*The Strip-Built Sea Kayak:  
Three Rugged, Beautiful  
Boats You Can Build*  
McGraw Hill Professional  
Although books on strip

building canoes abound, this is among the first to adapt the technique to crafting attractive, functional kayaks. Using high-quality, computer-generated illustrations and photographs to explain key techniques, the book provides

complete plans and measurements for three different kayaks: 1) A simple solo craft for beginners, 2) A high-performance solo kayak for intermediate paddlers, and 3) A tandem design for two paddlers. With its easy-to-follow guidance

and instructions, The Strip-Built Sea Kayak makes top-notch kayaks accessible to budget-minded paddlers.
