In The Mother of Mohammed, Four Corners journalist Sally Neighbour tells the extraordinary story of how a dope-smoking beach bunny from Mudgee, Robyn Hutchinson, became Rabiah-a member of the jihadist elite. Known among her peers as 'the mother of Mohammed', and as 'the Elizabeth Taylor of the jihad' in CIA circles, Rabiah lived for twenty years on the frontlines of the global holy war. With a reputation for tough investigative journalism, Sally Neighbour persuaded Rabiah to tell her story. She investigates how Rabiah became a trusted insider to the Jemaah Islamiyah, Taliban and al Qaeda leaderships, and married a leading figure in Osama bin Laden's inner sanctum. In The Mother of Mohammed Sally Neighbour discovers a world of converts and true believers. This unique and confronting account from inside the jihad helps us to understand the magnetism of the Islamist cause. [Today You Forgive Me. This book is a reminder of what is important in The Kingdom of God. You will remember that the deepest revelations of The Kingdom can be understood by a child. Speaking Kingdom language is not the 'christian-ese' that many have learned in order to sound spiritual but the beautiful languages spoken by The King of The Kingdom. The true language of Kingdom is expressed in Body Language which is best expressed in action not

words. Christian, Pastor and most importantly Son Tim McDonald was reminded by The King Himself of the need to go back to the basics and learn the fundamentals of The Kingdom. As you read you will recognize the sound of the faith from which flow the riches of every revelation from God. This book is a gentle reminder on how to speak Kingdom.

The author reflects on her thirty years as a pastor in various settings, both as a settled pastor and as Interim Pastor. She writes of her early life and her sense of Call at the age of thirteen yet unable to answer that Call for almost 30 years. The struggles of being a woman in a male dominated ecclesiastical world and other challenges which the author has overcome makes for fun but serious reflections.

A Journey You Must Think Through, November 26, 2001 On my wedding day, November 26, 1961, I paid a photographer to take pictures of me and my beautiful bride. He did not show up. Only one camera was there, and it belonged to my oldest niece, Revonja Fletcher. She only had one exposure left in her camera. She took our picture at the reception held in the fellowship hall of New Hope Church after we said our vows. The most important thing I learned from planning this event was that I should always have a backup plan. On our fortieth wedding anniversary, I had over a dozen cameras ready to take pictures of the event. Everything was photographed that time. Whenever Gladys and I attend any event, many young people look upon us as role models for a successful marriage. My advice to those who are thinking of getting married is this: count the cost before you say "I do." There is only one other commitment in life more significant than a marriage vow, and that is the one in which we say to God, "Lord, here am I. I'll go, even if I have to go by myself, but I will serve you unto death." Jesus Christ and my wife, Gladys, are the best things that ever happened to me on this extraordinary journey. If you don't think so, excuse me. I do. I am enjoying the journey of my life by helping in words and deeds. Sometimes while traveling from city to city, I'll see children playing in the street, some on playgrounds others in their yards. I stop and talk to them, encouraging them to love one another. I tell them to go to church when possible and work hard at excelling in school. With their parent's permission, I give them monetary gifts. I tell them to always remember what the Bible says in Ephesians 6:1-2: "Children obey your parents in the Lord; for this is right. Honor thy father and mother?". This is the first commandment with a promise. You may be just like me: going through life as a high school dropout. If you read page 8, "Coming up as an innovator to beat the odds? you will understand why I got behind in school and needed some catching up in my education. As an adult, I realized I would not be able to successfully survive without going back to school. I wanted my best self to come forward. Education is the key to success. I am thankful for the God given talents that have allowed me to be successful doing the things that interest me. Now don't fool yourself, it won't come easy. I challenge all of my readers not to quit; but keep pressing forward. You are at the steering wheel of your future. So get started. I close with this thought: The only things that last are things you do for God. It is my hope that you will accept these words and ideas that I am sharing with you. If not, "EXCUSE ME? TO GOD BE THE GLORY." (The Author)

Pardon me, but you're stepping on my heart is the second volume for the book The Tears Behind My Smile, based on the life of a girl who had been through the worst days of her life and still stood like a queen. She had been mistreated by her loved ones and taken advantage of by the people she had trusted the most. The entire book revolves around her journey in which she saw the true colors of people in her time of need. Although her life-long lessons tore her into pieces, she still learned from them; instead of becoming the victim of everything. Everyone in her surroundings doubted her for not being strong enough and fighting the demons in her life. However, she proved all of them wrong and became the best version of herself. Whomsoever she trusted; always betrayed and wronged her. Thus, she started to be herself and stay away from everyone who claimed to love or look after her. Later, she realized that everyone becomes toxic in their life, but the true survivor is the one who accepts their faults and improves their selves, and she considers the true essence of life. There came a stage in her life where she decided to take steps for all those people, especially women whose voices were manipulated or suppressed due to someone else's dominance. She also remembered how her ex-husband mistreated and kicked her out of the house, just like her parents did. She still understood his mentality, who had been a victim of abuse from his parents. No matter how many times she had been played, manipulated, wronged, or taken for granted, she never looked back because she had an optimistic approach to seeing things. In addition, in each step of her life, she remained thankful to God, who did not leave her hand in the hard times. She guided her readers to be realistic, no matter what social media is showing them, because, behind the cameras, everyone has to go through something they do not speak of. To get over her past, she made sure to make herself busy at work, where she again saw horrible faces behind the kindest smile. There too, she acted patiently and saw people reaping what they had sown. She remained thankful to her childhood friends, who never left her way and helped her fight her toxic ex-husband. She acknowledged and realized the power of unity and witnessed how it turned the tables. She asked the readers to remain grateful and helpful to the people around us because we never know when we might need their help or concern in this predictable life. Finally, yet importantly, she claimed self-love above all, as when people love themselves, they become contagious towards the better things and

people in life. Thus, the main theme is to trust and love yourself, no matter where you are and how others treat you.

Arman is just a boy when he is forced to leave his home and embark on the most extraordinary journey. Separated from family and friends, he travels across mountains, land and sea to find refuge. After encountering bandits, war and wolves, and surviving a hazardous boat crossing, he arrives at Dover, clinging to the underside of a lorry. Little did he know, his journey had just begun. Unable to speak English, Arman battles loneliness, despair and the reawakening of his traumas in this new strange place. Memories of his family haunt him. The dark clouds almost consume him. And still he persists, step-by-step. What follows is a struggle for self-understanding, and the great strength it takes to overcome the trauma we carry. Running through is the long journey to find peace, and how education is the most powerful tool to seeing one's life through new eyes. This is the unforgettable, heartfelt and transformative story, from a child who deserved to live in safety, not flee in fear. Arman's is a powerful new voice you won't forget and Across Mountains, Land and Sea the perfect book for fans of I Am Malala, Educated and Butterfly.

Each of us has at least once in our lifetime come into contact with nurses of all backgrounds, whether in the course of being cared for or while they care for our family and friends. More often than not, we have seen nurses as what they truly are: compassionate professionals who often go above and beyond the call of duty in an unequivocally selfless manner. But not many of us have taken time to ponder over the challenges nurses confront, the experiences they encounter, and the stories that come with these opportunities to change peoples lives and be sometimes changed in the course of doing so. This book, Nursing Stories: Ordinary People, Extraordinary Journey, chronicles the challenges nurses face, the camaraderie they share, the experiences they have, and their unfaltering desire to make a difference. Many nurses of diverse specialties working across the globe have, in this book, succinctly told their stories, experiences, and challenges, not only to promote nursing as a profession in which one can make a difference, but also as one in which the difference one makes can help shape ones outlook on life. Every new page in this book highlights that while nurses try to change lives, a lot of them end up being changed themselves. Nursing Stories: Ordinary People, Extraordinary Journey is a compilation of actual life-transforming stories that range from subtly hilarious stories to confronting clinical experiences. Some of the stories are intriguing, challenging, inspiring, scary, or outright inconceivable. Welcome to the world of nursing, welcome to Nursing Stories: Ordinary People, Extraordinary Journey.

This book employs a history of ideas approach to trace the complex journey of the Revolutionary Communist Party (RCP) and its afterlives. Although the RCP existed for barely two decades, it left a curiously lasting impact on British politics, and its legacies have provoked bewilderment, suspicion, and animosity. Formed as the Revolutionary Communist Tendency in 1978, the RCP represented a distinct and often controversial offshoot of the Trotskyist left. Campaigning principally around 'unconditional support for Irish freedom' and anti-racism, RCP cadres expounded an independent revolutionary politics to supersede capitalism. In the 1990s, however, the RCP leadership ruefully declared that the working class had suffered an historic defeat, and the party dissolved in 1996. Combining wide-ranging archival research and twenty-four life-history interviews with former activists, Preparing for Power examines ideological continuity and change among the ex-RCP milieu. Explaining the party's key ideas, their evolution, and their retrospective contestation, Jack Hepworth analyses the RCP's trajectory in a broader political context. In doing so, Hepworth illuminates a network which has been the subject of considerable media sensation and polemical attention.

It starts as a story ripped from the headlines of the war-torn Middle East. An extremist faction of Islam bombs a church during a service. The one door in the back isn't big enough for five hundred people trying to escape. Some are killed. But after the chaos and fire and smoke, one young woman comes back to life. In this thrilling true tale, death does not have the final word. From the first time Samaa heard the Lord Jesus calling her out of Islam into faith in Him, till she met Him face to face in heaven, her life is marked by God's supernatural love and power. Full of hope and encouragement, and overflowing with Jesus' love, her riveting account reveals the power of God to break through any circumstance--and is a moving reminder that, in a place beyond what we can imagine, we have a Savior waiting to welcome us face to face.
