India might not admit
it, but should it find
itself involved in a
border war with China
it will lose. Apart from
superior military
power, close
coordination between
the political leadership
and the military and
the ability to take quick
decisions, China has
potent anti-satellite
and cyber warfare

capabilities. Even more
shockingly, regardless
of popular opinion,
India today is not even
in a position to win a
war against Pakistan.
This has nothing to do
with Pakistan's nuclear
weapons. It is because
while India has been
focused on building
military force (troops
and materiel needed to
wage war) Pakistan has
built military power
(learning how to
optimally utilize its
military force). In this
lies the difference
between losing and
winning. Far from

being the strong Asian power of its perception, India could find itself extremely vulnerable to the hostility of its powerful neighbors. In *Dragon On Our Doorstep*, Pravin Sawhney and Ghazala Wahab analyse the geopolitics of the region and the military strategies of the three Asian countries to tell us exactly why India is in this precarious position and how it can transform itself through deft strategy into a leading power. *Infant and young child feeding* Clarkson Potter Get ready for the best year of your life! 365 Sex Moves offers couples hot and exciting positions for every day of the year. Filled with stunning photography and short technique descriptions

that get right to the point, this book allows you to simply pick-up-and-play and do the position shown. Whether you're interested in trying something just a little different or are ready for an advanced acrobatic position, 365 Sex Moves has it all. With this sexy little guide, you'll never know what the day—or night—will bring. *Cooking at Home* Princeton University Press On 1 October 2001, 29 people were killed at the hands of the Jaish-e-Mohammed in a terrorist attack outside the Jammu and Kashmir Assembly. India's immediate reaction was to insist that unless the US was able to rein in Pakistan, it would be forced to take matters into its

own hands, which might be a setback to the US-waged Operation Enduring Freedom in Afghanistan. While President Musharraf immediately complied by condemning the act as one of terrorism, the Talibanised militants attacked the Indian Parliament on 13 December 2001. Enraged, the Government of India launched Operation Parakram, an operation that ordered the general mobilisation of the army for war on 18 December 2001. When Operation Parakram was called off on 16 October 2002 without meeting its professed objectives, it left many questions unanswered.

- Why was Operation Parakram launched? - What were the military and political

objectives? - Was the political leadership at all serious about the war? - What role did international pressure play in weakening the government's resolve? - At what stage did the government decide to opt out? - What did the military feel about this decision? - Does Operation Parakram have a future? Written by the perfect combination of a senior army officer and a journalist specialising in defence strategy, this important book answers these questions. It traces the changing pattern of militancy in Jammu and Kashmir and discusses both the military and political aspects of the Operation. The bottomline, say the authors, is that a war has yet to be fought, and Operation

Parakram is not over.

 Divided into five chapters and illustrated by kaur, the sun and her flowers is a journey of wilting, falling, rooting, rising, and blooming. A celebration of love in all its forms. this is the recipe of life said my mother as she held me in her arms as i wept think of those flowers you plant in the garden each year they will teach you that people too must wilt fall root rise in order to bloom

The Kama Sutra of Vatsyayana Harper Collins

"During the colonial period, Indian intellectuals--philologists, lawyers, scientists and literary figures--all sought to hold a mirror to their country. Whether they wrote novels, polemics, or scientific treatises, all sought a better understanding of society in general and their society in particular. Curiously, female sexuality and sexual behavior play an outside role in their writing. The figure of the prostitute is ubiquitous in everything from medical texts and treatises on racial evolution to anti-Muslim polemic and studies of ancient India. In this book, Durba Mitra argues

that between the 1840s and the 1940s, the new science of sexuality became foundational to the scientific study of Indian social progress. The colonial state and an emerging set of Bengali male intellectuals extended the regulation of sexuality to far-reaching projects that sought to define what society should look like and how modern citizens should behave. An exploration of this history of social scientific thought offers new perspectives to understand the power of paternalistic and deeply violent claims about sexual norms in the postcolonial world today. These histories reveal the enduring authority of scientific claims to a tradition that equates social

good with the control of women's free will and desire. Thus, they managed to dramatically reorganize their society around upper-caste Hindu ideals of strict monogamy"--

Devaki Nandan Khatri's Chandrakanta is the virtual Taj Mahal in Hindi fiction, still as much glorious and historical. As the Taj is the emblem of real love, here we have the fictional counter-part. What's more, it is the exuberance of magic and romance, imagination and fantasy, suspense after suspense, battles and wars, espionage and conspiracy, tricks and tact, all blended together to make a sensational love story.

Here we have the aiyars, human beings with extraordinary capacity to transmogrify themselves and take on the appearance of anybody, their voice, their manners and all. Moreover, there is the Tilism, which is a hidden treasure constructed underground with ingenious safeguards and magic locks and entrances. Chandrakanta has the spell of fantasy, a detective novel, a romance per excellence. It can be regarded as the fictional mother of Harry Potter. The story of art Hachette UK Where do those relegated to the margins find belonging? In her luminous debut

Unbelonging, Gayatri Sethi deftly interweaves verse, memoir, and a bold call to action as she recounts her experience searching for home in the diaspora. Drawing upon her life story as a Tanzanian-born-Punjabi turned American educator and mother of multiracial children, Sethi tells an intimate tale of stepping into her power while confronting misogyny, racism, and empire. Spanning decades and continents- from Partition to the Black Lives Matter movement, Southern Africa to Muscogee Lands- Unbelonging tells urgent truths, inspires critical self-reflection, and emboldens its readers to pursue radical forms of justice, compassion,

and solidarity. *Sex and the Single Girl* Random House India "About the book In 2014 Karishma Mehta started Humans of Bombay to capture the untold stories of the millions of people living in the maximum city. This book entails a handpicked collection of some of the best stories on the Humans of Bombay Facebook blog as well as several unseen stories. Limited From the author of *Behind Her Eyes*, now a Netflix Original Series hit "Sarah Pinborough is about to become your new obsession."

—Harlan Coben Lisa is living a lie and everyone is about to find out. Lisa lives for her daughter Ava, her job and her best friend Marilyn. But when a handsome client shows an interest in her, Lisa starts daydreaming about sharing her life with him, too. Maybe she's ready now. Maybe she can trust again. Maybe it's time to let her terrifying secret past go. But when her daughter rescues a boy from drowning and their pictures are all over the news for everyone to see, Lisa's world explodes. As she finds everything she has built threatened, and not knowing who she can trust, it's up to Lisa to face her past in order to save what she holds dear. But someone has been

pulling all their strings. And that someone is determined that both Lisa and Ava must suffer. Because long ago Lisa broke a promise. And some promises aren't meant to be broken.

The Defence Makeover
Penguin UK

The 1962 blockbuster that took on “one of the most absurd (if universal) myths of our time: that every girl must be married” (The New York Times).

Helen Gurley Brown, the iconic editor in chief of *Cosmopolitan* for thirty-two years, is considered one of the most influential figures of Second Wave feminism. Her first book sold millions of copies, became a cultural phenomenon, and ushered in a whole new way of thinking about work, men, and

life. Feisty, fun, and totally frank, *Sex and the Single Girl* offers advice to unmarried women that is as relevant today as it was when it burst onto the scene in the 1960s. This spirited manifesto puts women—and what they want—first. It captures the exuberance, optimism, and independence that have influenced the lives of so many contemporary American women.

I Sleep in My Own

Deathbed Harvest
Are you confused about how to raise your kids? How many hours should they spend with the TV, iPad or Xbox? Do you worry about what they should eat, drink and read? As the urban, nuclear family is becoming the norm, replacing the traditional joint family,

what happens to the children who grow up with a single support system? In *The Modern Gurukul*, Sonali Bendre Behl shares her three principles of parenting that will help you find a balance between tradition and modernity, and show you how to raise your child in the digital age. Personal, anecdotal and honest, it highlights the need for a return to our roots to raise a healthy, curious and, most importantly, compassionate child.
Karma Duke University Press

Who can resist a good story, especially when it's being told by Grandma? From her bag emerges tales of kings and cheats, monkeys and mice, bears and gods. Here comes the bear who ate some really bad

dessert and got very angry; a lazy man who would not put out a fire till it reached his beard; a princess who got turned into an onion; a queen who discovered silk, and many more weird and wonderful people and animals. Grandma tells the stories over long summer days and nights, as seven children enjoy life in her little town. The stories entertain, educate and provide hours of enjoyment to them. So come, why don't you too join in the fun.

Indian-ish Princeton University Press
 NEW YORK TIMES BESTSELLER • The founder of Momofuku cooks at home . . . and that means mostly ignoring recipes, using tools like the microwave, and taking

inspiration from his mom to get a great dinner done fast.
 JAMES BEARD AWARD NOMINEE • ONE OF THE BEST COOKBOOKS OF THE YEAR: New York Post, Taste of Home David Chang came up as a chef in kitchens where you had to do everything the hard way. But his mother, one of the best cooks he knows, never cooked like that. Nor did food writer Priya Krishna's mom. So Dave and Priya set out to think through the smartest, fastest, least meticulous, most delicious, absolutely imperfect ways to cook. From figuring out the best ways to use frozen vegetables to learning when to ditch recipes and just taste and adjust your way to a terrific meal no matter what, this is

Dave's guide to substituting, adapting, shortcutting, and sandbagging—like parcooking chicken in a microwave before blasting it with flavor in a four-minute stir-fry or a ten-minute stew. It's all about how to think like a chef . . . who's learned to stop thinking like a chef.

Vaishali Ki Nagarvadhu
Prabhat Prakashan Pvt Limited

In her second book, award-winning actor Divya Dutta recounts her experiences with some of the stalwarts of Bollywood who played a significant role in her film journey. She talks about the inspirations they have proved to be in her life through what they did for her and what she learnt from them. From winning an acting scholarship with Sonali

Bendre to sharing a vanity van with Juhi Chawla and her bond with Shabana Azmi, she tells it all with rare candour and humility. Her interactions with stars like Irfan Khan, Amitabh Bachchan, Rakeysh Mehra and many more shows not only the deep impact they had on her life but also how that defined the trajectory of her own career.

Home Body Penguin UK
The Kama Sutra of Vatsyayana by Vatsyayana
The Kama Sutra is an ancient Indian Hindu text widely considered to be the standard work on human sexual behavior in Sanskrit literature written by Vātsyāyana. A portion of the work consists of practical advice on sexual intercourse. It is largely in prose, with

many inserted anustubh poetry verses. "Kāma" which is one of the four goals of Hindu life, means desire including sexual desire the latter being the subject of the textbook, and "sūtra" literally means a thread or line that holds things together, and more metaphorically refers to an aphorism or a collection of such aphorisms in the form of a manual. Contrary to popular perception, especially in the western world, the Kama Sutra is not exclusively a sex manual; it presents itself as a guide to a virtuous and gracious living that discusses the nature of love, family life, and other aspects pertaining to pleasure-oriented faculties of human life.

The Kama Sutra does reveal that Vatsyayana lived the life of a religious student, likely in Benares, and spent his time engaged in the contemplation of the highest Deity. Scholars believe that the tone Vatsyayana takes towards youth in the Kama Sutra suggests that he likely spent many years studying religion before beginning his life's work compiling the wisdom of the sages. Indeed, Vatsyayana was less of a groundbreaking philosopher and apparently more of a diligent academician. Besides transcribing the Kama Sutra more than 300 years after the Shastras had already been passed down, he also transcribed the Nyaya Sutras, an ancient

Indian text of philosophy that was composed by the buddha Gotama in the 2nd century B.C. Whereas the Kama Sutra tackles kama (or sensual pleasures), the Nyaya Sutra delineates paths for achieving moksha, or spiritual liberation from the cycle of birth and death.

Sex Scene Simon and Schuster

What is it like to be known as Mansoor Ali Khan Pataudi's daughter? Or to have a mother as famous as Sharmila Tagore? Or to be recognized as Saif Ali Khan's sister? Or as Kareena Kapoor's sister-in-law? And where do I stand among them? Actor Soha Ali Khan's debut book is at heart a brilliant collection of personal essays where

she recounts with self-deprecating humour what it was like growing up in one of the most illustrious families of the country. With never before published photos from her family's archives, *The Perils of Being Moderately Famous* takes us through some of the most poignant moments of Soha's life—from growing up as a modern-day princess and her days at Balliol College to life as a celebrity in the times of social media culture and finding love in the most unlikely of places—all with refreshing candour and wit.

The Modern Gurukul
HarperCollins

Secret Wars is the first book to systematically analyze the ways powerful states covertly participate in foreign wars, showing

a recurring pattern of such behavior stretching from World War I to U.S.-occupied Iraq. Investigating what governments keep secret during wars and why, Austin Carson argues that leaders maintain the secrecy of state involvement as a response to the persistent concern of limiting war. Keeping interventions “backstage” helps control escalation dynamics, insulating leaders from domestic pressures while communicating their interest in keeping a war contained. Carson shows that covert interventions can help control escalation, but they are almost always detected by other major powers. However, the shared value of limiting war can lead adversaries to

keep secret the interventions they detect, as when American leaders concealed clashes with Soviet pilots during the Korean War. Escalation concerns can also cause leaders to ignore covert interventions that have become an open secret. From Nazi Germany’s role in the Spanish Civil War to American covert operations during the Vietnam War, Carson presents new insights about some of the most influential conflicts of the twentieth century. Parting the curtain on the secret side of modern war, *Secret Wars* provides important lessons about how rival state powers collude and compete, and the ways in which they avoid outright military

confrontations.
