In 2007, the United Nations adopted the UN Declaration on the Rights of Indigenous People, a landmark political recognition of indigenous rights. A decade later, this book looks at the status of those rights internationally. Written jointly by indigenous and non-indigenous scholars, the chapters feature case studies from four continents that explore the issues faced by Indigenous Peoples through three themes: land, spirituality, and self-determination.

Twentieth-century Spanish poetry has received comparatively little attention from critics writing in English. Andrew Debicki now presents the first English-language history published in the United States to examine the sweep of modern Spanish verse. More important, he is the first to situate Spanish poetry in the

context of European modernity, to trace its trajectory from the symbolists to the postmodernists. Avoiding the rigid generational schemes and catalogs of names found in traditional Hispanic literary histories, Debicki offers detailed discussions of salient books and texts to construct an original and compelling view of his subject. He demonstrates that contemporary Spanish verse is rooted in the modern tradition and poetics that see the text as a unique embodiment of complex experiences. He then traces the evolution of that tradition in the early decades of the century and its gradual disintegration from the 1950s to the present as Spanish poetry came to reflect features of the postmodern, especially the poetics of text as process rather than as product. By centering his study on major periods and examining within each the work of poets of different ages, Debicki develops novel perspectives. The late 1960s and early 1970s, for example, were not merely the setting for a new aestheticist generation but an era of exceptional creativity in which both established and new writers engendered a profound, intertextual, and often self-referential lyricism. This book will be essential reading for specialists in modern Spanish letters, for advanced students, and for readers interested in comparative literature.

At the Sign of Midnight Taylor & Francis

Morris White escaped the crime and working-class roots in the Philly projects by learning to cook. He's got great taste and impeccable kitchen skills, and now he's a Sous Chef at a first-rate Philadelphia French bistro. The stove burners aren't the only thing that's on fire in Morris's life, since his affair with Vicky Ward has just heated up. She's the manager at the bistro and comes from money and a privileged background. Together, they're dreaming of opening their own restaurant, where she'll run the front-of-the-house business and he'll run the kitchen. But their dream gets sidetracked when Morris takes in his half-brother, Vince Kammer, who's just been released from prison. Vince did time for a jewelry store robbery that went sideways, and the local mob boss who bankrolled the crime, Johnny "Stacks" Staccardo, is insisting that Vince pull another job to make up for the loss of the jewels he never received. Johnny Stacks has his gangster wannabe henchmen, Lenny and Mo, riding Vince pretty hard, and to make matters worse, Dick Franks, the corrupt cop who originally investigated the jewelry store heist, has gotten wind that Vince is out of the can. Franks believes Vince has the missing diamonds, and there's not much that Franks won't do to get his hands on those stones. When Morris discovers Vince's predicament, he has to summon the inner tough guy from his youth (and dig up a gun he had hidden away), to keep Vince from doing anything stupid. Caught between the gangsters, the vicious Dick Franks, and Vince's own desire for revenge, Morris risks losing his new love, his dreams, even his life in order to save Vince from himself. Praise for *DARK AS NIGHT*: "Dark as Night is a funny, violent, and damn near perfect noir. If you like your heroes flawed, your villains amoral, and your body count high, you might well think that Mark T. Conard has been reading your mind. A fantastic debut." -Tod Goldberg, author of *Living Dead Girl* "If you crossed Anthony Bourdain's *Bone in the Throat* with Abel Ferrara's *Bad Lieutenant* and threw in a little bit of Carl Hiaasen for good measure you might get something like Mark T. Conard's funny and brutal *Dark as Night*. He's one to watch." -Scott Phillips, author of *The Walkaway*

"The most important work of fiction by an American in this literary generation." -The New Republic Now celebrating the 50th anniversary of its publication, Omensetter's Luck is the masterful first novel by the author of *The Tunnel*, *Middle C*, *On Being Blue*, and *Eyes: Novellas and Stories*. Greeted as a masterpiece when it was first published in 1966, Omensetter's Luck is the quirky, impressionistic, and breathtakingly original story of an ordinary community galvanized by the presence of an extraordinary man. Set in a small Ohio town in the 1890s, it chronicles - through the voices of various participants and observers - the confrontation between Brackett Omensetter, a man of preternatural goodness, and the Reverend Jethro Furber, a preacher crazed with a propensity for violent thoughts. Omensetter's Luck meticulously brings to life a specific time and place as it illuminates timeless questions about life, love, good, and evil. This edition includes an afterword written by William Gass in 1997. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

"¿Podría ser posible? ¡Este viejo santo en el bosque aún no ha oído hablar de él, que Dios está muerto!" "El antiguo profeta persa Zarathustra descende de una vida de soledad en la montaña para anunciar al mundo que Dios ha sido suplantado por el "Superhombre", lo divino en forma humana. En una de las obras más radicales e influyentes de la filosofía moderna, Friedrich Nietzsche expone los nuevos estándares de moralidad después de la "muerte de Dios". Frecuentemente tergiversado (y secuestrado con un propósito peligroso por los intelectuales nazis), Spake Zarathustra es una obra de brillantez profunda y dominio poético que todavía proporciona significado en el mundo complejo y cambiante de hoy.

Although only 2 percent of Colombia's population identifies as indigenous, that figure belies the significance of the country's indigenous movement. More than a quarter of the Colombian national territory belongs to indigenous groups, and 80 percent of the country's mineral resources are located in native-owned lands. In this innovative ethnography, Joanne Rappaport draws on research she has conducted in Colombia over the past decade—and particularly on her collaborations with activists—to explore the country's multifaceted indigenous movement, which, after almost 35 years, continues to press for rights to live as indigenous people in a pluralistic society that recognizes them as citizens. Focusing on the intellectuals involved in the movement, Rappaport traces the development of a distinctly indigenous modernity in Latin America—one that defies common stereotypes

of separatism or a romantic return to the past. As she reveals, this emerging form of modernity is characterized by interethnic communication and the reframing of selectively appropriated Western research methodologies within indigenous philosophical frameworks. *Intercultural Utopias* centers on southwestern Colombia's Cauca region, a culturally and linguistically heterogeneous area well known for its history of indigenous mobilization and its pluralist approach to ethnic politics. Rappaport interweaves the stories of individuals with an analysis of the history of the Regional Indigenous Council of Cauca and other indigenous organizations. She presents insights into the movement and the intercultural relationships that characterize it from the varying perspectives of regional indigenous activists, nonindigenous urban intellectuals dedicated to the fight for indigenous rights, anthropologists, local teachers, shamans, and native politicians.

The book you hold in your hands is an interdisciplinary study on diaspora literacy in Afro-Central America. An exploration through various imaginings of times past, this study is concerned with how oxymoron, metonymy, and multilingualism deploy pluricentric belonging. By exploring the interlocking of multiple roots that have developed on account of routes, rhizomatic historical imaginations are unearthed here so as to imagine an other Costa Rica. *A Black Costa Rica*.

NEW YORK TIMES BESTSELLER • One million copies sold! "A deeply spiritual book [that] honors what is tough, smart and untamed in women."—*The Washington Post* Book World Book club pick for Emma Watson's *Our Shared Shelf* Within every woman there lives a powerful force, filled with good instincts, passionate creativity, and ageless knowing. She is the Wild Woman, who represents the instinctual nature of women. But she is an endangered species. For though the gifts of wildish nature belong to us at birth, society's attempt to "civilize" us into rigid roles has muffled the deep, life-giving messages of our own souls. In *Women Who Run with the Wolves*, Dr. Clarissa Pinkola Estés unfolds rich intercultural myths, fairy tales, folk tales, and stories, many from her own traditions, in order to help women reconnect with the fierce, healthy, visionary attributes of this instinctual nature. Through the stories and commentaries in this remarkable book, we retrieve, examine, love, and understand the Wild Woman, and hold her against our deep psyches as one who is both magic and medicine. Dr. Estés has created a new lexicon for describing the female psyche. Fertile and life-giving, it is a psychology of women in the truest sense, a knowing of the soul.

An atmospheric young adult novel from bestselling *The Shadow of the Wind* author Carlos Ruiz Zafón, translated from the original Spanish by acclaimed translator Lucia Graves. It's wartime, and the Carver family decides to leave the capital where they live and move to a small coastal village where they've recently bought a home. But from the minute they cross the threshold, strange things begin to happen. In that mysterious house still lurks the spirit of Jacob, the previous owners' son, who died by drowning. With the help of their new friend Roland, Max and Alicia Carver begin to explore the strange circumstances of that death and discover the existence of a mysterious being called the Prince of Mist—a diabolical character who has returned from the shadows to collect on a debt from the past. Soon the three friends find themselves caught up in an adventure of sunken ships and an enchanted stone garden—an adventure that will change their lives forever.
