*Embroidered Kitchen Garden* Tuttle Publishing

This book has over 50 floral and nature theme embroidery designs. The designs include: thistles, heather, gorse, bluebells, snowdrops, orchids and Scottish flame flowers along with Scottie dogs, deer, sheep, Highland cattle, birds, bees, butterflies, moths, an owl, dragonflies and cottages. It also includes floral heart motifs and lots of little extra designs. De-ann Black is the designer and illustrator. The motifs are created from her original artwork. The Scottish garden theme is based on flowers from her garden in Scotland and the beautiful Scottish countryside and coastal flora where she lives. The book contains full-size templates on single-sided pages so you can trace or transfer the designs on to fabric ready for embroidering. The designs are ideal for hand stitching and hoop embroidery. Many of the motifs fit into standard size 7 inch, 6 inch, 5 inch and 4 inch hoops. Lots of the main designs have smaller/larger size versions included, along with other little motifs suitable for stitching. Please note: This is a book of embroidery designs only (motifs, templates). It does not contain sewing or stitching instructions. Just the designs. Please take a peek inside the book using the look inside feature to see a sample of the contents. You can choose your favourite stitches and threads to sew the designs. Pictures of some of the items are shown on the cover of the book. These were stitched by De-ann to show how some of these designs look when embroidered. De-ann's artwork and illustrations are also part of her fabric collections, including her Scottish Garden and Flower Hunter fabric collections. Further details about De-ann's books, art, illustrations and fabric designs are available from her website [www.De-annBlack.com](http://www.De-annBlack.com) Her other embroidery book, *Floral Nature Embroidery Designs*, is also available, along with her colouring books including *Summer Garden*, *Flower Bee*, *Spring Garden*, *Autumn Garden* and *Scottish Garden Seasons*. De-ann writes fiction and non-fiction books with over 70 titles published. See her Amazon Author page for her latest books.

The task of picking just the right palette for an embroidery project can be overwhelming to beginners and experienced stitchers alike. But when you take away that challenge, a whole world of texture and style becomes available. Here Japanese designer Yumiko Higuchi presents embroidery motifs to be stitched using just one or two colors—creating patterns and designs that are more evocative for their form than for a play of colors. Each embroidery design is paired with a simple craft project, transforming the stitched fabric into a functional object, including pouches, pillows, aprons, and more. With beautiful photographs, clear step-by-step instructions, and detailed diagrams, Zakka Embroidery will be an inspiring guide for those new to embroidery and a delightful experience for those experienced with needle and thread.

Here she has compiled fresh and appealing designs that depict the pretty, romantic illustrations typical of the Victorian and post-Victorian eras. Each project is accompanied by a detailed thread diagram which shows exactly which colour should be used and where. The small size of the designs allows for great flexibility in their final use such as group framing, making up into cushions, book covers, quilt squares, needle cases, box lids, tote bags, pockets on clothing and so on.
