If You are a Kaka, You Eat Doo-doo NorthSouth Books

An easy-to-read graphic novel about two very funny brothers, from the guy behind Fly Guy and his storyteller friends. Mac and Mac, who love pie and hate making their beds, are hollow-headed. "See in here? Nothing! Zippo! Nada!" Mac explains. That's why they're so easy to fool—and their clever friend Meatball isn't afraid to take advantage of that fact. Illustrated by Tedd Arnold, whose Fly Guy series is a kid favorite, this graphic novel is perfect for comic fans and reluctant readers, with short, funny chapters following Mac and Mac through ridiculous adventures. Full of wordplay, jokes, and slapstick humor, the Noodlehead series is sure to delight. Based on traditional world folktales and stories of fools, the Noodleheads also encourage critical thinking, inviting kids to use their noodles- spotting the holes in the brothers' grand plans, and anticipating how things will go awry. Source notes from professional storytellers Martha Hamilton and Mitch Weiss provide more information about the traditional stories that inspired Mac and Mac's mishaps, showing how these comic motifs feature in folklore and legends all around the world and offering opportunities for further reading. This easy-to-read series, including the Geisel Honor book Noodleheads See the Future, is an accessible introduction to stories of fools, and a great next read for fans of the Fly Guy books.

A compendium of fascinating, weird, and gross facts about excrement.

Something Smells! Random House

Logan and his robot cousin Java are playing ball in the garage, a.k.a. Mom's lab, when they accidentally break her haircutting machine. They need to get a new one fast! The good news: they find one online. The bad news: it's going to cost a lot of money. So the pair tries out a series of jobs to make some quick cash—dusting the furniture (Mom didn't mean dumping the dust from the vacuum on the couch), holding a flea market (10 cents a flea!), and even starting a dog grooming/walking business (which is pretty ruff). Finally, they decide to try a bake sale, only they're out of chocolate chips, so they use bacon instead. Customers think their cookies are disgusting, but a dog accidentally gets one and scarfs it right down. Logan and Java make a lousy cookie, but a perfect dog treat! After earning the money they need, they buy the new haircutting machine and slip it into Mom's workshop so she'll never know. Or will she? International bestselling author Nancy Krulik and her incredibly talented daughter, Amanda Burwasser, spin hilarious high jinks in the fifth book in the Project Droid series, which combines the literalness of Amelia Bedelia with a wacky modern edge, making for hours of laughter. And the fun continues with an activity in the back!

A liltting kitty mystery combines with rain-centered facts to create an utterly charming fiction/nonfiction picture book. As kids are invited on the search

for Kitty, they'll also discover what different animals do to enjoy, or avoid, a rainy day. Harriet Ziefert's rhyming couplets pair beautifully with Brigitte Barrager's lush art to make a combination that is sure to please young readers and adults alike. What makes a duck waterproof? Where do butterflies hang out to stay dry? What serves as a built-in umbrella for a squirrel? Created especially for younger readers, here's a unique title that's part mystery, part science, and all curiosity-inspiring fun!

Zippy Chippy is descended from the leading legends of horse racing. He is destined for greatness and glory. But . . . when the starting bell rings, it's anybody's guess what Zippy will do. Will Zippy go for a gentle trot around the track or stop and smell the roses? Or, perhaps, never even leave the starting gate?! With mischief in his makeup, he's known to stick his tongue out at people and chew up the hats of passersby. And he's always trying to break out of his stall. What's an owner to do? Try and try again! After all, he believes in Zippy—and, besides, the horse is now a part of the family. But as Zippy's losses mount, a funny thing happens. People start to take notice of the hapless, cupcake-eating horse. Could it be that they're betting on Zippy to win? This remarkable story of the famed racehorse who lost every race is sure to win your heart!

Have you ever wondered all about poop? Why our bodies make such stinky goop? And where does it go after we wipe when the poop is flushed into a pipe? So begins the adventure of an inquisitive little boy and his charming dog as they discover how poop is formed and where it ends up. With humorous rhymes, children learn about the digestive system, septic tanks, sewage plants, and even proper bathroom etiquette. At the end of the book there's a bonus "Five Things to Remember About Poop" page as well as an educational poop trivia. Written by award-winning mum blogger Kate Hayes, this book will delight children (and parents) with its funny, yet educational, take on poop.

Fourteen-year-old Roonie loves hip-hop almost as much as she loves her grandmother. Roonie cannot wait to compete in her school's dance competition. But as her grandmother's health deteriorates, Roonie becomes more and more reluctant to visit her in the care home. These feelings of guilt and frustration cause Roonie to mess things up with her hip-hop dance partner and best friend, Kira. But while doing some volunteer hours in the hospital geriatric ward, Roonie meets an active senior recovering from a bad fall. Their shared love of dance and the woman's zest for life help Roonie face her fears, make amends with Kira and reconnect with Gram before it's too late.

Feet. They're everywhere! We share them with bats, cats, rats, even gnats! But not all feet are the same. Some are sticky, and some are stinky. Some can hear, and some can taste. There's a wondrous world of feet out there, especially animal feet. It gives one paws. Artie Bennett directs his gaze downward now to deliver the final word on feet. In well-crafted, hilarious verses that teem with facts and fun, Artie identifies the parts of the foot, the

unique adaptations of assorted animal feet, the largest human feet ever, and much, much more. Mike Moran, acclaimed illustrator of *Poopendous!*, puts his best foot forward with uproarious artwork that both enlightens and delights. Feet have never been in better hands! There's even a two-page fact spread, "Feet Notes," for those eager to jump into this fascinating subject with both feet. What's Afoot! is guaranteed to knock your socks off! Artie and Mike collaborated earlier on *Poopendous!*, about which the Huffington Post crowed, "It appears there is no topic Mr. Bennett can't make funny and educational." And the Bay Weekly said, "Bennett's rhymes and Mike Moran's colorful cartoonish illustrations make the book a joy for kids and adults."

The gripping, true story of a brutal serial killer who unleashed his own reign of terror in Nazi-Occupied Paris. As decapitated heads and dismembered body parts surfaced in the Seine, Commissaire Georges-Victor Massu, head of the Brigade Criminelle, was tasked with tracking down the elusive murderer in a twilight world of Gestapo, gangsters, resistance fighters, pimps, prostitutes, spies, and other shadowy figures of the Parisian underworld. But while trying to solve the many mysteries of the case, Massu would unravel a plot of unspeakable deviousness. The main suspect, Dr. Marcel Petiot, was a handsome, charming physician with remarkable charisma. He was the "People's Doctor," known for his many acts of kindness and generosity, not least in providing free medical care for the poor. Petiot, however, would soon be charged with twenty-seven murders, though authorities suspected the total was considerably higher, perhaps even as many as 150. Petiot's trial quickly became a circus. Attempting to try all twenty-seven cases at once, the prosecution stumbled in its marathon cross-examinations, and Petiot, enjoying the spotlight, responded with astonishing ease. Soon, despite a team of prosecuting attorneys, dozens of witnesses, and over one ton of evidence, Petiot's brilliance and wit threatened to win the day. Drawing extensively on many new sources, including the massive, classified French police file on Dr. Petiot, *Death in the City of Light* is a brilliant evocation of Nazi-Occupied Paris and a harrowing exploration of murder, betrayal, and evil of staggering proportions.

He was always destined to be a champion. Royally bred, with English and American classic winners in his pedigree, Sir Barton shone from birth, dubbed the "king of them all." But after a winless two-year-old season and a near-fatal illness, uncertainty clouded the start of Sir Barton's three-year-old season. Then his surprise victory in America's signature race, the Kentucky Derby, started him on the road to history, where he would go on to dominate the Preakness and the Belmont Stakes, completing America's first Triple Crown. His wins inspired the ultimate chase for greatness in American horse racing and established an elite group that would grow to include legends like Citation, Secretariat, and American Pharoah. After a series of dynamic wins in 1920, popular opinion tapped Sir Barton as the best challenger for the wonder horse Man o' War, and demanded a match race to settle once and for all which horse was the greatest. That duel would cement the reputation of one horse for all time and diminish the reputation of the other for the next century -- until now. *Sir Barton and the Making of the Triple Crown* is the first book to focus on Sir Barton, his career, and his historic impact on horse racing. Author Jennifer S. Kelly uses extensive research and historical sources to examine this champion's life and achievements. Kelly charts how Sir Barton broke track records, scored victories over other champions, and sparked the yearly pursuit of Triple Crown glory. This book reveals the legacy of Sir Barton and his seminal contributions to Thoroughbred racing one hundred years after his pioneering achievement.

Is "The Origin of Feces" a Darwinian concern? Perhaps not, but it is the title to the preface of this tongue-in-cheek and unexpectedly revealing exploration of human behavior by the webmaster behind the popular PoopReport.com. This book is not a history of poop, but a study of today. Its goal is to understand how poop affects us, how we view it, and why; to appreciate its impact from the moment it slides out of our anal sphincters to the moment it enters the sewage treatment plant; to explore how we've arrived at this strange discomfort and confusion about a natural product of our bodies; to see how this contradiction—the natural as unnatural—shapes our minds, relationships, environment, culture, economics, media, and art. Paul Provenza, the director of *The Aristocrats*, says in his foreword: "It's shocking to think that a book about poop can be considered an act of courage. But it is. Most of us have knee-jerk responses to the topic that we are not even aware of. Attitudes that, like the awful stench of poop itself, permeate all of society and culture. This book has some very profound and beautiful things to say. It takes a dirty, smelly, unpleasant subject like shit and brings forth ideas that are empowering, dignifying and life affirming."
