 CorelDraw 2019 Training Book

CorelDraw is introduced from the beginning, step by step, with lots of exercises. Easy learning by doing! Using this graphics program is almost playful, because this book is not a collection of material, but a training book, proven and developed from numerous computer courses.

Printed in full color. With many pictures and illustrations.

From the content:

- Drawing tools: pen, brush, eraser, spray can, polyline ...

- Tools such as grids and

guides for precise drawing

- Set colors and fillings, fill patterns ...

- Effects for graphics such as extruding, wrapping, fading, etc.

- Install pictures and clip art ....

- Quantity text and graphic text ...

- Create business cards, leaflets, brochures, graphics ...

With lots

of exercises, the material is explained step by step, to be understood on your PC.

Of course, a lot can be looked up on the Internet today, but

beginners usually do not know what is possible with a graphics program and therefore do not even come up with the idea of looking for it, here the book takes the reader by the hand and

shows exercise for exercise the possibilities and drawing techniques.

After completing your studies, you can not only draw private DVD stickers or birthday invitations, but also design professional applications, e.g. company logos or advertising posters, for the latter our Built-Up Volume is recommended as an addition.

We have three books on almost every version of CorelDRAW: a training book for the CorelDRAW graphics drawing program, a training book for the Corel Photo-Paint photo program (for photo editing) included in the CorelDRAW Suite, and a Built-Up Volume for both with more sophisticated exercises and techniques.
