*Modern Women Poets*

Cambridge University Press

This anthology draws together the work of women poets from Britain, Ireland and America as one version of a history of women's poetic writing, while not isolating women's writing from its intersection with the work of male contemporaries.

*HowExpert Guide to Study Skills* Cambridge University Press

This edition of our successful series to support the Cambridge IGCSE Chemistry syllabus (0620) is fully updated for the revised syllabus from first examination from 2016. Written by a team with teaching and examining experience, Cambridge IGCSE Chemistry Coursebook with CD-ROM gives comprehensive and accessible coverage of the syllabus. Suggestions for practical activities are included, designed to help develop the required experimental skills, with full guidance included on the CD-ROM. Study tips throughout the text, exam-style questions at the end of each chapter

and a host of revision and practice material on the CD-ROM are designed to help students prepare for their examinations.

Answers to the exam-style questions in the Coursebook are provided on the CD-ROM.

The Instant-Series Presents "Instant Mind Power" How to Train and Sharpen Your Mental Abilities Instantly! System Updating In Progress... Your mind is a superhuman computer. It houses all your cognitive abilities: concentration, memory, awareness, reasoning, perception, etc. It's the command center that controls your entire being. It's your very

existence. Your mind is - who you are. MIND = YOU Wouldn't you like to enhance this power of your mind to... - Perform tasks and get things done faster - Memorize and recall things better - Learn anything easily without a sweat - Unleash your natural creative ability - Achieve the kind of success you want The capacity of limitless human potential and what your own mind can do for you are unfathomable. Scientists have proven that the more you use certain areas of your brain - like for learning - increases neural pathways comprised of neuron brain cells to build stronger and newer connections that are the makeup for our intelligence, making it easier to assimilate and process information faster like a supercomputer. Thus, you can upgrade your mind to be smarter through mental training, mind exercises, and even fun brain games. Within "Instant Mind Power": \* How to perform a simple mind hack to process information then retrieve them from your memory bank like a recorded movie scene with every detail intact. \* How to rewire your mind with the "mental numbing"

technique to suppress your sensitivity to nonessential stimuli to give you unstoppable laser focus. \* How to practice channeling your thoughts at an instant snap whenever you need to, so you have mastery control over whatever it is you want your mind to do instead of it controlling you. \* How to program your mind through "horizontal mind mapping" to force it to get things done even when it's difficult or don't feel like it. \* How to train your brain to its fully optimized-operating mode with a series of mind training so you can increase your mental abilities to think more clearly and quickly. \* Plus, custom practical "how-to" strategies, techniques, applications and exercises on how to sharpen your mind. ...and much more. Your mind is the input correlating to the output of life you will have. Control your mind to conquer your life; and you can achieve the extraordinary. After all - a mind IS a terrible thing to waste. Reconfigure your human-computer hardware to be a superhuman intelligence. **Cambridge IGCSE® English as a Second Language Exam**
