How does a woman decide if a mission is where she can best serve the Lord? If she decides to go, what experiences, trials, and blessings can she expect? The questions and many more are answered by returned sister missionaries.

The fourth in 'The Mormon Delusion' series tracks the Mormon 'Missionary Lesson Manual' as taught to investigators, and lesson by lesson, exposes and explains the truth behind the false teachings. At every stage, unsuspecting investigators are taught a fictional account of Mormon history and teachings by faithful missionaries who themselves have no idea they are teaching provable fiction. This book exposes the underlying truth behind Joseph Smith's original fraudulent claims and modern-day fictional Mormon teachings. Evidence from within Mormon Church history and Mormon so-called

scripture proves conclusively that the Mormon Church continues in a conspiracy to deceive its own members, missionaries and their investigators alike. At the end of a journey through this book there will be nothing left for an investigator to take to the Lord in prayer in order to obtain an answer as to whether what the Mormon Church teaches is true. Common sense and reason alone will be enough to determine the truth of the matter.

Yes, angels are real. They are not the product of your imagination. "If we had open spiritual eyes we would see not only a world filled with evil spirits and powers—but also powerful angels with drawn swords, set for our defense."

—Billy Graham
 Dr. Graham lifts the veil between the visible and the invisible world to give us an eye-opening account of these behind-the-scenes agents. This best-selling classic records the experiences of Dr. Graham and others who are convinced that at moments of special need they have been attended by angels. With keen insight and conviction, Dr. Graham affirms that: God's invisible hosts are better organized than any of the armies of man—or Satan. Angels "think, feel, will, and display emotions." Angels guide, comfort, and provide for people in the midst of suffering and persecution. At death, the faithful will be ushered by angels into the presence of God.

When Craig Harline set off on his two-year Mormon mission to Belgium in the 1970s, he had big dreams of doing miracles, converting the masses, and coming home a hero. What he found instead was a lot of rain and cold, one-sentence conversations with irritated people, and silly squabbles with fellow missionaries. From being kicked -- literally -- out of someone's home to getting into arguments about what God really wanted from Donny Osmond, Harline faced a range of experiences that nothing, including his own missionary training, had prepared him for. He also found a wealth of friendships with fellow Mormons as well as unconverted locals and, along the way, gained insights that would shape the rest of his life. Part religious history, part coming-of-age story, part witty spiritual memoir, this book takes readers beyond the stereotypical white shirts and name tags to reveal just how unpredictable, funny, and poignant the missionary life

can be.

The Miracle of Tonga Cedar Fort
 Few know the price of the Gospel like Gary Shepherd. This is a life-changing story of what it really takes to follow God's call. You may never look at your Bible the same way again... Gary's simple faith, captured in eloquent detail, will make you feel as if you are right in the center of the action: facing the King Cobra, hearing the witch scream, feeling the searing bullets. If you have ever wondered, in an age of relativism and limp-wristed Christianity, where the real Kingdom is operating-then read these pages. With honesty and craftsmanship, Gary relates his journey in a way that will comfort those who have served and know... and inspire those whose time has yet to come. "I have known Gary for many years and have admired his faith and sacrifice for the Bibleless peoples of the world. His love and service to the people of Nepal has made him one of my heroes. His story, however, is not just his story, it is God's story. And for anyone who takes seriously God's command 'to go into all the world,' it is our story." Bernie May - Former President of Wycliffe Bible Translators "Angel Tracks in the Himalayas is an account of unusual faith and venture... You will be reading about miracles accomplished through the power of the Holy Spirit." Dr. Orval C. Butcher - Founder of Skyline Wesleyan Church

 Millions of Christians all over the world know the words of Psalm 34:7: "The Angel of the Lord encamps around those who fear him, and he delivers them." But when asked about this angel, very few know who he is. References to the angel

of the Lord appear at least 70 times in the Old Testament. He is not specifically mentioned even once in the New Testament. What happened to this powerful angel? This is not a mystery novel. The author has no desire to keep you in suspense until the final chapter. The Angel of the Lord is none other than the second person of the Trinity, who came to us in the human form of Jesus, the promised Messiah.

Pearl S. Buck's profoundly touching memoir of her zealous Southern Presbyterian missionary father, Absalom Sydenstricker. He set off for China in 1880 and spent most of the next half century there until his death in 1931. In the poor, hostile interior, he made long preaching trips through lands convulsed by famine, banditry, and revolution.

The Missionary Kaleidoscope

Elaine Bonavita had planned to be a lawyer when she finished her term on the Waterloo Iowa School Board. Finishing first year law school living in Texas, she answers a call to serve a mission for the Church of Jesus Christ of

Latter-day Saints, which came unexpectedly while sitting in sacrament meeting listening to a returned missionary's talk in church. While in the process of preparing for a mission call, her faith is tested when doctors give her less than two years to live. It is while struggling with the reality she will never be able to serve a full-time mission for the Church, she begins to question God's plan for her especially when she keeps hearing the voice of Tonga whenever fasting and praying. A woman of great faith, Elaine knows she can no longer ignore the overwhelming call to serve a member mission without a name tag identifying her as a full-time missionary for the Church in the Kingdom of Tonga. Despite her own family and friends questioning her plan to go to Tonga alone, Elaine heeds the call to serve, believing God has a special work for her to do that couldn't be done if sponsored by the Church. No longer sure of anything, anymore, after not going on to be a lawyer or even a missionary with the Church, Elaine struggles to remain faithful during this fiery test of her faith. Feeling alone and abandoned by God, she forgets about the angels in our midst who have always protected and guided her through perilous times. Crying mightily unto God, pleading to know what to do, it didn't take long for her to get an answer. Angels are everywhere, especially in Tonga. She didn't have to go to Tonga to find them. Unknown to her, Tongan angels right here in Texas had already been assigned to prepare her for a different kind of mission. It was an angel's mission to the other side of Heaven, we call Tonga.

Angel of the Danube is a refreshing, exciting, moving-and-comical-account of

a young man's successful search for spiritual wholeness. Writing deftly in California hip dialect (Mark Twain did almost as well in *Huck Finn*), Mitchell has hung a rich and literarily satisfying coming-of-age novel upon an infrastructure of Austrian folklore and the ups-and-downs of Mormon missionary life. Alan Mitchell is Mormon literature's answer to Saul Bellow's *Henderson the Rain King*. Richard H. Cracoft, English Professor, Center for Religious Values in Literature, Brigham Young University

This is the life story of Pearl Buck's father. Only the names of the people are changed. Sydenstricker was a contradictory and irascible man, isolated him from the rest of the missionary community, but he was also a man of stern convictions and complex personality sufficient reason to look again into the lives of individuals in order to gain understanding of today's Chinese church.
