'agisse de Salvador Dali, d'Henry Miller, de Gabrielle Roy ou de Fidel Castro, tous ont connu d'incroyables destins, lesquels constituent autant de sources d'inspiration. Des récits surprenants et passionnants, qui raviront les amateurs de biographies, le tout servi par le style alerte et avec l'humour humaniste d'Alain Stanké. L'ouvrage est richement illustré,

plus d'une centaine d'illustrations, dont plus de la moitié inédites, s'échelonnant sur plus de cinquante ans. Une occasion de découvrir, par le biais d'une personnalité hors du commun, Alain Stanké, des dizaines de destinées hors normes.

### **Secret Lives of the First Ladies**

Schocken

When first published in 1947, *A Short History of Opera* immediately achieved international status as a classic in the field. Now, more than five decades later, this thoroughly revised and expanded fourth edition informs and entertains opera lovers just as its predecessors have. The fourth edition incorporates new scholarship that traces the most important developments in the evolution of musical drama. After surveying anticipations of the operatic form in the lyric theater of the Greeks, medieval dramatic music, and other forerunners, the book reveals the genre's beginnings in the seventeenth century and follows its progress to the present day. *A Short History of Opera* examines not only the standard performance repertoire, but also works considered important for the genre's

development. Its expanded scope investigates opera from Eastern European countries and Finland. The section on twentieth-century opera has been reorganized around national operatic traditions including a chapter devoted solely to opera in the United States, which incorporates material on the American musical and ties between classical opera and popular musical theater. A separate section on Chinese opera is also included. With an extensive multilanguage bibliography, more than one hundred musical examples, and stage illustrations, this authoritative one-volume survey will be invaluable to students and serious opera buffs. New fans will also find it highly accessible and informative. Extremely thorough in its coverage, *A Short History of Opera* is now more than ever the book to turn to for anyone who wants to know about the history of this art form.

**Pardès** Cambridge University Press

The poem is important because of its similarity to other narrative treatments of the crusades from the early twelfth century and its links with the vernacular *Chanson d'Antioche*.

Models and Mirrors University of Chicago Press

This book explores the visual and material cultures of presidential commemoration--memorials and monuments, libraries and archives--and the problematic ways in which presidents themselves have largely taken over their own commemoration. The author sees these various commemorative sites as playing a key role in the construction of our collective political and cultural self-images and as another sign of our preoccupation with celebrity culture. Ultimately, he contends, these presidential temples reflect not only our civil religion but also the extraordinary expansion of executive authority--and presidential self-commemoration--since FDR.

*Warriors of Disinformation* Farrar, Straus and Giroux (BYR)

A distinctive new voice in children's fiction Francie lives with her mother and younger brother, Prez, in rural Alabama, where all three work and wait. Francie's father is trying to get settled in Chicago so he can move his family up North. Unfortunately, he's made promises he hasn't kept, and Francie painfully learns that her dreams of starting junior high school in an integrated

urban classroom will go unfulfilled. Amid the day-to-day grind of working odd jobs for wealthy white folks on the other side of town, Francie becomes involved in helping a framed young black man to escape arrest -- a brave gesture, but one that puts the entire black community in danger. In this vivid portrait of a girl in the pre--Civil Rights era South, first-time novelist Karen English completes Francie's world using lively vernacular and a wide array of flesh-and-blood characters. Francie is a 2000 Coretta Scott King Author Honor Book. Historians Across Borders CultureAmerica Reassesses the animal depictions of Bronze Age Crete in terms of human-animal relations rather than a love of nature.

The Historia Vie [sic] Hierosolimitane Univ of California Press

"This masterful study will have its place on every ancient historian's bookshelf."—Claudia Rapp, author of *Holy Bishops in Late Antiquity: The Nature of Christian Leadership in an Age of Transition*

**Chroniques étrangères** Cornell University Press

Shares details of the former first lady's

emotional and romantic life following her marriages to John Kennedy and Aristotle Onassis, describing scandalous love affairs and famous feuds.

**Jacqueline Kennedy Onassis** Routledge

On April 17, 1975, the Khmer Rouge entered Phnom Penh to open a new and appalling chapter in the story of the twentieth century. On that day, Pin Yathay was a qualified engineer in the Ministry of Public Works. Successful and highly educated, he had been critical of the corrupt Lon Nol regime and hoped that the Khmer Rouge would be the patriotic saviors of Cambodia. In *Stay Alive, My Son*, Pin Yathay provides an unforgettable testament of the horror that ensued and a gripping account of personal courage, sacrifice and survival. Documenting the 27 months from the arrival of the Khmer Rouge in Phnom Penh to his escape into Thailand, Pin Yathay is a powerful and haunting memoir of Cambodia's killing fields. With seventeen members of his family, Pin Yathay were evacuated by the Khmer Rouge from Phnom Penh, taking with them whatever they might need for the three days before they would be allowed to return to their home. Instead,

they were moved on from camp to camp, their possessions confiscated or abandoned. As days became weeks and weeks became months, they became the "New People," displaced urban dwellers compelled to live and work as peasants, their days were filled with forced manual labor and their survival dependent on ever more meager communal rations. The body count mounted, first as malnutrition bred rampant disease and then as the Khmer Rouge singled out the dissidents for sudden death in the darkness. Eventually, Pin Yathay's family was reduced to just himself, his wife, and their one remaining son, Nawath. Wracked with pain and disease, robbed of all they had owned, living on the very edge of dying, they faced a future of escalating horror. With Nawath too ill to travel, Pin Yathay and his wife, Any, had to make the heart-breaking decision whether to leave him to the care of a Cambodian hospital in order to make a desperate break for freedom. "Stay alive, my son," he tells Nawath before embarking on a nightmarish escape to the Thai border. First published in 1987, the Cornell edition of *Stay Alive, My Son* includes an updated preface and epilogue

by Pin Yathay and a new foreword by David Chandler, a world-renowned

historian of Cambodia, who attests to the

continuing value and urgency of Pin Yathay's message.
