CASSIDY SANCHEZ

Berlitz: Malta Pocket Guide Bergverlag Rother GmbH

A guidebook to 60 day walks on the Portuguese island of Madeira and neighbouring Porto Santo. Covering mountains, coast, laurisilva cloud forest and levadas (irrigation channels), routes range from easy strolls to more strenuous mountain hikes, some calling for a good head for heights. Walks range from 4 to 27km (2-17 miles) with options to combine routes to create longer days out. Sketch maps are included for each walk Detailed information on planning, facilities and public transport Highlights include an ascent of Pico de Areeiro, Madeira's highest peak Easy access from Funchal

Tenerife Bergverlag Rother GmbH

Every island thrives on its clichés. The name Madeira stands for a heavy drop of wine which might have had its time a long time ago, yet is still praised by many a connoisseur. The island's all-year-round mild climate helped Madeira be awarded the decorative suffix »floating floral island in the Atlantic«. Bird of paradise and torch lilies, daisies and hydrangea leave no doubt: Madeira is rich in flowers like no other island. And secretly the Atlantic beauty has developed into a hiking paradise of the special kind. The first Portuguese word which hikers learn on Madeira is bound to be »levada«. Levada hiking is surely unique on the whole world. A sophisticated network of narrow irrigation canals runs across the entire island. The maintenance paths installed next to canal trenches allow the convenient discovery of Madeira without great altitude all the way to the most remote corners. Around half of the tours introduced in this guide are Levada excursions. They lead through fertile land cultivating sugar cane, bananas, vine and exotic fruit, past artistic terraces modelled into the island's rugged topography, which awaken associations of Bali or the Philippines. Rushing cascades and impressive ravines are found equally by the wayside as are rough, declining cliffs and marshy high-moor bogs. The still natural valley to the north of the island offers a sumptuous evergreen

subtropical vegetation comprising fern meadows, lauraceae forests and heather shrubs that convey the feeling of walking through an emerald green tunnel. With all the fascination for the Levada paths it should not be forgotten that the volcano island also is a fabulous territory for mountaineers. The nearly 1900 m high central massive holds routes for all demands. Very alpine is the triple summit tour from the Arieiro over the Torres to the Pico Ruivo. The stretch, which has been spectacularly chiselled into the rock, can justifiably be considered the tour of kings. Next to various shepherd paths and adventurous coastal ascents there are so-called »veredas«, i.e. old paths linking villages, which used to be the sole access to remote locations until a few decades ago only, crossing valleys deep and mountains high. A typical feature are the rounded steps of the paved paths –lovingly called »ox hoof plaster« by local Madeirans.

Walking on La Palma Bergverlag Rother GmbH

A guidebook to trekking the 560km (348 mile) GR131 across the Canary Islands. The island-hopping long-distance trail crosses Lanzarote, Fuerteventura, Gran Canaria, Tenerife, La Gomera, La Palma and El Hierro and can be hiked in around a month, or split into shorter sections. Most of the route uses quiet roads, tracks and old mule paths, but there are some remote stretches, as well as occasional steep and rocky mountain paths. The route is presented in 32 stages of between 7 and 30km (4-18 miles). Also included is an optional ascent of Spain's highest peak, El Teide on Tenerife. Clear route description illustrated with 1:50,000 mapping GPX files available to download Notes on accommodation, refreshments and local transport Information on ferry transfers between the islands Sized to easily fit in a jacket pocket

Named Top Guidebook Series at the 2020 Wanderlust Reader Travel Awards, we know that wherever you go next, your DK Eyewitness travel guides are the perfect companion.

[DK Eyewitness Portugal](#) Bergverlag Rother GmbH

A guidebook to 21 day walks on Lanzarote, Fuerteventura and Isla

La Graciosa plus 14 stages of the GR131. Exploring the varied scenery of these Canary Islands, the walks are suitable for beginner and experienced walkers alike. The day walks range from 5 to 22km (3-14 miles) and can be enjoyed in 2-7 hours. The GR131 trek crosses all seven of the Canary Islands, and the Lanzarote and Fuerteventura sections are described in 14 stages covering 241km (150 miles). 1:50,000 maps included for each walk Detailed information on planning, facilities and public transport Highlights include Timanfaya volcanic national park Part of a 5-volume Cicerone series on the whole of the Canary Islands **Pocket Rough Guide Tenerife & La Gomera (Travel Guide eBook)** Bergverlag Rother GmbH

A comprehensive guide to walking in the Portuguese Azores, an archipelago of nine lush green islands in the North Atlantic Ocean. The 70 routes cover the three island groups: the Eastern Group (São Miguel and Santa Maria), Central Group (Terceira, Graciosa, São Jorge, Pico and Faial) and Western Group (Flores and Corvo). Routes range from hour-long strolls to full-day outings and most use the islands' network of official waymarked trails, including sections of the multi-day GR1. Also included is an ascent of Pico, the highest mountain on Portuguese territory. The guidebook gives lots of practical information on travel to the Azores and between the different islands, as well as getting around by public transport. Full route descriptions are accompanied by 1:50,000 map extracts, plus notes on refreshment opportunities and local points of interest. The routes promise verdant green landscapes and astounding volcanic landforms, taking in forests, rocky slopes, cliff coast and waterfalls as well as a rich built heritage including churches, forts, windmills and harbours. Whether you prefer a single-base trip or an island-hopping adventure, you'll find stunning scenery at every turn. The mild climate makes this an ideal destination for year-round walking.

Walking on Gran Canaria Bergverlag Rother GmbH

In 50 hikes, this guide opens up Southern Norway between Oslo, Bergen and Lindesnes: The range spans from the highest peaks in Northern Europe, in Jotunheimen National Park, to the picturesque forests and lakes in Telemark and the high heathland areas over the waterfall-rich Setesdal valley, from the cliff scenery in Rogaland and on the glacier-covered Folgefonn peninsula, to the panoramic domes and plant oases of Rondane National Park, from the mountains near Oslo, to Hårteigen. With a selection of hikes

for every physical condition, Bernhard Pollmann, one of the finest experts on Norway as a hiking paradise, describes "easy" and "difficult" routes – family-friendly hikes are included, as are climbs up deserted peaks, challenging day-long hikes, and tours covering several days from cabin to cabin.

The Lord of the Rings Cicerone Press Limited

Contains 35 main walking routes plus numerous short walk and stroll options. In this book, each route has: walking route summary including ratings for Effort, Time, Distance, Ascents/Descents, Refreshments and Vertigo risk; walk description including frequent timings to check your progress and more.

The Observations of Sir Richard Hawkins, Knt in His Voyage Into the South Sea in the Year 1593 Cicerone Press Limited

Gran Canary not only enjoys a fabulous reputation as a paradise of sunshine and beaches; it can also be described as one of the most versatile hiking islands of the Canary Archipelago. Connoisseurs praise it as a miniature continent because of its diversity of landscapes: shimmering dunes in contrast with luscious subtropical valleys, deep ravines with palm tree oases and glittering reservoirs, next to which are extensive pine tree forests and green slopes with grazing sheep and goats. To the North West cliffs drop down 800 m deep into the ocean, while in the centre of the island serrated, almost 2000 metre high ridges and bizarre rock monoliths emerge, which the Spanish writer Miguel de Unamuno once interpreted as "fossilised storms of fire and lava". This Rother walking guide - following La Palma and Tenerife - is now the third featuring the Canary Islands: excursions to beaches and spectacular cave villages, walks through pine forests and atmospheric ridge paths. Due to the increased significance of hiking tourism, parts of what at times are more than 500 year old rocks have been carefully restored over the last years. These Caminos Reales (royal paths) stretch across the entire island and used to link remote mountain villages with coastal territory. Many proposed tours follow these mainly stone-paved hiking paths and are therefore also ideal for less experienced hikers. Experienced mountain hikers who are not afraid of "dramatic walks" will also find a rich offer of tours. The first comprehensive hiking guide on Gran Canary leaves nothing to desire! Coloured illustrations and excellent hiking maps at an ideal scale of 1:50,000/1:75,000 round off the picture and awaken

the curiosity for ever new excursions into the charmingly bizarre world of the mountains.

Sardinia Bergverlag Rother GmbH

Introduces 50 routes which include details of the cultural history and reveal culinary delights. This walking guide features a fact-file of the important information, a detailed walk description, a small map showing the line of the route and an easy-to-read height profile, for each walk introduced.

The Camino Del Norte and Camino Primitivo Cicerone Press Limited

Berlitz Pocket Guide Malta is a concise, full-colour travel guide to this Mediterranean island, combining inspiring photography with insider tips to help you uncover the best of Malta and its inhabited sister islands of Gozo and Comino. It tells you everything you need to know about the best places to visit in Malta, from beautiful Valletta and the former capital of Mdina with its medieval streets to Marsaxlokk fishing harbour and the dazzling azure waters of the Blue Grotto sea cave. Handy maps on the cover flaps help you find your way around, and are cross-referenced to the text. To inspire you, the book offers a rundown of the 10 top attractions in Malta, followed by an itinerary for a Perfect Day exploring the island. The What to Do chapter is a snapshot of things to do on Malta, including shopping, entertainment, sports, tours and activities for children. The book provides all the essential background on Malta's culture, including a brief history of the island and an Eating Out chapter covering Maltese cuisine. There are carefully chosen listings of the best hotels and restaurants and an A-Z of all the practical information you'll need.

Valais East Cicerone Press Limited

Tenerife can easily be described as the most versatile hiking paradise of the Canary Islands. The "Island of Bliss" not only offers the highest peak of the Canary archipelago and the whole of Spain - the Pico de Teide measuring 3718m – it also unites countless, completely different types of landscape: the extremely bare, almost desert-like south, holiday destination of sun aficionados, is in strict contrast to the picture landscape of the fertile north with its sumptuous nature. The mountain regions are covered in evergreen laurel and heathered forests as well as extensive woods of pine tree. A scenic highlight is bound to be the moon landscape of the Cañadas del Teide National Park. As a

result, Tenerife is not only a refuge for central Europeans who shy away from winter, but mainly an ideal island for hiking. With the wide ocean at all times in sight, the range of the 85 hiking tours presented in this guide includes easy paths over rough cliffs and picturesque trips to heights as well as ascents to peaks that offer a fabulous view – hiking paths through fairytale-like nebulous primeval forests are also included, such as the partially paved Caminos, which in the early days were the main connecting routes between villages. Many tour suggestions in this hiking guide are suitable for less experienced hikers. Skilled mountaineers who do not fear “tours of the drastic kind” and who are in for a touch of adventure and a bit of a kick will also find a rich offering: daring cliff tours, spectacular ravine excursions and extensive mountain trips whose highlight must be the parade summit of the National Park. Atmospheric pictures and excellent hiking maps at an ideal scale of 1:50,000/1:75,000 and informative height profiles round off the picture and ignite curiosity for ever new tours into this bizarre and charming world of mountains. An overall successful guide brought up to date, which leaves nothing to desire!

Walking on Madeira Bergverlag Rother GmbH

Everyone has heard about the Azores high – here is its home. A 3½ hour flight from London, the nine islands of the Azores – Santa Maria, São Miguel, Pico, Faial, São Jorge, Terceira, Graciosa, Flores and Corvo – are situated in the middle of the Atlantic. Still free from mass tourism, the archipelago, belonging to Portugal, is a Mecca for nature-lovers and individualists. The Azorean landscape is the very picture of extremity. Enchanting forests fuse with heavenly rolling hills and deep-blue crater lakes. Extinct volcanoes tower to the heavens and countless cleft valleys have been deeply cut through the volcanic stratum. The areas lying directly on the coast, often difficult to reach, are exceptionally fertile and under intense cultivation. From a multitude of scenic viewpoints, one can gather breath-taking views of volcanic craters, lakes, hilly countryside or the bizarre coastline. Additional attractions are fumaroles and hot springs as well as thermal bathing pools. Because of these things, the spectrum of possible walks range from pleasant strolls through meadows and forests or along the coast all the way to challenging mountain hikes on Pico, Portugal's highest peak. In years gone by, author Roman Martin has toured the Azores time and again. In this Rother Walking

Guide, he offers a choice of 86 routes making up a comprehensive cross-section for the walks available on each of the individual islands. Every route is provided with comprehensive GPS data, ready for download. Listing the most important features and providing detailed route descriptions, excerpts of maps with the routes marked in, height profiles as well as many tips, the guide provides all of the information necessary for a successful walking holiday on the Azores.

Guidebook to the Camino del Norte (Northern Caminos) pilgrim

route through northern Spain to the sacred city of Santiago de Compostela. Includes stage-by-stage descriptions to the Camino del Norte (800km), Camino Primitivo, Camino Ingles (116km route) and the Camino de Finisterre, and provides advice, information on pilgrim hostels and more.

Azores Bergverlag Rother GmbH

"Vulcani, siti preistorici, pinete rigogliose, paesaggi lunari, baie sabbiose e chilometri di dune. Oltre le località balneari delle Canarie, c'è un mondo da scoprire." Le Isole Canarie godono di una temperatura quasi perfetta tutto l'anno, e ciò significa che offrono, d'estate come d'inverno, panorami vari e affascinanti, che di solito si vedono soltanto recandosi in un altro continente. La varietà del paesaggio, insieme al bel tempo, favorisce ovviamente le attività all'aperto: passeggiate lungo i sentieri segnalati che attraversano le isole in tutti i sensi, salendo sulle montagne, incantatevi davanti alla vegetazione subtropicale del parco nazionale de La Gomera, alle vette ammantate di Gran

Canaria o alle impetuose cascate di La Palma. Confronterete poi questa abbondanza di verde con i bassopiani spogli intorno a El Teide di Tenerife, il gioco di colori delle distese di lava di Lanzarote e le pianure infinite di Fuerteventura, punteggiate di cactus, arbusti e capre. All'interno della guida: Attività all'aperto Flora, fauna e vulcani Arte e cultura Itinerari sulle isole Contiene: Gran Canaria, Fuerteventura, Lanzarote, Tenerife, La Gomera, La Palma, El Hierro

Isole Canarie CreateSpace
