Russian billionaire ex-crime boss Dmitry Medlov is finally happy with his life. His legacy has been passed on to his son, but everything is shattered when his little girl, Anya, is abducted. The only way for Dmitry to find Anya is to come out of retirement and begin a reign of terror that could destroy everything and everyone around him.

Sons of Anarchy - Bratva Butterworth-Heinemann

Manipulation is the name of the game. Captain Jamie Callahan is running out of time in his efforts to outsmart an enemy metahuman. His father's presidential campaign is ramping up, and Jamie's top secret identity as a metahuman himself is at risk of being revealed by the enemy, to say nothing of his secret relationship with Staff Sergeant Kyle Brannigan. As Alpha Team's long-running mission gets derailed in the worst way possible, Staff Sergeant Alexei Dvorkin discovers the enemy is playing for keeps, and neither he nor Agent Sean Delaney are in any position to escape what's in store for them. But the other side has made one mistake that Jamie, Alexei, and Alpha Team are more than willing to exploit—you don't mess with family unless you want to get hurt. In the Blood is the fourth book in an M/M military science fiction fantasy series full of found family themes, a fake relationship, and a forbidden spicy romance for fans of *Vicious* by VE Schwab and Marvel's X-Men and Avengers. The series should be read in order.

Representing a unique reference tool for readers interested in history, criminology, or terrorism, this book provides the most complete and up-to-date coverage of assassinations of key figures throughout history and around the world. Effecting the death of a political figure, a leader of a nation, or a public figure usually captures people's attention. But how often is assassination effective to achieve the larger objective beyond the death of the targeted individual? *Famous Assassinations in World History: An Encyclopedia* offers more than 200 entries on assassinations of all kinds that will allow readers to grasp the often-complex motivating factors behind each event and better understand historical and contemporary

social unrest. Each entry identifies the assassination target and summarizes that person's significance; discusses the person's assassination, including the factors that led up to it and its political and cultural contexts; and explains the powerful effects of the assassination in world history. The encyclopedia also includes various sidebars that spotlight relevant individuals, groups, and movements and present intriguing factoids such as the final disposition of notorious assassins' weapons and various films and novels that were inspired by famous assassinations. In addition, 23 primary source documents provide accounts of assassinations throughout world history.

The sensational second installment of the SCARRED SOULS series #Raze #RazeHell #ScarredSouls Raised as a prototype for the Georgian bratva's obedience drug, 221 fails to think, act or live for himself; he is his master's perfectly crafted killing puppet. Standing at 6'6, weighing two-hundred and fifty pounds, and unrivalled in to-the-death combat, 221 successfully secures business for the Georgian Mafiya Boss of NYC, in the dark world of the criminal underground. Until his enemies capture him. Talia Tolstaia dreams to break from the heavy clutches of bratva life. She dreams of another life - away from the stifling leash of her Russian bratva boss father and from the brutality of her work at The Dungeon - her criminal family's underground death match enterprise. But when she stumbles upon her family's captive who is more monster than man, she starts to see the man underneath. A powerful, beautiful, damaged man whose heart calls to hers. But sacrifices must be made: blood for blood . . . life

for life . . . Souls for scarred souls . . .

Brutal Promise A Dark Mafia Romance Penguin

Never trust the spy who loves you. Staff Sergeant Alexei Dvorkin has a history with spies that typically ends with most of them dead. But Agent Sean Delaney is proving to be the frustrating exception to every one of Alexei's rules of engagement. As part of Alpha Team's long-running mission to stop an enemy metahuman, the two are constantly forced to work together, resulting in a simmering attraction neither can ignore. When the MDF tasks them with finding evidence of criminal wrongdoing against the owner of a private military company, Sean knows exactly how to play the game to win. But it's one thing to con the enemy, quite another to con his own heart. When the mission goes sideways, Sean must put his life in Alexei's dangerously capable hands and hope their burgeoning relationship doesn't go up in flames. In the Shadows is the third book in an M/M military science fiction fantasy series full of found family themes, enemies to lovers, forced proximity, and spicy romance for fans of Vicious by VE Schwab and Marvel's X-Men and Avengers. The series should be read in order.

Bratva, the Russian mob operating out of Brighton Beach, NY, seeks revenge for the loss of their chieftain, anonymously slain by a sniper's single shot to the head. His son, the young Belov, is the newly installed Bratva Chieftain, and seeks to kill the person, who he believes, orchestrated his dad's execution: retired Secret Service Director Larry Cassell. Cassell, and his family, are in clear and present danger, but don't know it. Belov orders his operatives to kidnap Cassell's daughter from a university sponsored archeological "dig" in Guatemala; and his son, from the United States Naval Academy. He intends to use them to draw Director Cassell into a death trap. Thrust back into the mix are Coast Guard Intelligence Captain Will Strain and his wife, Carly, the newly installed Agent-in-Charge of the Secret Service's Miami Office. Both survived Bratva's previous operation to leverage an international hostage exchange to gain the release the mob's global super-hacker, Max,

from federal custody. The Strains, threatened by the Bratva, are now to be collateral damage; part of Bratva's plan to kill Director Cassell. This does not go well. Revenge is sweet, but for whom?

Entering the shady world of what he calls "violent entrepreneurship," Vadim Volkov explores the economic uses of violence and coercion in Russia in the 1990s. Violence has played, he shows, a crucial role in creating the institutions of a new market economy. The core of his work is competition among so-called violence-managing agencies—criminal groups, private security services, private protection companies, and informal protective agencies associated with the state—which multiplied with the liberal reforms of the early 1990s. This competition provides an unusual window on the dynamics of state formation. *Violent Entrepreneurs* is remarkable for its research. Volkov conducted numerous interviews with members of criminal groups, heads of protection companies, law enforcement employees, and businesspeople. He bases his findings on journalistic and anecdotal evidence as well as on his own personal observation. Volkov investigates the making of violence-prone groups in sports clubs (particularly martial arts clubs), associations for veterans of the Soviet–Afghan war, ethnic gangs, and regionally based social groups, and he traces the changes in their activities across the decade. Some groups wore state uniforms and others did not, but all of their members spoke and acted essentially the same and were engaged in the same activities: intimidation, protection, information gathering, dispute management, contract enforcement, and taxation. Each group controlled the same resource—organized

violence.

House of Trump, House of Putin Hailey Turner

THE NEW YORK TIMES BESTSELLER "The story Unger weaves with those earlier accounts and his original reporting is fresh, illuminating and more alarming than the intelligence channel described in the Steele dossier."—The Washington Post

House of Trump, House of Putin offers the first comprehensive investigation into the decades-long relationship among Donald Trump, Vladimir Putin, and the Russian Mafia that ultimately helped win Trump the White House. It is a chilling story that begins in the 1970s, when Trump made his first splash in the booming, money-drenched world of New York real estate, and ends with Trump's inauguration as president of the United States. That moment was the culmination of Vladimir Putin's long mission to undermine Western democracy, a mission that he and his hand-selected group of oligarchs and Mafia kingpins had ensnared Trump in, starting more than twenty years ago with the massive bailout of a string of sensational Trump hotel and casino failures in Atlantic City. This book confirms the most incredible American paranoias about Russian malevolence. To most, it will be a hair-raising revelation that the Cold War did not end in 1991—that it merely evolved, with Trump's apartments offering the perfect vehicle for billions of dollars to leave the collapsing Soviet Union. In *House of Trump, House of Putin*, Craig Unger methodically traces the deep-rooted alliance between the highest echelons of American political operatives and the biggest players in the frightening underworld of the Russian Mafia. He traces Donald Trump's sordid ascent from foundering real estate tycoon to

leader of the free world. He traces Russia's phoenix like rise from the ashes of the post-Cold War Soviet Union as well as its ceaseless covert efforts to retaliate against the West and reclaim its status as a global superpower. Without Trump, Russia would have lacked a key component in its attempts to return to imperial greatness. Without Russia, Trump would not be president. This essential book is crucial to understanding the real powers at play in the shadows of today's world. The appearance of key figures in this book—Paul Manafort, Michael Cohen, and Felix Sater to name a few—ring with haunting significance in the wake of Robert Mueller's report and as others continue to close in on the truth.

It's time for a savory soirée—but something sinister is stewing—in Raquel V. Reyes's second delightful Caribbean Kitchen mystery, perfectly delicious for fans of Mia P. Manansala. Fall festivities are underway in Coral Shores, Miami. Cuban-American cooking show star Miriam Quiñones-Smith wakes up to find a corpse in her front yard. The body by the fake tombstone is the woman that was kicked out of the school's Fall Festival the day before. Miriam's luck does not improve. Her passive-aggressive mother-in-law puts her in charge of the Women's Club annual gala. But this year, it's not canapes and waltzes. Miriam and her girlfriends-squad opt for fun and flavor. They want to spice it up with Caribbean food trucks and a calypso band. While making plans at the country club, they hear a volatile argument between the new head chef and the club's manager. Not long after, the chef swan dives to his death at the bottom of the grand staircase. Was it an accident? Or was it Beverly, the sous chef, who is furious after being passed over for the job? Or maybe it was his ex-girlfriend, Anastasia? Add two possible poisonings to the mix and Miriam is

worried the food truck fun is going to be a major crash. As the clock ticks down and the body count goes up, Miriam's life is put in jeopardy. Will she connect the dots or die in the deep freeze? Foodies and mystery lovers alike will savor the denouement as the truth is laid bare in this simmering stew of rage, retribution, and murder.
