An Introduction to Business Ethics McGraw-Hill Education
MORAL ISSUES IN BUSINESS, 13E examines the moral dilemmas that are common to today's business climate and gives readers

the analytical tools to resolve those issues. Using a combination of true stories, interesting reading selections, and a conversational writing style, this edition prepares readers for the moral quandaries awaiting them in the professional world. Featured topics include: the nature of morality, individual integrity and responsibility, economic justice, pitfalls of capitalism, and corporations' responsibilities to consumers and the environment. Plus, this edition also discusses situation-specific concepts such as downsizing, whistle blowing, sexual harassment, job discrimination, animal abuse, and drug testing. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Case Studies in Business Ethics Routledge

In a field dominated by books that focus exclusively on the perspective of business in large corporations or that assume that business has a moral deficiency in need of reform, Al Gini and Alexei Marcoux offers students and business people alike a concise guide to what everyone ought to do when doing business. Where other books are organized topically, Gini and Marcoux look at the moral features of business that recur across topical areas, stressing the considerations that bear on business people whether they be corporate functionaries, principals in family businesses, or solo entrepreneurs who do it all, end to end. They present to students the essential concepts, ideas, and issues involved in ethics in business and emphasize the individual acting person and what it means to have character and integrity when doing business.

Business Ethics: Decision-Making for Personal Integrity & Social

Responsibility Rowman & Littlefield Publishers

This volume features a selection of articles concerning ethics and the environment. It offers an introduction to the main debates in the area, and deals with such issues as the duty to future generations, resource conservation, species and wilderness preservation. Outlines and Highlights for Introduction to Business Ethics by Joseph R Desjardins, ISBN An Introduction to Business Ethics Serving as an introduction to ethical theory as it applies to environmental issues, this work can also be used as a casebook on contemporary problems of science, industry, and individual decision-making

Business Ethics: Decision Making for Personal Integrity & Social Responsibility Academic Internet Pub Incorporated

Business Ethics: Decision Making for Personal Integrity & Social Responsibility 5e prepares students to apply an ethical decision-making model to make sound business decisions. This model teaches students ethical skills, vocabulary, and tools to apply in everyday business decisions and throughout their business courses. The authors' goal is to engage students by focusing on relevant and interesting cases and business scenarios and then asking them to look at the issues from an ethical perspective. Additionally, its focus on AACSB requirements makes it a comprehensive business ethics text for business school courses. Practical applications throughout the text show how theories relate to the real world. The 5th edition features thoroughly updated statistics and coverage of timely issues and dilemmas throughout the text.

Ethics and the Conduct of Business McGraw-Hill Humanities, Social Sciences & World Languages

Ethical Issues in Developing Business Policies Ethics and the Conduct of Business is a comprehensive and up-to-date discussion of the most prominent issues in the field of business ethics, and the major positions and arguments on these issues. Numerous real-life examples and case studies are used throughout the book to increase understanding of issues, stimulate class discussion, and show the relevance of the discussion to real-life business practice. Note: The focus of Ethics and the Conduct of Business is primarily on ethical issues that corporate decision makers face in developing policies about employees, customers, and the general public. The positions and arguments on these issues are taken from a wide variety of sources, including economics and the law. Teaching and Learning Experience Improve Critical Thinking - A substantial amount of legal material is contained within Ethics and the Conduct of Business. Not only because the law addresses many ethical issues, but also because the management decision-making process must take into account relevant legal practices. Engage Students - This book employs fifty case studies that firmly illustrate the wide variety of issues pertaining to business ethics and enable students to engage in ethical decision making. Support Instructors - Teaching your course just got easier! You can create a Customized Text or use our Instructor's Manual, Electronic "MyTest" Test Bank or PowerPoint Presentation Slides. Plus, a substantial number of cases within Ethics and the Conduct of Business provide the opportunity for a case-study approach or a combined lecture/discussion format for your course.

Studyguide for an Introduction to Business Ethics by Desjardins, Joseph Oxford University Press, USA

Business Ethics: Decision-Making for Personal Integrity & Social Responsibility, 3e is designed to prepare the student to apply an ethical decision-making model, not only in the ethics course but throughout her or his business discipline. This model teaches students ethical skills, vocabulary, and tools to apply in everyday business decisions and throughout their business courses. The authors speak in a sophisticated yet accessible manner while teaching the fundamentals of business ethics. Hartman's professional background in law and her teaching experience in the business curriculum, combined with DesJardins' background in philosophy and MacDonald's ability to distill complicated business transactions into understandable terms, results in a broad language, ideal for this approach and market. The authors' goal is to engage the student by focusing on cases and business scenarios that students already find interesting. Students are then asked to look at the issues from an ethical perspective. Additionally, its focus on AACSB requirements makes it a comprehensive business ethics text for business school courses. The goal for the third edition is to provide "a comprehensive yet accessible introduction to the ethical issues arising in business." Hartman and DesJardins have retained the focus on decision-making as well as the emphasis on both personal and policy-level perspectives on ethics. This edition continues to provide pedagogical support throughout the text. The most noticeable changes involve a thorough updating of distinct items such as Reality Checks, Decision Points, and readings to reflect new cases, examples and data.

An Introduction to Business Ethics Cram101

"The overarching goal in the seventh edition of this text remains what it was for the first edition: "to provide a clear, concise, and reasonably comprehensive introductory survey of the ethical choices available to us in business." This book arose from the challenges encountered in my own teaching of business ethics. Over the years I have taught business ethics in many settings and with many formats. I sometimes relied on an anthology of readings, other times I emphasized case studies"--

An Introduction to Business Ethics McGraw-Hill/Irwin

Introduction to Business covers the scope and sequence of most introductory business courses. The book provides detailed explanations in the context of core themes such as customer satisfaction, ethics, entrepreneurship, global business, and

managing change. *Introduction to Business* includes hundreds of current business examples from a range of industries and geographic locations, which feature a variety of individuals. The outcome is a balanced approach to the theory and application of business concepts, with attention to the knowledge and skills necessary for student success in this course and beyond.

Environmental Ethics McGraw-Hill Medical Publishing

This book contemplates the ethics of responsibility in a large range of meanings, consequences and impacts. It reflects the perspectives and reasoning of 24 authors from all continents. All chapters are original papers presented at the Fifth World ISBEE Congress, that took place in Warsaw, Poland, at the Kozminski University, on 11-14 of July, 2012. In this book, ethics and responsibility are considered essential traits of character, not only in the business or governmental arenas but in any initiative, decision and activity. The contributions to this book focus on a spectrum of themes, terms and concepts, the global corporate social responsibilities perspective covering impacts, challenges, analysis, criticism, consequences of important topics of real life, sustainability, international economy and regimes, corruption, poverty and violence, among others. The book is intended for academics, researchers and professionals in all continents who are dedicated to Ethics, Business Ethics, Corporate Social Responsibility, Social Innovation, and Sustainability Management. *An Introduction to Business Ethics* Oxford University Press, USA
In his ground-breaking new textbook, Mick Fryer offers students of Business Ethics clear explanations of a range of theoretical perspectives, along with examples of how these perspectives might be used to illuminate the ethical challenges presented by

business practice. The book includes: Realistic scenarios which gently introduce a theory and demonstrate how it can be applied to a real-life ethical dilemma that everyone can relate to, such as borrowing money from a friend Real organisational case studies in each chapter which illustrate how each theory can be applied to real business situations. Cases include Nike, Coca Cola, BMW, Shell, Starbucks and GSK 'Pause for Reflection' boxes and 'Discussion Questions' which encourage you to challenge the

established notions of right and wrong, and empower you to develop your own moral code Video Activities in each chapter with accompanying QR codes which link to documentaries, films, debates and news items to get you thinking about real-life ethical dilemmas Visit the book's companion website for self-test questions, additional web links and more at: study.sagepub.com/fryer
