**Women  
Under  
Monasticism**  
Oxford  
University  
Press  
The art of the  
human body is  
arguably the

most  
important and  
wide-ranging  
legacy  
bequeathed to  
us by Classical  
antiquity. Not  
only has it  
directed the  
course of  
western  
image-  
making, it has  
shaped our  
collective  
cultural  
imaginary - as  
ideal,  
antitype, and  
point of  
departure.  
This book is  
the first  
concerted  
attempt to  
grapple with  
that legacy: it  
explores the  
complex  
relationship  
between  
Graeco-

Roman  
images of the  
body and  
subsequent  
western  
engagements  
with them,  
from the  
Byzantine icon  
to Venice  
Beach (and  
back again).  
Instead of  
approaching  
his material  
chronological-  
ly, Michael  
Squire faces  
up to its  
inherent  
modernity.  
Writing in a  
lively and  
accessible  
style, and  
supplementin  
g his text with  
a rich array of  
pictures, he  
shows how  
Graeco-  
Roman

images inhabit our world as if they were our own. The Art of the Body offers a series of comparative and thematic accounts, demonstrating the range of cultural ideas and anxieties that were explored through the figure of the body both in antiquity and in the various cultural landscapes that came afterwards. If we only strip down our aesthetic investment in the corpus of Graeco-Roman

imagery, Squire argues, this material can shed light on both ancient and modern thinking. The result is a stimulating process of mutual illumination - and an exhilarating new approach to Classical art history.

**Harvard Classics: All 71 Volumes**

Univ of California Press  
Tales of female daredevils, warriors, killers, and victims:  
"Radiant essays

inspired by 'slivers and bits' of real women's lives... Wise, fresh, captivating." — Kirkus Reviews (starred review) At the Dreamland, women and girls flicker from the shadows to take their proper place in the spotlight. In this lyrical collection, Sonja Livingston weaves together strands of research and imagination to conjure figures from history,

literature, legend, and personal memory. The result is a series of essays that highlight lives as varied, troubled, and spirited as America itself. Livingston breathes life into subjects who led extraordinary lives—as rule-breakers, victims, or those whose differences made them cultural curiosities—bringing together those who slipped through the world largely unseen with those whose

images were fleeting or faulty so that they, too, remained relatively obscure. Included are Alice Mitchell, a Memphis society girl who murdered her female lover in 1892; Maria Spelterini, who crossed Niagara Falls on a tightrope in 1876; May Fielding, a “white slave girl” buried in a Victorian cemetery; Valaida Snow, a Harlem Renaissance trumpeter; a child exhibited as Darwin’s Missing Link;

the sculptors’ model Audrey Munson; a Crow warrior; victims of a 1970s serial killer; the Fox Sisters; and many more. [A Catalogue of the Celebrated Collection of Pictures of the Late John Julius Angerstein IAP](#) “Reeled out with the chilling calmness of a Hitchcock film, Above haunts as it illuminates. Deftly told, this tale of human resilience in the face of madness is a horror classic

for our times” (Lynn Cullen, bestselling author of Mrs. Poe). Blythe Hallowell is sixteen when she is abducted by a survivalist and locked away in an abandoned missile silo in Eudora, Kansas. At first, she focuses frantically on finding a way out, until the harrowing truth of her new existence settles in—the crushing loneliness, the terrifying madness of a captor who believes he is saving her

from the end of the world, and the persistent temptation to give up. But nothing prepares Blythe for the burden of raising a child in confinement. Determined to give the boy everything she has lost, she pushes aside the truth about a world he may never see for a myth that just might give meaning to their lives below ground. Years later, their lives are ambushed by an event at once promising and

devastating. As Blythe’s dream of going home hangs in the balance, she faces the ultimate choice—between survival and freedom. Above is a riveting tale of resilience in which “stunning” (Daily Beast) new literary voice Isla Morley compels us to imagine what we would do if everything we had ever known was taken away. Like the bestselling authors of Room and The Lovely Bones

before her, Morley explores the unthinkable with haunting detail and tenderly depicts our boundless capacity for hope. Pictures of German Life in the xvth, xvith, and xviith (xviii and xixth) centuries ... Translated from the original by Mrs. Malcolm Pan Macmillan A “lively, intelligently rendered account” of a tabloid romance, scandalous divorce and the rise of

yellow journalism in Gilded Age New York (Kirkus Reviews). Edward “Daddy” Browning was a famously eccentric millionaire when he crossed paths with fifteen-year-old shop clerk and aspiring flapper Frances Heenan at the Hotel McAlpin. Frances reminded Daddy of peaches and cream—and a scandalous romance began. Thirty-seven days later, amid

headlines announcing the event and with the Society for the Prevention of Cruelty to Children in close pursuit, Peaches and Daddy were married. Within ten months they would begin a courtroom drama that would blow their impassioned saga into a national scandal. Peaches & Daddy vividly recounts the amazing and improbable romance, marriage, and ultimate legal battle for

separation of this publicity-craving Manhattan couple in America's "Era of Wonderful Nonsense." Their story is one of dysfunction and remarkable excess; yet at the time, the lurid details of their brief courtship and marriage captured the imagination of the American public like no other story of its day.

<p>of Pascal V. 49: Epic and Saga V. 50: The Editor's Introduction &amp; Reader's Guide V. 51: Lectures <u>Sexual Decisions</u> ABRAMS Most knowledge about adolescent development is based on adolescents living in the United States or Europe. "The Thoughts of Youth" reports a study in which over 6000 adolescents from 20 regions of the world, including the Americas,</p>	<p>Europe, Africa, and Asia, described an ideal woman or ideal man. Adolescents' images of the ideal person reflect their personal values about gender roles, their expectations and plans for the future, and their cultural values. "The Thoughts of Youth" presents the teenagers' perspectives - their descriptions, drawings, and interpretations of their peers' responses. Issues of importance to</p>	<p>adolescent development are addressed, including morality and altruism, physical appearance and attractiveness, self and identity, intelligence and schooling, work, fun and leisure, family relationships, and romance. In contrast to the stereotype that adolescents are preoccupied with appearance and popularity, adolescents in this study endorsed</p>
--	---	--

kindness, honesty, helpfulness, and a positive attitude toward children. This book documents both the universal attitudes of adolescents and the ways that teenagers' views differ by gender, culture, and economic condition.

**Population Control and the Law** Icon Books  
 The Harvard Classics Anthology - Complete 51 Volumes, often referred to as 'Dr. Eliot's Five Foot Shelf,' is a monumental assemblage of the quintessential works of world literature, science, and philosophy. Spanning millennia, this collection showcases an impressive diversity of literary styles - from drama

to poetry, essays to foundational scientific texts. Its contents reflect not just the Western canon but also touch upon pivotal works from a global perspective, thus offering a comprehensive insight into the human thought and achievement. Highlighted within this collection are seminal pieces that have shaped our understanding of literature, philosophy, and empirical inquiry, underscoring the richness

and complexity of human culture and intellect. The contributors to this anthology encompass some of the most influential figures in history, such as Plato, Shakespeare, Darwin, and Goethe, to name but a few. Each author represents a distinct voice within the tapestry of human achievement, contributing unique perspectives that have, in their ways, advanced,

critiqued, or illuminated the human condition. The collection is emblematic of various historical, cultural, and literary movements, weaving together the Enlightenment's valorization of reason, the Romantic era's celebration of the individual and emotion, and the methodical, often awe-inspiring insights of the scientific revolution. It is this very confluence of diverse intellectual

heritages that enriches the anthology and provides readers with a holistic understanding of human progress. The Harvard Classics Anthology is an indispensable treasure trove for readers seeking to immerse themselves in the wealth of human knowledge and creativity. This collection does not simply curate the foundational texts of the Western canon; it invites

readers on an expansive journey through the landscape of human thought and culture. It is an educational odyssey that offers unparalleled depth of insight into the world's literary and philosophical heritage. By engaging with these volumes, readers are afforded a unique opportunity to dialog with the minds that have shaped our world, making it an essential addition to

any personal library for both the breadth of learning it encompasses and the dialogue it fosters between the historic and contemporary human experience. *Peaches & Daddy* Univ of Georgia Press+ORM Irving snapped his fingers, so loudly that it echoed through the room, over all the chatting and flirting. Elsa was surprised that such a sharp, loud noise could come

out of such a small person. "Laura Lamont," he said. "You want it? It's yours. Come see me when you're ready." When the most famous producer in 1930s Hollywood plucks Elsa Emerson from a party and gives her a brand-new name, a star of the silver screen is born. Step by step she succumbs to the consuming power of the studio. But her transformation is more profound than she could ever

have foreseen . . .

### **The Art of the Body**

Simon and Schuster  
From a low orbit Annie scans Earth for an acceptable location where her people can colonize. Their own planet is burning out, and they have taken to outer space in a desperate search for a new home. Annie is the chosen explorer for an advance mission to Earth, the only planet within

reach that can sustain them. During her scans, her craft malfunctions and plummets toward the surface, crashing at an abandoned farm. In a nearby small town seventeen-year-old Mark lingers at his bedroom window hoping for a glimpse of the girl next door. When a fiery object streaks across the nighttime sky, Mark gives up his voyeuristic vigil and hustles to the crash site. He finds Annie

and is taken with her beauty and alluring ways. He befriends the fetching alien, and together they begin a struggle to assimilate her people into a new and unfamiliar world. Acceptance does not come easy. They encounter frightened citizens, hostile military forces, the media, and the President of the United States, all of whom treat the visitors and their advanced

technology as a threatening alien invasion. Annie Somewhere is a poignant story of social and technical differences, inept government interference, and the struggles of a lone visitor to save her civilization from extinction. The story delves into the unlikely pairing of a star-struck teenage boy and a beautiful and mesmerizing alien woman as they set out to overcome

human prejudice and find acceptance for a culture of gentle and caring alien beings.  
 Keywords: young adult, science fiction, space opera, space invaders  
**Image-based Sexual Abuse**  
 Troubador Publishing Ltd  
 Written over a span of more than two decades, the essays by Iris Marion Young collected in this volume describe diverse aspects of women's lived body

experience in modern Western societies. Drawing on the ideas of several twentieth century continental philosophers--including Simone de Beauvoir, Martin Heidegger, Luce Irigaray, Julia Kristeva, and Maurice Merleau-Ponty--Young constructs rigorous analytic categories for interpreting embodied subjectivity. The essays combine theoretical description of

experience with normative evaluation of the unjust constraints on their freedom and opportunity that continue to burden many women. The lead essay rethinks the purpose of the category of "gender" for feminist theory, after important debates have questioned its usefulness. Other essays include reflection on the meaning of being at home and the need for privacy in old age

residences as well as essays that analyze aspects of the experience of women and girls that have received little attention even in feminist theory--such as the sexuality of breasts, or menstruation as punctuation in a woman's life story. Young describes the phenomenology of moving in a pregnant body and the tactile pleasures of clothing. While academically rigorous, the essays are also written with engaging

style, incorporating vivid imagery and autobiographical narrative. On *Female Body Experience* raises issues and takes positions that speak to scholars and students in philosophy, sociology, geography, medicine, nursing, and education. *Harvard Classics: Complete 51-Volume Anthology* DigiCat The Harvard Classics: All 71 Volumes represents an unparalleled

assemblage of literary, philosophical, and scientific works that have shaped the underpinnings of Western cultural heritage. Spanning millennia, this comprehensive anthology brings together the towering figures of literature, philosophy, and science, from the dramatic dialogues of Plato to the poignant narratives of Goethe, the keen observations of Darwin, and

the profound inquiries of Kant. Its diverse range of styles and themes encompassing the transformative literature of Shakespeare, the foundational plays of Euripides, and the revolutionary explorations of Galileo and Newton stands as a testament to human creativity and intellect. The anthology does not just celebrate individual genius but emphasizes the dialogue between these

works, highlighting the interconnectedness of human thought across time and space. The contributing authors and editors of the Harvard Classics collection represent a veritable who's who of literary and intellectual history. Their backgrounds as pioneers, revolutionaries, and visionaries in their respective fields contributed to a rich mosaic

of human experience and understanding. This anthology aligns with key historical, cultural, and literary movements, ranging from the Enlightenment to Romanticism, showcasing how these varied voices collectively contribute to a deeper understanding of themes such as human nature, governance, and the pursuit of knowledge. The collection is both a commemoration of individual achievement and a chronicle of the human endeavor to comprehend our world and our place within it. This anthology is recommended for readers who wish to immerse themselves in the expanse of human knowledge and creativity. The Harvard Classics: All 71 Volumes offers a unique opportunity to explore the breadth and depth of the human intellect across centuries and civilizations. It encourages a dialogue with the past, providing educational value through its diverse insights into human culture, thought, and achievements. Readers will find in these pages a lifetime of wisdom and inspiration, making this collection a cornerstone for any home library, an invaluable resource for scholars, and a treasure trove for

anyone

of image-based sexual abuse in a digital era. Image-based sexual abuse refers to the taking or sharing of nude or sexual photographs or videos of another person without their consent. It includes a diversity of behaviours beyond that of "revenge porn", such as the secret trading of nude or sexual images online; "upskirting", "downblousing" and other "creepshots"; blackmail or "sextortion"

scams; the use of artificial intelligence to construct "deepfake" pornographic videos; threats to distribute photographs and videos without consent; and the taking or sharing of sexual assault imagery. This book investigates the pervasiveness and experiences of these harms, as well as the raft of legal and non-legal measures that have been introduced to better respond to and prevent

image-based sexual abuse. The book draws on groundbreaking empirical research, including surveys in three countries with over 6,000 respondents and over 100 victim-survivor and stakeholder interviews. Guided by theoretical frameworks from gender studies, sociology, criminology, law and psychology, the authors argue that image-based sexual abuse is more

commonly perpetrated by men than women, and that perpetration is higher among some groups, including younger and sexuality minority men. Although the motivations of perpetrators vary, a dominant theme to emerge was that of power and control. The gendered nature of the abuse means that it is best understood as a "continuum of sexual violence" because victim-survivors

often experience it as part of a broader pattern of gendered harassment, violence and abuse. Written in a clear and direct style, this book will appeal to students and scholars of criminology, sociology, law and psychology. Image-based Sexual Abuse is also an essential resource for activists, legal and policy practitioners, technology companies and victim-survivors seeking to

understand the deeply complex nature of intimate-image sharing in a digital era. [Ruthless Daddy - Forbidden Collection of 150 Dirtiest Erotic Hot Tales](#) Good Press Harvard's Classics Collection: Complete 71 Volumes is a monumental anthology that serves as a comprehensive survey of the foundational texts and figures that have shaped Western

literature and thought. This collection spans millennia, encompassing works from ancient Greece to the Enlightenment, and up through the 19th century, showcasing a diverse range of literary styles, including poetry, philosophy, fiction, and scientific discourse. The inclusion of seminal works by figures such as Dante Alighieri, William Shakespeare, Plato, and Charles

Darwin, amongst others, highlights the anthologys breadth and depth, offering readers an unparalleled insight into the various currents that have influenced Western cultural and intellectual history. The contributing authors and editors of this collection are each luminary in their own right, having left indelible marks on their respective fields. This anthology not only collates works by

philosophers, scientists, and literary giants but also orchestrates a dialogue among them, offering a unique multidisciplinary perspective. The collection navigates through Renaissance humanism, the Enlightenment's valorization of reason, and the romantic eras emphasis on individual emotion and natural beauty, painting a rich historical and cultural panorama. Through their

collective works, this anthology encapsulates the essence of human thought and its evolution over the centuries. Harvards Classics Collection: Complete 71 Volumes is an essential resource for those looking to immerse

themselves in the rich tapestry of human knowledge and creativity. Whether for scholarly research, educational pursuits, or personal enrichment, this collection offers an unmatched opportunity to engage with the texts that

have served as cornerstones of Western culture. Readers are invited to explore this treasure trove of human experience, thought, and expression, which continues to enlighten, instruct, and inspire generations.
