Mary Lambert has always felt safe and protected on her beloved island of Martha's Vineyard. Her great-great-grandfather was an early English settler and the first deaf islander. Now, over a hundred years later, many people there - including Mary -- are deaf, and nearly everyone can communicate in sign language. Mary has never felt isolated. She is proud of her lineage. But recent events have delivered winds of change. Mary's brother died, leaving her family shattered. Tensions over land disputes are mounting between English settlers and the Wampanoag people. And a cunning young scientist has arrived, hoping to discover the origin of the island's prevalent deafness. His maniacal drive to find answers soon renders Mary a "live specimen" in a cruel experiment.

Her struggle to save herself is at the core of this penetrating and poignant novel that probes our perceptions of ability and disability.

A Literature Kit. This story is an emotional and vivid portrayal of the relationship between a child and her teacher. Helen Keller is rendered deaf and blind at an early age, and by the

time she is six years old her behavior becomes completely unmanageable. In desperation, her parents send for teacher Annie Sullivan to bring some discipline into the spoiled child's life. Helen and Annie become locked in a ferocious battle of wills but Annie is determined to bring a sense of discipline into Helen's life. Annie teaches Helen words by constantly spelling them into Helen's palm. Although Helen can spell them back, she doesn't understand that these words actually represent things. At the water pump Annie spells water into Helen's hand and suddenly the miracle happens; Helen understands.

This is written in remembrance of Gibson's deceased parents and in honor of their lives. In reflecting on them he in turn makes it a tribute to parenthood and a dedication to his own children.

Gibson's language is striking in its poignancy. Despite the title, this is not a religious work, but a work of love from a

child to parent and from the child-become-parent to his own children. Interspersed between the reminiscences of his parents and his childhood, Gibson inserts achingly beautiful epistles to his children for their guidance about life and parenting.--Adapted from barnesandnoble.com.

 "Mrs. Robinson, you're trying to seduce me. Aren't you?" These famous lines from *The Graduate* (1967) would forever link Anne Bancroft (1931–2005) to the groundbreaking film and confirm her status as a movie icon. Along with her portrayal of Annie Sullivan in the stage and film drama *The Miracle Worker*, this role was a highlight of a career that spanned a half-century and brought Bancroft an Oscar, two Tonys, and two Emmy awards. In the first biography to cover the entire scope of Bancroft's life and career, Douglass K. Daniel brings together interviews with dozens of her friends and colleagues, never-before-published family photos, and material from film and theater archives to present a portrait of an artist who raised the

standards of acting for all those who followed. Daniel reveals how, from a young age, Bancroft was committed to challenging herself and strengthening her craft. Her talent (and good timing) led to a breakthrough role in *Two for the Seesaw*, which made her a Broadway star overnight. The role of Helen Keller's devoted teacher in the stage version of *The Miracle Worker* would follow, and Bancroft also starred in the movie adaption of the play, which earned her an Academy Award. She went on to appear in dozens of film, theater, and television productions, including several movies directed or produced by her husband, Mel Brooks. *Anne Bancroft: A Life* offers new insights into the life and career of a determined actress who left an indelible mark on the film industry

while remaining true to her art.

A Cry of Players Dramatists Play Service, Inc.

As early as Plato, theorists acknowledged the power of theatre as a way of teaching young minds. Similarly, starting with Plato, philosophers occasionally adopted an anti-theatrical stance, worried by the “dangers” theatre posed to society. The relationships between learning and theatre have never been seen as straightforward, obvious, or without contradictions. This volume investigates the complexity of the intersection of theatre and learning, addressing both the theoretical and practical aspects of it. In three sections—Reflecting, Risking, and Re-imagining—theatre researchers,

education scholars, theatre practitioners consider the tensions, frictions and failures that make learning through theatre, in theatre and about theatre interesting, engaging, and challenging. Loosely based on the proceedings from the 20th Festival of Original Theatre (F.O.O.T.), which took place in February 2012 at the University of Toronto, this book contains academic articles and interviews, as well as position, reflection and provocation papers from both established researchers in the field of Applied Theatre, such as Professor Helen Nicholson and Professor Kathleen Gallagher, as well as experienced and emergent scholars in Education, Theatre, Dance and Performance Studies. It also introduces the unorthodox work of the pre-eminent Swedish director and

inventor of Babydrama, Suzanne Osten, to the academic audience. Theatre and Learning will be interesting to a wide range of audiences, such as theatre artists and students, theatre researchers and educators, and will be particularly useful for those teaching Theatre Theory and Practice, including Applied Theatre, in higher education.
