Shows how our belief in the value of sport is misplaced. Tracing the history of organised game-playing, this book argues that sport is a last refuge for sexism, racism, homophobia and animal cruelty. It cites neglected research in psychology, showing how playing sport tends to impinge negatively on your morals.

Mock Examination 1 Cambridge English

This book aims to take users from scratch to having a solid base in German within six months, and to feel comfortable with the language in as little as three months. In only half an hour a day users will move ahead naturally until they are at ease with all the basic structures needed for communication and become familiar with the basic words and grammar of German. The method comprises two phases: the passive phase, in which users simply repeat what they hear and read, and the active phase, in which users begin to create sentences and imagine themselves in a variety of everyday situations.

This book contains 10 complete practice tests for the Cambridge English B2 First Speaking, previously known as First Certificate in English (FCE) These sample tests have been written to closely replicate the Cambridge FCE Speaking exam experience and so each Speaking test follows the same structure and wording as official B2 First Speaking papers. Because of this, candidates will become familiar with the topics, the structure, the timing and the level by the time they sit their B2 First exam. In addition to the 10 complete practice tests for B2 First Speaking, this book also contains B2 Speaking model answers with examiner comments, ready-to-use speaking mark sheets, as well as an in-depth description of the B2 First Speaking paper, thus providing a large bank of high-quality practice material both for students wishing to take the Cambridge B2 First and for teachers preparing students for the exam.

[The book] is a reference and review grammar for second- and third- year German students who are familiar with the basics of German vocabulary and grammar. It can be used either as a primary text or as a reference manual in conjunction with other materials, such as literature readers. Its goal is two-fold: (1) to present clear and complete explanations of all major grammar topics, and (2) to provide meaningful, communicative practice of those topics. There is abundant oral group and pair work, as well as generous attention to writing strategies, the material can be used in course sequences lasting anywhere from one to four semesters (one to six quarters). -Intro. [The book] is more than just a grammar review. It is also a reference book, a practice manual, and a practical communication guide. -Back cover.

LANGUAGE HACKING GERMAN (Learn How to Speak German - Right Away) Pearson Longman
Crack the Code and Get Fluent Faster! "I had to learn [a new language] in a handful of days for a TV interview. I asked Benny for help and his advice was invaluable." - Tim Ferriss What if you could skip the years of study and jump right to speaking German? Sound crazy? No, it's language hacking. It's about learning what's indispensable, skipping what's not - and using what you've learned to have real conversations in German - from day one! Unlike most traditional language courses that try to teach you the rules of a language, Language Hacking German, shows you how to learn and speak German immediately through proven memory techniques, unconventional shortcuts and conversation strategies perfect by one of the world's greatest language learners, Benny Lewis, aka the Irish Polyglot. The Method Language Hacking takes a modern approach to language learning, blending the power of online social collaboration and the 80/20 principle of learning (Benny's ten #languagehacks show you how to achieve more with less!). It focuses on the conversations and language that learners need to master right away, rather than presenting language in the order of difficulty like most courses. This means you can start having conversations immediately. Course Features Each of the 10 units culminates with a speaking mission that you can choose to share on the italki Language Hacking learner community (www.italki.com/languagehacking) where you can give and get feedback and extend your learning beyond the pages of the book. The audio for this course is available for free on library.teachyourself.com or from the Teach Yourself Library app. You don't need to go abroad to learn a language any more.

English Barrons Educational Series

The first in Caroline Lawrence's internationally bestselling Roman Mysteries series, re-issued with a fantastic new cover look. Flavia Gemina is a natural at solving mysteries. The daughter of a ship's captain living in Ostia, the port of Rome, in AD79, she and her three friends, Jonathan, a Jewish boy (and secretly a Christian); Nubia, an African slave girl; and Lupus, a mute beggar boy, must work together to discover who is beheading the watchdogs that guard people's homes, and why. A talented storyteller, Caroline Lawrence has created a delightfully readable and accessible series that children will want to read time and time again.

Clouds without Water is a poetry collection by Aleister Crowley (1875-1947), an English author, occult magician, mountaineer and founder of the religious philosophy of Thelema. Clouds without Water was one of many of Crowley's eccentric works published in his lifetime and was first issued in 1909. The title comes from a passage in Jude 1:13 which is quoted at the beginning of the book: Clouds they are without water; carried about of winds; trees whose fruit withereth, without fruit, twice dead, plucked up by the roots; raging waves of the sea, foaming out their own shame; wandering stars, to whom is reserved the blackness of darkness forever

English Houghton Mifflin

End of a Mission, written in 1968, finds Heinrich Boll trying to come to terms with his country's past in an investigation of an inexplicable crime and an even more absurd trial. Told to rack up mileage on a jeep to prepare it for inspection, a soldier drives it home--and burns it in the company of his father. Boll's account of the testimony and background of the witnesses, and their nonplussed response to the composure and satisfaction of the accused, illuminates the life of an insignificant town caught up in sudden, unreasonable importance.

This student text book is aimed at advanced C1 level learners. The aim of the series is to give students the chance to expand their vocabulary in different areas. Each unit deals with a common vocabulary topic; the vocabulary is taught through a variety of exercises with lots of illustrations to make them more lively and interesting. This series can be used as Time Fillers; when teachers have some extra time and they need something to do to help students revise what they have already been taught. Alternatively, it can also be used to help weak students enrich their vocabulary in various common topics. Levels B1, B2, C1 and C2 in this series have also been written for students who are planning to take the IELTS exam. They cover some of the main vocabulary points that IELTS candidates will need for the listening, reading, writing and speaking components of the exam. The vocabulary that students acquire in each of these books will help them to achieve the score they want in the IELTS exam. The 15 units in each of these books, focus on topic-specific vocabulary areas. These may be required in the IELTS exam (for example, economy, education, health, etc). Some Exercises focus on general vocabulary items which can be used in all aspects of the English language. Many of these words are relevant to specific tasks in the IELTS exam (for example, describing how something works, writing a letter or describing a house).
