### Coinage and Money Under the Roman Republic

Bhikkhu Sujato  
 On Being an Angel takes its title from a caption the artist inscribed on two of her photographs--self-portraits with her head thrust back and her chest thrust forward. Typical of Woodman's work in the way they cast the female body as simultaneously physical and immaterial, these photographs and the evocative title they share are apt choices to encapsulate the work of an artist whose legacy has been unavoidably colored by her tragic personal biography and her death, at age 22, by suicide. In less than a decade, Woodman produced a fascinating body of

work--in black and white and in color--exploring gender, representation, sexuality and the body through the photographing of her own body and those of her friends. Since her death, Woodman's influence continues to grow: her work has been the subject of numerous in-depth studies and exhibitions in recent years, and her photographs have inspired artists all over the world. Published to accompany a travelling exhibition of Woodman's work, Francesca Woodman: On Being an Angel offers a comprehensive overview of Woodman's oeuvre, organized chronologically, with texts by Anna Tellgren, Anna-Karin Palm and the artist's father, George Woodman. Francesca Woodman (1958-81) was born in Denver, Colorado, to an artistic family and began experimenting with photography as a teenager. In 1975 she

attended the Rhode Island School of Design, and in 1979 she moved to New York to attempt to build a career in photography. Woodman's working career was intense but brief, cut short by her death in 1981.

An all-new Dresden Files story headlines this urban fantasy short story collection starring the Windy City's favorite wizard. The world of Harry Dresden, Chicago's only professional wizard, is rife with

intrigue—and creatures of all supernatural stripes. And you'll make their intimate acquaintance as Harry delves into the dark side of truth, justice, and the American way in this must-have short story collection. From the Wild West to the bleachers at Wrigley Field, humans, zombies, incubi, and even fey royalty appear, ready to blur the line between friend and foe. In the never-before-published "Zoo Day," Harry treads new ground as a dad, while fan-favorite characters Molly Carpenter, his onetime apprentice, White Council Warden Anastasia Luccio, and even Bigfoot stalk through the pages of more classic tales. With twelve stories in all, *Brief Cases* offers both longtime fans and first-time readers tantalizing glimpses into Harry's funny, gritty, and unforgettable realm, whetting their appetites for more to come from the wizard with a heart of gold. The collection includes: • "Curses," from *Naked City*, edited by Ellen Datlow • "AAAA Wizardry," from the *Dresden Files RPG* • "Even Hand," from *Dark and Stormy Knights*, edited by P. N. Elrod • "B is for Bigfoot," from *Under My Hat: Tales from the Cauldron*, edited by Jonathan Strahan. Republished in *Working for Bigfoot*. • "I was a Teenage Bigfoot," from *Blood Lite III: Aftertaste*, edited by Kevin J. Anderson. Republished in *Working for Bigfoot*. • "Bigfoot on Campus," from *Hex Appeal*, edited by P. N. Elrod. Republished in *Working for Bigfoot*. • "Bombshells," from *Dangerous Women*, edited by George R. R. Martin and Gardner Dozois • "Jury Duty," from *Unbound*, edited by Shawn Speakman • "Cold Case," from *Shadowed Souls*, edited by Jim Butcher and Kerrie Hughes • "Day One," from *Unfettered II*, edited by Shawn Speakman • "A Fistful of Warlocks," from *Straight Outta Tombstone*, edited by David Boop • "Zoo Day," a brand-new novella, original to this collection

*Rendezvous* Univ of California Press  
Medusa, the Gorgon, who turns those who gaze upon her to stone, is one of the most popular and enduring figures of Greek mythology. Long after many other figures from Greek myth have been forgotten, she continues to live in popular culture. In this fascinating study of the legend of Medusa, Stephen R. Wilk begins by familiarizing readers with the story through ancient authors and classical artwork, then looks at the interpretations that have been given of the meaning of the myth through the years. A new and original interpretation of the myth is offered, based upon astronomical phenomena. The use of the gorgoneion, the Face of the Gorgon, on shields and on roofing tiles is

examined in light of parallels from around the world, and a unique interpretation of the reality behind the gorgoneion is suggested. Finally, the history of the Gorgon since classical times is explored, culminating in the modern use of Medusa as a symbol of Female Rage and Female Creativity.

*Art Et Architecture Au Canada* University of Texas Press

NEW YORK TIMES BESTSELLER • More than 2.7 million copies sold! • "A deeply spiritual book [that] honors what is tough, smart and untamed in women."—The Washington Post Book World Book club pick for Emma Watson's *Our Shared Shelf* Within every woman there lives a powerful force, filled with good instincts, passionate creativity, and ageless knowing. She is the Wild Woman, who represents the instinctual nature of women. But she is an endangered species. For though the gifts of wildish nature belong to us at birth, society's attempt to "civilize" us into rigid roles has muffled the deep, life-giving messages of our own souls. In *Women Who Run with the Wolves*, Dr. Clarissa Pinkola Estés unfolds rich intercultural myths, fairy tales, folk tales, and stories, many from her own traditions, in order to help women reconnect with the fierce, healthy, visionary attributes of this instinctual nature. Through the stories and commentaries in this remarkable book, we retrieve, examine, love, and understand the Wild Woman, and hold her against our deep psyches as one who is both magic and medicine. Dr. Estés has created a new lexicon for describing the female psyche. Fertile and life-giving, it is a psychology of women in the truest sense, a knowing of the soul.

*Women Who Run with the Wolves* Unesco  
In the pre-modern times, while medicine was still relying on classical authorities on herbal remedies, a new engagement with the plant world emerged. This volume follows intertwined strands in the study of plants, examining newly introduced species that captured physicians' curiosity, expanded their therapeutic arsenal, and challenged their long-held medical theories. The development of herbaria, the creation of botanical gardens, and the inspection of plants contributed to a new understanding of the vegetal world. Increased attention to plants led to account for their therapeutic virtues, to test and produce new drugs, to recognize the physical properties of plants, and to develop a new plant science and medicine. *Historical Abstracts* Cambridge University Press

*In The World Upside Down in 16th Century French Literature and Visual Culture*

Vincent Robert-Nicoud offers an interdisciplinary account of the topos of the world upside down in early modern France. To call something 'topsy-turvy' in the sixteenth century is to label it as abnormal. The topos of the world upside down evokes a world in which everything is inside-out and out of bounds: fish live in trees, children rule over their parents, and rivers flow back to their source. The world upside down proves to be key in understanding how the social, political, and religious turmoil of sixteenth-century France was represented and conceptualised, and allows us to explore the dark side of the Renaissance by unpacking one of its most prevalent metaphors.

*The Fairy-faith in Celtic Countries* HarperCollins

A beautifully-illustrated book filled with over 30 Ancient Greek Myths for children aged 7-9. Journey into a world of gods and goddesses, heroes and heroines, extraordinary creatures and fantastic monsters with this beautifully illustrated introduction to Ancient Greek mythology. Perfect for children aged 7 to 9, this collection contains more than 30 enthralling new retellings of favourite Greek myths as well as some you might not have heard before. Including 'Theseus and the Minotaur', 'The 12 Labours of Herakles', and the escapades of 'Jason and the Argonauts', each myth is told in engaging modern language, which is easy for children to understand yet still retains the humour and intrigue of the original tales. Encourage your children to explore: - Over 30 fascinating Greek myths, covering famous classics and lesser known stories - Striking illustrations by multi-award winning artist Katie Ponder - Stunning gold foil on the cover - A handy pronunciation guide listing all difficult-to-pronounce names for the reader's convenience - Key reference spreads combining the appeal of a story collection with key reference information A must-have volume for children aged 7-9 with an interest in Greek mythology and history, the additional feature pages delve deeper into the mythical world, providing profiles of the gods and a map detailing Odysseus' long voyage home from the Trojan War. The reference section provides key background information, such as Ancient Greek storytelling and the incredible beasts of the myths, and a handy pronunciation guide. *Greek Myths* is the perfect gift, featuring stunning gold foil on the cover and beautiful illustrations throughout. Quench your child's curiosity and thirst for knowledge, as they explore the enthralling tales, whether by

themselves or to equally be enjoyed as bedtime stories alongside parents.

**Medusa** U.S. Games Systems

This book addresses for the first time four major rock art areas of West Papua: the Berau Gulf, Bitsyari Bay, Triton Bay and the Baliem Valley. Together, they form one of the richest regions of rock art and include many newly discovered sites. These sites, located along the South Coast and in the Baliem Highlands, contain thousands of paintings. This book presents, for the first time, hundreds of original photographs including hand stencils, matutuo, faces, and abstract motifs found in West Papua. It also compiles existing hypotheses on the antiquity and origins of rock art in the region and tries to offer a stimulus for further research

**The Science of Fairy Tales** ABRAMS

Short biographies of poets and playwrights and novelists, plot synopses and character sketches from important works ; literary movements, terms and awards.

**Greek Myths** National Geographic Books

Devotion to religion was the distinguishing characteristic of the Etruscan people, the most powerful civilization of Italy in the Archaic period. From a very early date, Etruscan religion spread its influence into Roman society, especially with the practice of divination. The Etruscan priest Spurinna, to give a well-known example, warned Caesar to beware the Ides of March. Yet despite the importance of religion in Etruscan life, there are relatively few modern comprehensive studies of Etruscan religion, and none in English. This volume seeks to fill that deficiency by bringing together essays by leading scholars that collectively provide a state-of-the-art overview of religion in ancient Etruria. The eight essays in this book cover all of the most important topics in Etruscan religion, including the Etruscan pantheon and the roles of the gods, the roles of priests and divinatory practices, votive rituals, liturgical literature, sacred spaces and temples, and burial and the afterlife. In addition to the essays, the book contains valuable supporting materials, including the first English translation of an Etruscan Brontoscopic Calendar (which guided priests in making divinations), Greek and Latin sources about Etruscan religion (in the original language and English translation), and a glossary. Nearly 150 black and white photographs and drawings illustrate surviving Etruscan artifacts and inscriptions, as well as temple floor plans and reconstructions.

**A Century of Artists Books** Createspace Independent Publishing Platform

Since antiquity, the she-wolf has served as the potent symbol of Rome. For more than two thousand years, the legendary animal that rescued Romulus and Remus has been the subject of historical and political accounts, literary treatments in poetry and prose, and visual representations in every medium. In *She-Wolf: The Story of a Roman Icon*, Cristina Mazzoni examines the evolution of the she-wolf as a symbol in western history, art, and literature, from antiquity to contemporary times. Used, for example, as an icon of Roman imperial power, papal authority, and the distance between the present and the past, the she-wolf has also served as an allegory for greed, good politics, excessive female sexuality, and, most recently, modern, multi-cultural Rome. Mazzoni engagingly analyzes the various role guises of the she-wolf over time in the first comprehensive study in any language on this subject.

**Brief Cases** Cambridge University Press

A free preview collection of essays from Tom Payne, author of *FAME* We may regard celebrities as deities, but that does not mean we worship them with deference. From prehistory to the present, humanity has possessed a primal urge first to exalt the famous but then to cut them down (Michael Jackson, anyone?). Why do we treat the ones we love like burnt offerings in a ritual of human sacrifice? Perhaps because that is exactly what they are. In this collection of essays, Tom Payne -- of the website Popcropolis and the "trenchant, unsettling, and darkly hilarious" *Fame* (New York Times Book Review) -- draws the narratives of the past and the immediate present into one intriguing story. INCLUDES AN EXCERPT FROM *FAME*!

**A History of Caricature and Grotesque in Literature and Art** Simon and Schuster

First published in 1995, *Medieval France: An Encyclopedia* is the first single-volume reference work on the history and culture of medieval France. It covers the political, intellectual, literary, and musical history of the country from the early fifth to the late fifteenth century. The shorter entries offer succinct summaries of the lives of individuals, events, works, cities, monuments, and other important subjects, followed by essential bibliographies. Longer essay-length articles provide interpretive comments about significant institutions and important periods or

events. The Encyclopedia is thoroughly cross-referenced and includes a generous selection of illustrations, maps, charts, and genealogies. It is especially strong in its coverage of economic issues, women, music, religion and literature. This comprehensive work of over 2,400 entries will be of key interest to students and scholars, as well as general readers.

**An Anthology of African Art** Koenig Books

This book traces the origins and development of the use of votive panel paintings in Italy in the fifteenth and sixteenth centuries.

**Remus** Distributed Art Publishers (DAP)

"John Emigh and Lesley K. Ferris explore the role of masks in theater, whose roots lie in ritual performance. Cara McCarty looks at the ways in which masks are featured in the medium of film as well. But these artistic examples are not the only masks found in industrial societies. McCarty also discusses the proliferation of masks for physical protection, in areas such as military combat, sports competitions, and space exploration."--BOOK JACKET.

**The Museum of Extraordinary Things**

Cambridge University Press

The original publication of *The Book of Nights* made Sylvie Germaine an overnight success in France, winning five literary prizes and the Scott Moncrieff French Translation Prize in the UK. A big story on a wide canvas with unforgettable characters, it will appeal to lovers of Magic Realism and anyone who wants to read something very different. It will linger in the imagination long after the book has finished.

**White Bones Red Rot Black Snakes** Oxford University Press

Identifies and summarizes thousands of books, article, exhibition catalogues, government publications, and theses published in many countries and in several languages from the early nineteenth century to 1981.

**Arts & Humanities Citation Index** Picador

In this study, which is first of all a folk-lore study, we pursue principally an anthropo-psychological method of interpreting the Celtic belief in fairies, though we do not hesitate now and then to call in the aid of philology; and we make good use of the evidence offered by mythologies, religions, metaphysics, and physical sciences.
