boats instead of just one.

But here is the special thing... This coloring book not only entertains the child who has to color the shapes and white spaces of all the ferries drawn, but it does much more: in fact, some parts of the ferries are drawn with a dotted line that the child has to go through again.

So, children can also have fun drawing and try to develop in this way both the ability to color the illustrations and the basics of the drawing (reviewing the dotted lines on the drawings). In this coloring book with trains, there are 15 different ferries to color and draw. If your child is a boat /ships /ferry enthusiast he is 100% sure that he will have a great time. Each page is large, A4 (8.5 x 11 inches) and is printed with the highest quality, forming a super sharp image that every child will surely enjoy coloring. Each coloring page is printed only on one side of each sheet to prevent the color from fading or passing through the sheet while your child exercises his creativity without limits.
